Written in Italian by the author of the Nipotismo di Roma [G. Leti], and faithfully Englished by G. H.** Catholic Church,1670 **Judges and Unjust Laws** Douglas E. Edlin,2010-07-22 With keen insight into the common law mind Edlin argues that there are rich resources within the law for judges to ground their opposition to morally outrageous laws and a legal obligation on them to overturn it consequent on the general common law

obligation to develop the law Thus seriously unjust laws pose for common law judges a dilemma within the law not just a moral challenge to the law a conflict of obligations not just a crisis of conscience While rooted firmly in the history of common law jurisprudence Edlin offers an entirely fresh perspective on an age old jurisprudential conundrum Edlin s case for his thesis is compelling Gerald J Postema Cary C Boshamer Professor of Philosophy and Professor of Law University of North Carolina at Chapel Hill and author of Bentham and the Common Law Tradition Douglas Edlin builds a powerful historical conceptual and moral case for the proposition that judges on common law grounds should refuse to enforce unjust legislation This is sure to be controversial in an age in which critics already excoriate judges for excessive activism when conducting constitutional judicial review Edlin s challenge to conventional views is bold and compelling Brian Z Tamanaha Chief Judge Benjamin N Cardozo Professor of Law St John s University and author of Law as a Means to an End Threat to the Rule of Law Professor Edlin s fascinating and well researched distinction between constitutional review and common law review should influence substantially both scholarship on the history of judicial power in the United States and contemporary jurisprudential debates on the appropriate use of that power Mark Graber Professor of Law and Government University of Maryland and author of Dred Scott and the Problem of Constitutional Evil Is a judge legally obligated to enforce an unjust law In Judges and Unjust Laws Douglas E Edlin uses case law analysis legal theory constitutional history and political philosophy to examine the power of judicial review in the common law tradition He finds that common law tradition gives judges a dual mandate to apply the law and to develop it There is no conflict between their official duty and their moral responsibility Consequently judges have the authority perhaps even the obligation to refuse to enforce laws that they determine unjust As Edlin demonstrates exploring the problems posed by unjust laws helps to illuminate the institutional role and responsibilities of common law judges Douglas E Edlin is Associate Professor of Political Science at Dickinson College
