Data Engineering Yupo Chan, John Talburt, Terry M. Talley, 2009-10-15 DATA ENGINEERING Mining Information and Intelligence describes applied research aimed at the task of collecting data and distilling useful information from that data. Most of the work presented emanates from research completed through collaborations between Acxiom Corporation and its academic research partners under the aegis of the Acxiom Laboratory for Applied Research. ALAR Chapters are roughly ordered to follow the logical sequence of the transformation of data from raw input data streams to refined information. Four discrete sections cover Data Integration and Information Quality, Grid Computing, Data Mining, and Visualization. Additionally, there are exercises at the end of each chapter. The primary audience for this book is the broad base of anyone interested in data engineering, whether from academia, market research firms, or business intelligence companies. The volume is ideally suited for researchers, practitioners, and postgraduate students alike. With its focus on problems arising from industry rather than a basic research perspective, combined with its intelligent organization, extensive references, and subject and author indices, it can serve the academic research and industrial audiences.

Arky Frank Garland, 2020-07-23 Bursting onto the scene as a 20-year-old rookie, Arky Vaughan quickly established himself as the next great Pittsburgh Pirates shortstop. In 1935, his .385 batting average eclipsed even that of the immortal Honus Wagner, who was a steady influence for Vaughan during his 10 seasons with the Pirates. Vaughan never hit under 300 with Pittsburgh, and his versatility later made him an asset to the Brooklyn Dodgers. One of the quietest men in baseball, the nine-time All-Star eschewed the limelight but received plenty of attention for his on-field performance, for his one-man mutiny against Brooklyn manager Leo Durocher, and for walking away from the game to take care of his family and his beloved ranch during World War II. Drawing on dozens of articles, personal writings, recorded interviews, and his daughter's unpublished biography, this book covers the life and career of an often overlooked Hall of Famer who died in a tragic boating accident at age 40. Official Gazette of the United States Patent and Trademark Office, 2000

The Chicago Cubs Warren N. Wilbert, William Hageman, 1997 Readers will enjoy reviewing the best seasons in Cubs history in Season at the Summit. The Chicago White Stockings later to become Wrigleyville's loveable Cubbies were charter members of the National League and the only franchise that has operated continuously in the same city between the first game played on April 1876 and today. During that time over 1,750 ballplayers have pulled on Cub uniforms, and out of that number co-authors Warren Wilbert and William Hageman have chosen the players who have put together individual seasons of such magnificent that they have merited a top 50 billing.

managed lived the game for four decades The Cleveland Indians were at the center of Hargrove s baseball life for more than 20 years He played for some mediocre Indians teams in the 1980s He managed some of the best Indians teams ever in the 1990s including five consecutive division titles one of the most powerful offensive lineups in baseball history Lofton Belle Baerga Murray Thome Ramirez and two trips to the World Series Not bad for a kid who didn t play baseball in high school was a walk on in college and an afterthought 25th round draft pick One constant in Hargrove s roller coaster career Sharon Hargrove Their 50 year marriage in an unsteady business from 1970 to 1995 the Hargroves lived in 23 different houses is inspiring This book takes a close up look at a life and career long under appreciated by us not by him perhaps because much of it was spent in the shadows of so many big personalities But Hargrove s story includes big moments both heartbreaking and heart stopping

High Fives, Pennant Drives, and Fernandomania Paul,2012-03-01 For Dodger fans the years 1977 to 1981 mark the team s glory days and High Fives Pennant Drives and Fernandomania chronicles the highlights and disappointments that marked those four tumultuous seasons Told from lifelong fan Paul Haddad s perspective the story of the Dodgers during this time period is enhanced by transcripts of radio and TV calls that are woven into his personal recollections capturing famed Dodgers sportscaster Vin Scully at the top of his game From Jerry Ruess s no hitter and Rick Monday s epic homer against Montreal to the magical rookie year of Fernando Valenzuela and the 1981 World Series all of the famous Dodger moments are commemorated in great detail In addition to the chronological narrative each chapter contains lists trivia sidebars and interesting statistics that make the exciting culture and fan frenzy that surrounded the Dodgers last great dynasty come to life

Activating and Inhibitory Immunoglobulin-like Receptors M. D. Cooper,T. Takai,J.V. Ravetch,2012-12-06 A remarkable spectrum of novel immunoreceptors sharing related immunoglobulin like domains and signaling potential has been identified in recent years These receptors have attracted widespread interest because they resemble the TCR BCR and FcR complexes in their ability to serve as activating or inhibitory receptors on the cells that bear them Moreover they are well positioned to affect both innate and adaptive immunity The full range of ligands for these new receptor families is still not known and understanding of their physiological roles is far from complete This volume is the first attempt to summarize and highlight all known aspects of immunoglobulin like receptors providing a topical overview of the roles and characteristic features of the immunoglobulin like receptors and related molecules in the immune system Researchers in immunology molecular biology cell biology clinical medicine and pharmacology will find this book invaluable
