## Second Floor Expose Of Backstage Politic

**British Library of Political and  
Economic Science**

## **Second Floor Expose Of Backstage Politic:**

Ibss: Political Science: 1991 British Library of Political and Economic Science, 1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

**Kim Il Sung in the Khrushchev Era** Balázs Szalontai, 2005 Concentrating on the years 1953-64 this history describes how North Korea became more despotic even as other Communist countries underwent de Stalinization The author's principal new source is the Hungarian diplomatic archives which contain extensive reporting on Kim Il Sung and North Korea thoroughly informed by research on the period in the Soviet and Eastern European archives and by recently published scholarship Much of the story surrounds Kim Il Sung his Korean nationalism and eagerness for Korean autarky his efforts to balance the need for foreign aid and his hope for an independent foreign policy and what seems to be his good sense of timing in doing in internal rivals without attracting Soviet retaliation Through a series of comparisons not only with the USSR but also with Albania Romania Yugoslavia China and Vietnam the author highlights unique features of North Korean communism during the period Szalontai covers ongoing effects of Japanese colonization the experiences of diverse Korean factions during World War II and the weakness of the Communist Party in South Korea

**Negotiating Diplomacy in the New Europe** Stefanos Katsikas, 2011-10-30 Bulgaria has faced previously unimaginable pressures over the last two decades as it struggles to adapt to a post Communist landscape and to reform both state and society in the wake of the fall of the Soviet Union while facing the challenge of increased efforts by NATO and the EU to expand into this region In Negotiating Diplomacy in the New Europe Stefanos Katsikas sheds new light on the mechanisms and factors which have influenced the making and shaping of Bulgarian foreign policy examining the extent to which both domestic factors and the international environment have affected its trajectory Following the promulgation of Gorbachev's now famous policies of glasnost and perestroika and the fall from power of the Bulgarian Communist Party led at the time by Todor Zhivkov many have directly attributed Bulgaria's changes in foreign policy to the processes of democratization witnessed throughout Eastern Europe However although this was to some extent the case the commonalities shared with the country's foreign policy during the Cold War era leave in question the extent to which the effects of democratization alone suffice to explain Sofia's post communist diplomatic and strategic policies By analysing the influencing factors of Bulgaria's foreign policy since 1989 Katsikas considers factors such as domestic policies as well as the effects of EU and NATO efforts to expand their influence and membership Rich in primary sources including personal interviews with key protagonists who have dominated foreign policy making in both communist and post communist Bulgaria Negotiating Diplomacy in the New Europe examines the shift of foreign relations not only within the context of post Cold War democratization but also the country's integration into wider Euro Atlantic frameworks It thus holds invaluable analysis for researchers of Europe's post communist international relations as well as those interested in the processes of

democratization and those of foreign policy formation

**Ingredients of Change** Mary C. Neuburger, 2022-04-15

*Ingredients of Change* explores modern Bulgaria's foodways from the Ottoman era to the present outlining how Bulgarians domesticated and adapted diverse local regional and global foods and techniques and how the nation's culinary topography has been continually reshaped by the imperial legacies of the Ottomans Habsburgs Russians and Soviets as well as by the ingenuity of its own people Changes in Bulgarian cooking and cuisine Mary C Neuburger shows were driven less by nationalism than by the circulation of powerful food narratives scientific religious and ethical along with people's goods technologies and politics *Ingredients of Change* tells this complex story through thematic chapters focused on bread meat milk and yogurt wine and the foundational vegetables of Bulgarian cuisine tomatoes and peppers Neuburger traces the ways in which these ingredients were introduced and transformed in the Bulgarian diet over time often in the context of Bulgaria's tumultuous political history She shows how the country's modern dietary and culinary transformations accelerated under a communist dictatorship that had the resources and will to fundamentally reshape what and how people ate and drank

*Cabinets in Eastern Europe* J. Blondel, F. Müller-Rommel, 2016-01-03 *Cabinets in Eastern Europe* is a comprehensive study which enables the reader to compare the origins structure composition and activities of these cabinets and to draw lessons from this comparison Each chapter begins with a survey of the evolution of cabinets since the fall of communism at the beginning of the 1990s The emphasis is then laid on the place of the cabinet in the constitution and on the role of presidents and prime ministers in the formation of the life of each cabinet At a time when most Eastern European countries are candidates for membership in the European Union this volume provides a unique comparative presentation of the way in which cabinets have been evolving in Eastern Europe since the end of communism

*Historical Dictionary of Bulgaria* Raymond Detrez, 2014-12-18 Bulgaria is a country of extraordinary beauty with high wild mountains and gentle valleys and with picturesque cities and idyllic villages It's bordered by Romania Serbia Macedonia Greece Turkey and the Black Sea After many years of communist rule Bulgaria adopted a democratic constitution and began the process of moving toward political democracy and a market economy while combating inflation unemployment corruption and crime The country joined NATO in 2004 and the EU in 2007 This third edition of *Historical Dictionary of Bulgaria* covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Bulgaria

