**The Second Manassas Campaign** Caroline E. Janney, Kathryn J. Shively, 2025-04-01 Waged from June 26 to September 1 1862 the Second Manassas campaign pitted the US Armies of Virginia and the Potomac against the Confederate Army of Northern Virginia and its new commander Robert E Lee The campaign unfolded against a backdrop of momentous US political decisions regarding confiscation emancipation and Confederate civilians These decisions dismayed and energized

Confederates sparking the debut of Lee's offensive strategy. Weeks of strategic movements were punctuated by savage fighting that culminated in a climactic battle on August 28-30. Second Manassas destroyed the careers of US army commander John Pope and corps commander Fitz John Porter. Despite the dramatic impact of the campaign, it is often forgotten in the larger history of the Civil War and sorely understudied. The essays in this volume provide valuable attention to strategy, tactics, and logistics; the performances of key commanders on each side; the campaign's political dimensions; the connections between home front and battlefield; and the memory of the campaign's aftermath. Contributors include Keith S. Bohannon, Gary W. Gallagher, John J. Hennessy, Peter C. Luebke, James Marten, William Marvel, and Cecily Zander.

**Self-Guided Tour** Joseph W. A. Whitehorne, 2011-09-28. The U.S. Army has long used the staff ride as a tool for professional development, conveying the lessons of the past to contemporary soldiers. A Second Manassas staff ride can offer significant military lessons in command and control, communications, intelligence, logistics, and decisionmaking. This self-guided tour is also useful for the battlefield park visitor and contains 12 stops with driving directions given to the tenth of a mile. Joseph W. A. Whitehorne is the author of numerous military history articles; he has lectured at the Smithsonian Institution, the University of Maryland, and Montana State University. Originally published in color by the Center of Military History, maps, photos, bios, and order of battle included.

**Return to Bull Run** John J. Hennessy, 1999-09-01. This comprehensively researched, well-written book represents the definitive account of Robert E. Lee's triumph over Union leader John Pope in the summer of 1862. Lee's strategic skills and the capabilities of his principal subordinates, James Longstreet and Stonewall Jackson, brought the Confederates onto the field of Second Manassas at the right places and times against a Union army that knew how to fight but not yet how to win. Publishers Weekly: "The deepest, most comprehensive and most definitive work on this Civil War campaign by the unchallenged authority, James I. Robertson Jr., author of Stonewall Jackson."

**The Greatest Civil War Battles** Charles River Editors, 2025-05-02. A splendid army almost demoralized millions of public property given up or destroyed; thousands of lives of our best men sacrificed for no purpose. I dare not trust myself to speak of this commander as I feel and believe. Suffice to say that more insolence, superciliousness, ignorance, and pretentiousness were never combined in one man. Union II Corps Commander Alpheus Williams: "The Second Battle of Bull Run, August 28-30, 1862, was one of the most decisive battles fought during the Civil War, and it was also one of the most unlikely. Less than three months before the battle, Joseph E. Johnston's Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B. McClellan's Army of the Potomac, so close that Union soldiers could see the church steeples of the Confederate capital. And yet at the end of Second Manassas, Robert E. Lee's Army of Northern Virginia found itself in the field unopposed, about 20 miles away from the Union capital of Washington, D.C. How could such a remarkable reversal of fortunes take place so quickly? After Lee succeeded the wounded Johnston, he pushed McClellan's Army of the Potomac away from Richmond and back up the Peninsula in late June, only to then swing his army north to face a second Union army, John Pope's Army of Virginia."

