## **Second Greatest Disappointment Honeymooners Heterosexuality And The Tourist Industry At Niagara Falls:**

**The Second Greatest Disappointment** Karen Dubinsky,1999      **The Second Greatest Disappointment** Karen Dubinsky,1999 A lively and wide ranging work on the history of the North American honeymoon and of necessity the tourist industry at Niagara Falls Dubinsky charts the growth of Niagara Falls as a tourist destination from the 1850s to the 1960s and explains how it acquired its reputation as the Honeymoon Capital of the World Ultimately the author asks Of all the ways to promote a waterfall why honeymoons Winner of the 2000 Albert B Corey prize from the Canadian Historical Association and the American Historical Association for the best book in Canadian American history      *The Mighty Niagara* John N. Jackson,2003-03 makes some notable contributions to the popular and scholarly literature about the Niagara region a welcome addition to the literature of US Canada cross border studies The Canadian Historical Review provides a most engaging and eloquently written story a learned tale of the Niagara region s associated historical triumphs and abiding challenges The book s geographical and social histories will be of interest not only to residents of the Niagara Frontier but to anyone who has ever been fascinated by the complexly related natural and technological wonders that have helped to make Niagara one of the world s most famous and enduring icons ISLEThis in depth regional study of the Niagara Frontier traces the evolution of landscape and patterns of settlement on both sides of the Niagara River extending from St Catharines Ontario to Lockport New York This significant region astride an international frontier both connects and separates unites and divides Canadian and American territories bordering the Niagara River Like map overlays that build on an underlying base geography Professor Jackson s chronological approach begins with the qualities of the physical background and their ongoing ramifications up to the present for the use and development of land He then adds the Native settlements showing their trails and economic activities while highlighting the amazing fact that certain Native features remain an intrinsic part of the modern landscape The next time period reveals that the previous human landscapes once continuous across the Niagara River became acutely discontinuous with the creation in 1783 of an unseen but divisive international boundary Subsequent chapters follow the changes over the course of time as canals railways hydroelectric power and the dominance of the automobile in the present era all transform the environment Jackson also discusses Niagara Falls as the fulcrum around which the Niagara Frontier has developed and the impact of the tourist industry on the region This thorough analysis of an important international region will be of great use to students of regional urban and historical geography as well as to anyone involved in cross boundary trade education or tourism John N Jackson St Catharines Ontario is professor emeritus of applied geography at Brock University and the author of fourteen previous books on regional geography and history John Burtiniak St Catharines now retired was the special collections librarian and university archivist at Brock University Gregory P Stein Buffalo NY is associate professor of geography and planning at SUNY College at Buffalo      *Alexis in America* Lee A. Farrow,2014-12-15 In the autumn of 1871 Alexis Romanov

the fourth son of Tsar Alexander II of Russia set sail from his homeland for an extended journey through the United States and Canada A major milestone in U S Russia relations the tour also served Duke Alexis s family by helping to extricate him from an unsuitable romantic entanglement with the daughter of a poet Alexis in America recounts the duke s progress through the major American cities detailing his meetings with celebrated figures such as Samuel Morse and Henry Wadsworth Longfellow and describing the national self reflection that his presence spurred in the American people The first Russian royal ever to visit the United States Alexis received a tour through post Civil War America that emphasized the nation s cultural unity While the enthusiastic American media breathlessly reported every detail of his itinerary and entourage Alexis visited Niagara Falls participated in a bison hunt with Buffalo Bill Cody and attended the Krewe of Rex s first Mardi Gras parade in New Orleans As word of the royal visitor spread the public flocked to train depots and events across the nation to catch a glimpse of the grand duke Some speculated that Russia and America were considering a formal alliance while others surmised that he had come to the United States to find a bride The tour was not without incident many city officials balked at spending public funds on Alexis s reception and there were rumors of an assassination plot by Polish nationals in New York City More broadly the visit highlighted problems on the national level such as political corruption and persistent racism as well as the emerging cultural and political power of ethnic minorities and the continuing sectionalism between the North and the South Lee Farrow joins her examination of these cultural underpinnings to a lively narrative of the grand duke s tour creating an engaging record of a unique moment in international relations

**Classic Reviews in Tourism** Christopher P. Cooper,2003 Drawing together some of the leading authors in tourism this text provides state of the art reviews of research in fields of tourism The text also revisits classic reviews which first appeared in Progress in Tourism Recreation and Hospitality Management series over a decade before the publication of this title Topics covered include gender alternative tourism urban tourism heritage tourism and environmental auditing

**Making the Scene** Stuart Henderson,2011-04-30 Making the Scene is a history of 1960s Yorkville Toronto s countercultural mecca It narrates the hip Village s development from its early coffee house days when folksingers such as Neil Young and Joni Mitchell flocked to the scene to its tumultuous drug fuelled final months A flashpoint for hip youth politicians parents and journalists alike Yorkville was also a battleground over identity territory and power Stuart Henderson explores how this neighbourhood came to be regarded as an alternative space both as a geographic area and as a symbol of hip Toronto in the cultural imagination Through recently unearthed documents and underground press coverage Henderson pays special attention to voices that typically aren t heard in the story of Yorkville including those of women working class youth business owners and municipal authorities Through a local history Making the Scene offers new exciting ways to think about the phenomenon of counterculture and urban manifestations of a hip identity as they have emerged in cities across North America and beyond

