Constitution today however is much revered but little read Readers of AMERICAN EPIC will never think of the Constitution in quite the same way again Garrett Epps a legal scholar who is also a journalist and writer of prize winning fiction takes readers on a literary tour of the Constitution finding in it much that is interesting puzzling praiseworthy and sometimes hilarious Reading the Constitution like a literary work yields a host of meanings that shed new light on what it means to be an American **Dictionary of National Biography** Sir Leslie Stephen, Sir Sidney Lee, 1903 **The Lancet** , 1914

Alexander Hamilton: The Formative Years Michael E. Newton, 2015-07-01 Even though Alexander Hamilton was among the most important Founding Fathers less is known about his early life than that of any other major Founder Relatively few records have been found regarding Hamilton's birth childhood and origins in the West Indies Alexander Hamilton rarely dwelt upon his personal history and never recorded his life's story Most of Hamilton's correspondence prior to 1777 was lost during the American Revolution This has resulted in many gaps in Alexander Hamilton's biography which has given rise to much conjecture regarding the details of his life Relying on new research and extensive analysis of the existing literature Michael E Newton presents a more comprehensive and accurate account of Alexander Hamilton's formative years Despite being orphaned as a young boy and having his birth be the subject of the most humiliating criticism Alexander Hamilton used his intelligence determination and charisma to overcome his questionable origins and desperate situation As a mere child Hamilton went to work for a West Indian mercantile company Within a few short years Hamilton was managing the firm's St Croix operations Gaining the attention of the island's leading men Hamilton was sent to mainland North America for an education where he immediately fell in with the country's leading patriots After using his pen to defend the civil liberties of the Americans against British infringements Hamilton took up arms in the defense of those rights Earning distinction in the campaign of 1776-77 at the head of an artillery company Hamilton attracted the attention of General George Washington who made him his aide de camp Alexander Hamilton was soon writing some of Washington's most important correspondence advising the commander in chief on crucial military and political matters carrying out urgent missions conferring with French allies negotiating with the British and helping Washington manage his spy network As Washington later attested Hamilton had become his principal and most confidential aid After serving the commander in chief for four years Hamilton was given a field command and led the assault on Redoubt Ten at Yorktown the critical engagement in the decisive battle of the War for Independence By the age of just twenty five Alexander Hamilton had proven himself to be one of the most intelligent brave hard working and patriotic Americans Alexander Hamilton *The Formative Years* tells the dramatic story of how this poor immigrant emerged from obscurity and transformed himself into the most remarkable Founding Father In riveting detail Michael E Newton delivers a fresh and fascinating account of Alexander Hamilton's origins youth and indispensable services during the American Revolution **Black Female Playwrights** Kathy A. Perkins, 1990-10-22 Fine reading and a superb resource Ms Highly recommended Library Journal Perkins has chosen the plays well and her issue

oriented introduction places the women and their works in a literary and historical context Choice As well as being centered on the black experience the plays in Black Female Playwrights are centered on the female experience Voice Literary Supplement Perkins anthology is valuable for a number of reasons Perkins book which includes a bibliography of plays and pageants by black women before 1950 as well as a selected bibliography of critical works is a major help in providing access to the world of black drama Theatre Journal The need to acknowledge these works was the impetus behind this volume Perkins has selected nineteen plays from seven writers who were among the major dramatizers of the black experience during this early period As forerunners to the activist black theater of the 1950s and 1960s these plays represent a critical stage in the development of black drama in the United States
