Narrative and History Alun Munslow, 2018-09-19 Based on the assumption that reality reference and representation work together this introductory textbook explains and illustrates the various ways in which historians write the past as history For the first time the full range of leading narrative theorists such as Paul Ricoeur Hayden White Frank Ankersmit Seymour Chatman and Gerard Genette have been brought together to explain

the narrative making choices all author historians make when creating historical explanations Combining theory with practice Alun Munslow expands the boundaries of the discipline and charts a new role for unconventional historical forms and modes of expression Clear but comprehensive this is an ideal resource for undergraduate and postgraduate students taking courses on history and theory history and method and historiography *The Last Hill* Bob Drury, Tom Clavin, 2022-11-01 Bob Drury and Tom Clavin's *The Last Hill* is the incredible untold story of one Ranger battalion's heroism and courage in World War II They were known as Rudder's Rangers the most elite and experienced attack unit in the United States Army In December 1944 Lt Col James Rudder's 2nd Battalion would form the spearhead into Germany taking the war into Hitler's homeland at last In the process Rudder was given two objectives Take Hill 400 and hold the hill by any means possible To the last man if necessary The battle hardened battalion had no idea that several Wehrmacht regiments who greatly outnumbered the Rangers had been given the exact same orders The clash of the two determined forces was one of the bloodiest and most costly encounters of World War II Castle Hill the imposing 1320 foot mini mountain the American Rangers simply called Hill 400 was the gateway to a desperate Nazi Germany Several entire American divisions had already been repulsed by the last hill's dug in defenders as unknown to the Allies the height was the key to Adolf Hitler's last minute plans for a massive counterattack to smash through the American lines in what would become known to history as the Battle of the Bulge Thus the stalemate surrounding Hill 400 could not continue For Supreme Allied Commander Gen Dwight Eisenhower there was only one solution Call in Rudder's Rangers Of the 130 special operators who stormed captured and held the hill that December day only 16 remained to stagger back down its frozen slopes *The Last Hill* is replete with unforgettable action and characters a rich and detailed saga of what the survivors of the 2nd Ranger Battalion would remember as our longest day *Prologue*, 1971 **The War** Geoffrey C. Ward, Ken Burns, 2020-02-04 The vivid voices that speak from these pages are not those of historians or scholars They are the voices of ordinary men and women who experienced and helped to win the most devastating war in history in which between 50 and 60 million lives were lost Focusing on the citizens of four towns Luverne Minnesota Sacramento California Waterbury Connecticut Mobile Alabama *The War* follows more than forty people from 1941 to 1945 Woven largely from their memories the compelling unflinching narrative unfolds month by bloody month with the outcome always in doubt All the iconic events are here from Pearl Harbor to the liberation of the concentration camps but we also move among prisoners of war and Japanese American internees defense workers and schoolchildren and families who struggled simply to stay together while their men were shipped off to Europe the Pacific and North Africa Enriched by maps and hundreds of photographs including many never published before this is an intimate profoundly affecting chronicle of the war that shaped our world From the Hardcover edition
