Second Language Learning and Language Teaching Vivian Cook, 2016-05-05 Second Language Learning and Language Teaching provides an introduction to the application of second language acquisition research to language teaching Assuming no previous background in second language acquisition or language teaching methods this text starts by introducing readers to the basic issues of second language acquisition research It then examines how people learn particular aspects of the second language such as grammar vocabulary pronunciation and the writing system and at the strategies they adopt in their learning and the differences between individuals Final chapters look at second language learning in a broader context the goals of language teaching and how teaching methods relate to SLA research This newly updated fifth edition builds on the comprehensive scope of earlier editions while also addressing more recent developments in the field particularly multilingual approaches to language teaching

Classroom Second Language Development Rod Ellis, 1984 *Second Language Acquisition Myths* Steven Brown, Jenifer Larson-Hall, 2012-03-15 This volume was conceived as a first book in SLA for advanced undergraduate or introductory master s courses that include education majors foreign language education majors and English majors It s also an excellent resource for practicing teachers Both the research and pedagogy in this book are based on the newest research in the field of second language acquisition It is not the goal of this book to address every SLA theory or teach research methodology It does however address the myths and questions that non specialist teacher candidates have about language learning Steven Brown is the co author of the introductory applied linguistics textbook *Understanding Language Structure Interaction and Variation* textbook and workbook The myths challenged in this book are Children learn languages quickly and easily while adults are ineffective in comparison A true bilingual is someone who speaks two languages perfectly You can acquire a language simply through listening or reading Practice makes perfect Language students learn and retain what they are taught Language learners always benefit from correction Individual differences are a major perhaps the major factor in SLA Language acquisition is the individual acquisition of grammar

First Language Use in Second and Foreign Language Learning Miles Turnbull, Jennifer Dailey-O'Cain, 2009 This book focuses on the use of the first language in communicative or immersion type classrooms Through the intersection of theory practice curriculum and policy the volume calls for a reconceptualization of code switching as something that both proficient and aspiring bilinguals do naturally and as a practice that is inherently

linked with bilingual code switching

Becoming a Language Teacher Elaine Kolker Horwitz, 2013 *Becoming a Language Teacher* by respected author and experienced language teacher Elaine K Horwitz gives pre and in service teachers the skills they need to meet the needs of all language learners in today's diverse classrooms while encouraging them to develop a personal approach to language teaching. Using a warm supportive tone the author clearly explains the fundamental concepts of second language acquisition and language teaching. A much needed resource at a time when it is critical for all mainstream teachers to focus on language this guide describes how to develop language for academic needs as well as for communication purpose and addresses the latest trends in language teaching.

Principles and Practice in Second Language Acquisition Stephen D. Krashen, 1982 The present volume examines the relationship between second language practice and what is known about the process of second language acquisition summarising the current state of second language acquisition theory drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment exotic new methods or sophisticated language analysis but rather in the full utilisation of the most important resources native speakers of the language in real communication.

Debates in Second Language Education, 2021-11 *Debates in Second Language Education* provides an up to date account of the key debates and areas of controversy in the field of second language learning and teaching. Adopting a broad and comparative perspective and emphasising the importance of considering a variety of learning contexts it encourages student and practising teachers to engage with contemporary issues and developments in learning and teaching. Chapters are designed to stimulate thinking and understanding in relation to theory and practice and help language educators to make informed judgements by arguing from a position based on theoretical knowledge and understanding. Bringing together leading contributors in the field the book discusses a wide range of issues relating to second language learning and teaching including the relationship between age and success in language learning aptitude versus motivation as predictors of successful language learning linguistic diversity and plurilingualism the teaching of grammar and vocabulary the value of phonics learning pronunciation the second language only versus the multilingual debate. With reflective points in every chapter *Debates in Second Language Education* will be a valuable resource for any student or practising teacher and those engaged in initial teacher education continuing professional development or Master's level study. It will also be of interest to second language acquisition researchers and those studying applied linguistics.