**The Frontier of Leisure** Lawrence Culver,2012-06-07 Tracing the history of Southern California from the late 19th

century through the late 20th century this book reveals how this region did much more than just create lavish resorts like Santa Catalina Island and Palm Springs it literally remade American attitudes towards leisure **Sin City North** Holly M. Karibo, 2015-08-31 The early decades of the twentieth century sparked the Detroit Windsor region's ascendancy as the busiest crossing point between Canada and the United States setting the stage for socioeconomic developments that would link the border cities for years to come As Holly M Karibo shows this border fostered the emergence of illegal industries alongside legal trade rapid industrial development and tourism Tracing the growth of the two cities cross border prostitution and heroin markets in the late 1940s and the 1950s Sin City North explores the social legal and national boundaries that emerged there and their ramifications In bars brothels and dance halls Canadians and Americans were united in their desire to cross racial sexual and legal lines in the border cities Yet the increasing visibility of illicit economies on city streets and the growing number of African American and French Canadian women working in illegal trades provoked the ire of moral reformers who mobilized to eliminate them from their communities This valuable study demonstrates that struggles over the meaning of vice evolved beyond definitions of legality they were also crucial avenues for residents attempting to define productive citizenship and community in this postwar urban borderland **Museums and the Past** Viviane Gosselin, Phaedra Livingstone, 2016-03-07 This vibrant new collection edited by Viviane Gosselin and Phaedra Livingstone explores the central role of museums as memory keepers and makers The idea of historical consciousness how our conception of the past informs our sense of the present and of the future is of growing importance for cultural institutions in North America Using case studies and observations that emerge from a Canadian context Museums and the Past considers how the modern museum fosters public perceptions of history Contributors focus on the relationship between historical consciousness and museum practice and reflect on the challenges of transforming museums into dynamic civic labs and meaningful places of memory and learning The result is an engaging range of perspectives on the contemporary museum's pedagogical and ethical responsibilities *Canoe and Canvas* Jessica Dunkin, 2019-08-22 Canoe and Canvas offers a detailed portrait of the summer encampments of the American Canoe Association between 1880 and 1910 The encampments were annual events that attracted canoeing enthusiasts from both sides of the Canada US border to socialize race canoes and sleep under canvas While the encampments were located away from cities they were still subjected to urban logic and ways of living The encampments thus offer a unique site for exploring cultures of sport and leisure in late Victorian society but also for considering the intersections between recreation and the politics of everyday life A social history of sport Canoe and Canvas is particularly concerned with how gender class and race shaped the social cultural and physical landscapes of the ACA encampments Although there was an ever expanding arena of opportunity for leisure and sport in the late nineteenth century as the example of the ACA makes clear not all were granted equal access Most of the members of the American Canoe Association and the majority of the campers at the annual encampments were white middle class men though white

women were extended partial membership in 1882 and in 1883 they were permitted to camp on site Canoe and Canvas also reveals how Black Indigenous and working class people while obscured in the historical record were indispensable to the smooth functioning of these events through their labour The Oxford Handbook of Environmental History Andrew C. Isenberg, 2017 The Oxford Handbook of Environmental History draws on a wealth of new scholarship to offer diverse perspectives on the state of the field **The Niagara Companion** Linda L. Revie, 2010-11-22 What is it about Niagara Falls that fascinates people What draws them to it Is it love obsession or fear In The Niagara Companion Linda Revie searches for an answer to these questions by examining the paintings and writings about the Falls from the late seventeenth century when the first Europeans discovered Niagara to the early twentieth century Linda Revie's study considers how three centuries of representations are shaped by the earliest encounters with the waterfall and notes shifts in the construction of landscape features and in human figures both Native and European in the long history of fine art depictions Travel narratives both literary and scientific also come under her scrutiny and reveal how these chronicles were influenced by previous pictures coming out of Niagara particularly some of the first from the seventeenth century In all of these portraits and texts she notes a common pattern of response from the observers moving from anticipation to disappointment to a kind of recovery But in the end there is fear Even long after Niagara had become a tourist mecca it was often drawn as a primordial wilderness a place where civilization vies with wildness artifice with nature fear with control the natural with the mastered Throughout this history of images and narratives as humans struggle to control nature the notion of wildness prevails Those who want a deeper understanding of why Niagara Falls continues to fascinate us even today will find Linda Revie's book an excellent companion **The Summer Trade** Alan MacEachern, Edward MacDonald, 2022-04-15 Tourism has been a central part of Prince Edward Island's identity for more than a century What began as a seasonal sideline in the nineteenth century evolved into an economic powerhouse that now attracts over 1.5 million visitors each year employs one in ten Islanders and is the province's second leading industry Spanning from the Victorian era to the COVID 19 pandemic The Summer Trade presents the first comprehensive history of tourism in any Canadian province Over time the Island has marketed a remarkably durable set of tourism tropes seaside refuge from urban industrial angst return to innocence literary shrine to L M Montgomery cradle of Confederation garden of the Gulf As private enterprise and the state sought to manage the industry the Island's own identity became caught up in the wish fulfillment of its summer visitors The result has been a complicated sometimes conflicted relationship between Islanders and tourism between a warm welcome to visitors and resistance to the industry's adverse effects on local culture Lavishly illustrated with postcards tourist guides and memorabilia The Summer Trade also presents a history of Prince Edward Island in cameo that tracks cultural economic political and environmental developments and tensions Across the strait the Island beckons **Forthcoming Books** Rose Arny, 1999-04 **Feminist Bookstore News**, 1999 Annual Report of the American Historical Association American Historical Association, 2000

**New Books on Women and Feminism** ,2000      *Program of the Annual Meeting - American Historical Association*