Needing to strike out before the Army of the Potomac successfully sailed back to Washington and linked up with Pope's army Lee daringly split his army to threaten Pope's supply lines forcing Pope to fall back to Manassas to protect his flank and maintain his lines of communication At the same time it left half of Lee's army under Stonewall Jackson potentially exposed against the larger Union army until the other wing under James Longstreet linked back up Thus in late August 1862 the Army of Northern Virginia and the Army of Virginia found themselves fighting over nearly the exact same land the South and North fought over in the First Battle of Bull Run 13 months earlier When Pope's army fell back to Manassas to confront Jackson his wing of Lee's army dug in along a railroad trench and took a defensive stance The battle began with the Union army throwing itself at Jackson the first two days But the concentration on Stonewall's men opened up the Union army's left flank for Longstreet's wing which marched 30 miles in 24 hours to reach the battlefield by the late afternoon of August 29 Lee used Longstreet's wing on August 30 to deliver a devastating flank attack before enough reinforcements from the retreating Army of the Potomac reached the field sweeping Pope's Army from Manassas and forcing the Union soldiers into yet another disorderly retreat from Manassas to Washington D C a scene eerily reminiscent of the First Battle of Bull Run The Greatest Civil War Battles The Second Battle of Bull Run comprehensively covers the campaign and the events that led up to the battle the fighting itself and the aftermath of the battle Accounts of the battle by important participants are also included along with maps of the battle and pictures of important people places and events You will learn about the Second Battle of Bull Run like you never have before in no time at all *Debacles at Bull Run* Charles River Charles River Editors, 2017-12-19 Includes pictures of important people places and events Includes maps of the battles Analyzes the generalship of the battles most important leaders including Lee Longstreet McDowell Pope Stonewall Jackson and more Includes descriptions of the fighting from the post battle reports and memoirs of some of the leading generals including Pope Lee Jackson Longstreet and others Includes a Bibliography of each battle for further reading After Fort Sumter the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond Lincoln pressed Irvin McDowell to push forward Despite the fact that McDowell knew his troops were inexperienced and unready pressure from the Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia McDowell's strategy during the First Battle of Bull Run was grand and in many ways it was the forerunner of a tactic Robert E Lee Stonewall Jackson and James Longstreet executed brilliantly on nearly the same field during the Second Battle of Bull Run in August 1862 McDowell's plan called for parts of his army to pin down Beauregard's Confederate soldiers in front while marching another wing of his army around the flank and into the enemy's rear rolling up the line McDowell assumed the Confederates would be forced to abandon Manassas Junction and fall back to the next defensible line the Rappahannock River In July 1861 however this proved far too difficult for his inexperienced troops to carry out effectively The Second Battle of Bull Run August 28-30 1862 was one of the most decisive battles fought

during the Civil War and it was also one of the most unlikely. Less than three months before the battle, Joseph E. Johnston's Army of Northern Virginia had been pushed back nearly all the way to Richmond by George B. McClellan's Army of the Potomac so close that Union soldiers could see the church steeples of the Confederate capital. And yet at the end of Second Manassas, Robert E. Lee's Army of Northern Virginia found itself in the field unopposed about 20 miles away from the Union capital of Washington, D.C. How could such a remarkable reversal of fortunes take place so quickly? After Lee succeeded the wounded Johnston, he pushed McClellan's Army of the Potomac away from Richmond and back up the Peninsula in late June, only to then swing his army north to face a second Union army, John Pope's Army of Virginia. Needing to strike out before the Army of the Potomac successfully sailed back to Washington and linked up with Pope's army, Lee daringly split his army to threaten Pope's supply lines, forcing Pope to fall back to Manassas to protect his flank and maintain his lines of communication. At the same time, it left half of Lee's army under Stonewall Jackson potentially exposed against the larger Union army until the other wing under James Longstreet linked back up. Thus, in late August 1862, the Army of Northern Virginia and the Army of Virginia found themselves fighting over nearly the exact same land the South and North fought over in the First Battle of Bull Run 13 months earlier.

After Fort Sumter, the Lincoln Administration pushed for a quick invasion of Virginia with the intent of defeating Confederate forces and marching toward the Confederate capitol of Richmond. Lincoln pressed Irvin McDowell to push forward. Despite the fact that McDowell knew his troops were inexperienced and unready, pressure from the Washington politicians forced him to launch a premature offensive against Confederate forces in Northern Virginia. McDowell's strategy during the First Battle of Bull Run was grand, and in many ways it was the forerunner of a tactic Robert E. Lee, Stonewall Jackson, and James Longstreet executed brilliantly on nearly the same field during the Second Battle of Bull Run in August 1862. McDowell's plan called for parts of his army to pin down Beauregard's Confederate soldiers in front while marching another wing of his army around the flank and into the enemy's rear, rolling up the line. McDowell assumed the Confederates would be forced to abandon Manassas Junction and fall back to the next defensible line, the Rappahannock River. In July 1861, however, this proved far too difficult for his inexperienced troops to carry out effectively. The Second Battle