*A Theory of Complex Democracy* Daniel Innerarity, 2024-12-26 Do our political systems and democracies really reflect the complex reality of the 21st century Or does politics seem to be legislating about yesterday's world In his latest book Daniel Innerarity warns of the gap between the political concepts that serve as our guide and our overly complex reality that has long ceased to respond to them Arguing that this theoretical deficit leads to a political practice that simplifies and impoverishes our democracies nourishing the

demagogues and sustaining reassuring old narratives Innerarity proposes a modern update of key political concepts from power and sovereignty to territory and representation The theory of democracy originates from a time of relative social and political simplicity There was less pluralism less interdependence political entities were autarkic and the technological tools they had to handle had nothing to do with the sophistication of our artificial intelligence our financial system or the technological advances in medicine And yet Innerarity argues there is no need to despair If democracy has made the transition from the polis to the nation state from direct democracy to representative democracy there is no reason to suppose that it cannot face new challenges as long as it is provided with an adequate political architecture Drawing on a broad range of sources including classical and contemporary theorists A Theory of Complex Democracy presents a new theory of democracy and government for the 21st century a theory that starts from the premise that the most promising rejuvenation of our democracies is to make them more complex

**Halduskultuur 8: Aesthetics of Government** Eugenie Samier, *Études balkaniques*, 2010      **The Second Floor** Kostadin Tchakarov, 1991      **Bibliographie Internationale de Science Politique**, 1991      *The to Z of Bulgaria* Raymond Detrez, 2010-05-10 Few states have fought as hard or as long to be established as that of the Republic of Bulgaria The Bulgarians have over the centuries created their own principalities kingdoms and republics only to have them crushed by stronger entities including the Byzantine and Ottoman Empires While recently the communist regime was largely dominated by and overly submissive to the Soviet Union Fortunately about 15 years ago a new republic arose which began revamping the economy reviving the political life and forging a new place in Europe The A to Z of Bulgaria contains more than 600 cross referenced entries on Bulgarian historical periods places terms organizations events and personalities The number of entries dealing with historical figures and events has been considerably enlarged and all of the entries of the first edition that have remained were carefully updated The newest insights of Bulgarian historiography as practiced in Bulgaria and abroad are also reflected In addition the book includes a brief introduction into Bulgarian history from the earliest times until mid 2005 including the formation of the current cabinet an easy reference chronology of Bulgarian history several maps and lists of Bulgarian political parties administrations and leaders A comprehensive bibliography is included to facilitate further reading on Bulgaria and Bulgarian history

**The Politics and Governance of Blame** Matthew Flinders, Gergana Dimova, Markus Hinterleitner, R. A. W. Rhodes, R. Kent Weaver, 2024-06-24 From coping with Covid 19 through to manging climate change from Brexit through to the barricading of Congress from democratic disaffection to populist pressures from historical injustices to contemporary social inequalities and from scapegoating through to sacrificial lambs the common thread linking each of these themes and many more is an emphasis on blame But how do we know who or what is to blame How do politicians engage in blame avoidance strategies How can blaming backfire or boomerang Are there situations in which politicians might want to be blamed What is the relationship between avoiding blame and claiming credit How do developments in relation to machine learning and

algorithmic governance affect blame based assumptions By focusing on the politics and governance of blame from a range of disciplines perspectives and standpoints this volume engages with all these questions and many more Distinctive contributions include an emphasis on peacekeeping and public diplomacy on source credibility and anthropological explanations on cultural bias and on expert opinions on polarisation and de politicisation and on trust and post truth politics With contributions from the world s leading scholars and emerging research leaders this volume not only develops the theoretical disciplinary empirical and normative boundaries of blame based analyses but it also identifies new research agendas and asks distinctive and original questions about the politics and governance of blame

**News Parody and Political Satire Across the Globe** Geoffrey Baym,Jeffrey Jones,2013-09-13 In recent years the US fake news program The Daily Show with Jon Stewart has become a surprisingly important source of information conversation and commentary about public affairs Perhaps more surprisingly so called fake news is now a truly global phenomenon with various forms of news parody and political satire programming appearing throughout the world This collection of innovative chapters takes a close and critical look at global news parody from a wide range of countries including the USA and the UK Italy and France Hungary and Romania Israel and Palestine Iran and India Australia Germany and Denmark Traversing a range of national cultures political systems and programming forms News Parody and Political Satire Across the Globe offers insight into the central and perhaps controversial role that news parody has come to play in the world and explores the multiple forces that enable and constrain its performance It will help readers to better understand the intersections of journalism politics and comedy as they take shape across the globe in a variety of political and media systems This book was originally published as a special issue of the journal Popular Communication
