Psychology of Moods Anita V. Clark, 2005 A mood is defined as the prevailing psychological state habitual or relatively temporary It is further defined as a feeling state or prolonged emotion that influences the whole of one's psychic life It can relate to passion or feeling humour as a melancholy mood or a suppliant mood Mood can and does affect perceived health personal confidence one's perceptions of the world around us and our actions based on those perceptions Moods can and do change often although mood swings of a sharp nature may be a symptom of underlying disease Moods may signify happiness anger tension or anxiety Chronic periods of any mood state may be an indicator of a disorder as well This new book gathers important research from throughout the world in this rapidly changing field **Musicology of Religion** Guy L.

Beck, 2023-05-01 For generations religion and music have been regarded as universals yet despite the fact that they have been frequently linked throughout history and topography and despite the importance of music in the early stages of religious studies their combined presence has not until now been considered a separate area of study and research While there are well developed fields of anthropology of religion psychology of religion and philosophy of religion the widely recognized connections between religion and sound chant and music warrant comparable study Drawing upon theories and methods in the study of both religion and music referencing examples from world religious traditions and addressing challenges posed by critics this book envisions a unified field for religion and music musicology of religion Grounded in the scope and methods of phenomenology and comparative analysis musicology of religion represents an innovative direction in interdisciplinary study enriched by the social sciences ethnomusicology philosophy theology liturgical studies and cognitive studies As conceived musicology of religion will spearhead new and creative paths in the study of religion Cosmic Music

Marius Schneider, Rudolf Haase, Hans Erhard Lauer, 1989-12 While every music lover senses the power and truth that reside in music very few actually approach music as a path to cosmic knowledge But the idea that the universe is created out of sound is an ancient one This book brings together three contemporary German thinkers who exemplify this tradition Marius Schneider Rudolf Haase and Hans Erhard Lauer Vibrational Acupuncture Mary Elizabeth

From #RhodesMustFall Movements to #HumansMustFall Movements Artwell Nhemachena,Jairos Kangira,2021-05-14 Might it be possible that the world is being migrated into an era where the imperial periphery will be increasingly governed through Artificial Intelligence AI and robotics designed to replace human beings Celebrated as efficient strong unfailing tireless precise and beyond corruption AI and robots are set to replace African leaders who are imperially deemed to be and consistently condemned as corrupt failed weak and inefficient But if these AI and robots are neo imperial tools and machinations the million dollar question is whether empire is not returning to recolonise the supposedly inefficient Africans via the new technologies and machinism Where Africans once celebrated their liberation war movements empire has

emplaced what it calls liberation technologies designed to supposedly liberate African youths from their own states and governments led by liberation movements Where Africans once celebrated their liberation war movements empire has placed its own NGOs CSOs spewing liberal ideologies designed to ostensibly liberate African youths from their own supposedly failed and corrupt states and government leaders With African youths citizens allying not with their liberation movements but with the liberation technologies and liberal NGOs CSOs it is not surprising why African citizens oppose their states led Fast Track Land Redistribution Programmes while ironically they happily celebrate Fast Tracked COVID 19 Vaccines Posing the notion of HumansMustFall movements this book underscores ways in which empire is in a process of eternal return to 21st century Africa The book is crucial for scholars and activists in political science government studies sociology anthropology cultural studies history languages and communication studies security studies military studies and development studies

Primal Awareness Don Trent Jacobs, 1998-09-01 The remarkable story of one man's rediscovery of his primordial mandate and of the strange journey that took him there Explores the innate knowledge that exists within us all a primal awareness that can help us to live in harmony with our world Shows how we can rediscover this unseeable realm In 1983 caught in a violent rainstorm while kayaking the Rio Urique in Mexico's Copper Canyon Don Trent Jacobs was swept into an impassable catacomb of underwater tunnels toward what he believed was certain death But instead of panic Jacobs found himself filled with a strange consciousness that left him feeling at peace and invigorated with a confidence he had never before known Moments later he was spit from the tunnel alive not at the end of his journey but only at its beginning Primal Awareness tells the story of Don Trent Jacobs's remarkable vision of the human mind and heart and the compelling spiritual quest that brought him to it Through his experiences with the Raramuri people of Mexico and his research of other indigenous societies Jacobs identifies what he calls our primal awareness an innate knowledge that exists within us all Jacobs shows how we can rediscover this primordial mandate that unites all things and that helps us to find our own inner strength an harmony