transpired from August 28th to August 30th 1862 near the Bull Run River in northeastern Virginia The Battle of Second Manassas was part of the northern Virginia campaign under Confederate General Robert E Lee s leadership and unfolded during the summer of the second year of the American Civil War The battle played out on the same ground as the Battle of First Manassas which took place almost a year before and both engagements revealed startling similarities including Confederate victories As at the Battle of First Manassas the Northerners superior numbers and reinforcements should have ensured a quick and easy victory However the newly appointed General Lee and his freshly formed army along with his leading legendary generals Stonewall Jackson Jeb Stuart and Old Pete Longstreet made quick work of their enemies After the considerable blunders of the Northern units during the battle Union careers leaders were summarily demoted or transferred Political infighting and poor tactical decisions rendered the Yankees weak and underprepared As at First Manassas the Yankees skedaddled their way back to Washington and out of southern Virginia The loss of the Battle of Second Manassas also known as the Second Battle of Bull Run in the North opened the way for the Confederacy to infiltrate Yankee territory and possibly garner international support for their cause But would they succeed In this book you will learn The events that led to the Battle of Second Manassas Who the key players were for the North and South and what became of them The tactical errors that forced a Northern loss at Second Manassas How the battle was pivotal for the northern Virginia campaign The attitudes behind some of the Civil War s most brutal fighting Why the events of that time did not ultimately lead to a Southern victory in the war Scroll up and click the add to cart button to learn more about the Second Battle of Manassas

*The Battle of Second Manassas* Joseph W. A. Whitehorne, 1995-05-18 We study our military past not only to draw inspiration from the exploits of those American soldiers and their commanders who went before us but also to sharpen our knowledge and understanding of the art of war thereby equipping us for the military challenges of the future It is our belief that the careful study of battlefields such as Second Manassas allows today s military students to understand better the complexities and inevitable pressures of warfare It can also provide them the chance to reflect on and assess military operations an opportunity rarely attainable in the daily execution of their craft This is the third in a series of booklets on American battlefields intended to help soldiers use the past to enhance their understanding of the Army s future Foreword by Michael D Krause Colonel USA Acting Chief of Military History 1989 The Battle of Second Manassas prepared as a self guided tour is intended to help today s soldiers study the American battlefields of the past not only to better understand the complexities and inevitable pressures of warfare but also to sharpen their knowledge of the art of war and their craft The contest around Groveton Virginia on 29-30 August 1862 was characterized by complex maneuvers and fighting over the same areas at several different times New units funneled into the battle throughout its course while others were rushed from one point to another as the action shifted This lack of order is a reflection of the high level of confusion experienced at the time The courage of the men on both sides was exemplary but technology has overtaken the tactics they used Nevertheless the

struggled to get his army across the river while it was under fire from Confederates in Fredericksburg and things only got worse when they did. The battle is mostly remembered for the piecemeal attacks the Union army made on heavily fortified positions. Longstreet's men took up on Marye's Heights. As they threw themselves at Longstreet's heavily fortified position along the high ground, the Northern soldiers were mowed down again and again. During the battle, Lee turned to Longstreet and commented, "It is well that war is so terrible; otherwise we should grow too fond of it." In early May 1863, the Army of the Potomac was at the height of its power as it bore down on Lee's Army of Northern Virginia near Fredericksburg. With an army nearing 130,000 men, Joe Hooker's Army of the Potomac was twice the size of the Army of Northern Virginia. Despite being outnumbered, Lee sized up his opponents and decided to divide his forces in the face of the enemy, sending Stonewall Jackson to turn the Union army's right flank while the rest of the army maintained positions near Fredericksburg. The Battle of Chancellorsville is one of the most famous of the Civil War, and the most famous part of the battle was Stonewall Jackson's daring march across the Army of the Potomac's flank, surprising the XI Corps with an attack on May 2, 1863. Having seized the initiative, half of Lee's army launched desperate attacks on Hooker's forces near the Wilderness over the next 2 days while simultaneously defending against Union attacks around Fredericksburg that pushed the other half of his army back several miles. On May 3, Lee's heavily outnumbered army had just won the most stunning victory of the war. Robert E. Lee's Greatest Victories analyzes all three of the battles, including the campaigns that led up to them and the way they affected the Civil War at the time and in the future. You'll learn about the 3 battles like never before.
