Sonnets to Orpheus Rainer Maria Rilke, 2004-12-07 Written during an astonishing outburst of creativity during a period of only two weeks in February 1922 Rilke's Sonnets to Orpheus is one of the great poetic works of the twentieth century Willis Barnstone brings these striking poems into English with an approach honed through years of work on the philosophy of translation about which he has written extensively This dual language edition allows readers to compare versions face to face to get a clear sense of the nuances of the translation Also included is an extensive introduction from the translator that offers a biographical sketch of Rilke and reflects upon the ever present tension between the poet's passion for life romance and adventure and his yearning for the solitude he desperately needed to dedicate himself fully to his art

Life Watch Willis Barnstone, 2003 Life Watch A Circle of Ninety One Nights is an ambitious sequence of poems that begins in childhood moves through Barnstone's adult years and returns to youth The poems engage and reflect on the civil wars that the author found

himself in the midst of Mexican orphanages the cafes and arts salons in Paris and walking with Borges As the circles of these poems widen they gather many perspectives on a life watched Willis Barnstone has taught at universities in Greece and Argentina and authored more than 40 books poetry collections poetry translations philosophical and religious texts The New Covenant his literary translation of the New Testament was published in 2001 Riverhead Books **Sarah Laughed** Judith Goldhaber,2007 Poetry SARAH LAUGHED is the second collaboration between poet Judith Goldhaber and artist Gerson Goldhaber a husband and wife team from Berkeley California Following the formal model of their previous work SONNETS FROM AESOP which won the Independent Publishers Book Award Judith Goldhaber imbues familiar Biblical folklore with equal parts humor and wisdom Gerson's delightfully childlike illustrations accompany the poetry rendering the work a storybook of sorts open to young and old alike In the hands of Petrarch and Shakespeare the sonnet became associated with the inner paradoxes of erotic psychology Like Pushkin and Vikram Seth Judith Goldhaber has adapted the sonnet to the paradoxes of social narrative as well Peter Dale Scott The poetry and illustrations work their magic together delighting the eye and beckoning the mind to wonder Daniel Matt **The Complete Poems of Sappho** Willis Barnstone,2009-03-10 A vivid contemporary translation of the greatest Greek love poet with a wealth of materials for understanding her work by a prize winning poet and translator Sappho's thrilling lyric verse has been unremittingly popular for more than 2 600 years certainly a record for poetry of any kind and love for her art only increases as time goes on Though her extant work consists only of a collection of fragments and a handful of complete poems her mystique endures to be discovered anew by each generation and to inspire new efforts at bringing the spirit of her Greek words faithfully into English In the past translators have taken two basic approaches to Sappho either very literally translating only the words in the fragments or taking the liberty of reconstructing the missing parts Willis Barnstone has taken a middle course in which he remains faithful to the words of the fragments only very judiciously filling in a word or phrase in cases where the meaning is obvious This edition includes extensive notes and a special section of Testimonia appreciations of Sappho in the words of ancient writers from Plato to Plutarch Also included are a glossary of all the figures mentioned in the poems and suggestions for further reading

Healing the Split Marc Elihu Hofstadter,2011 Healing the Split consists of the collected essays of poet literary critic and philosopher Marc Elihu Hofstadter The essays stretch from Hofstadter's early scholarly articles about poets William Carlos Williams and Yves Bonnefoy through articles published in the Redwood Coast Review about poetry art music science politics and France to recent articles concerning the split between the sciences and the humanities reason and feeling intuition faith The book embodies Hofstadter's consistent belief in the idea that all human activities are composed of an objective element and a subjective element Human knowledge whether scientific mathematical philosophical or artistic contains a degree of objective certainty mixed with a component of subjective feeling The differences between science and the humanities are differences of degree of objectivity not of essence and the knowledge the humanities display is a genuine

form of knowledge less certain than science but rich in tangible felt experience Even early in his career as a literary critic Hofstadter was interested in how such otherwise diverse poets as Williams and Bonnefoy sacralize the coming together of mind and world in all forms of human experience As Williams put it No ideas but in things by which he meant not Let there not be any ideas but Let all ideas be inextricably entwined with the physical world Hofstadter argues that in all our activities there is a mixture of the thinking reasoning mind and the parts of us that feel perceive touch our bodies our hearts Science and philosophy are the great achievements of the mind while art and religion are the most powerful consummations of sensing and feeling yet science and philosophy are partly emotive and art and theology partly rational The difference again is in degree Healing the Split is an attempt to bring reason and feeling intuition faith together to show how they are intimately related The Buddhist faith is key to this effort because Buddhism doesn't analyze out reason and non rational knowledge as separate faculties but tries to unite them in a direct embodied kind of experience that heals the split between them and makes the individual human being whole In Buddhism everything we know is known through consciousness and distinctions between subject and object mind and world logic and faith become artificial since consciousness is essentially unitary And Buddhism sees all phenomena known through consciousness as being related in a universal web everything is connected ultimately to everything else and the world is essentially One Healing the Split is finally a work of mysticism in the line of Parmenides who believed that everything is one or the Kabbalists who worshipped the All in the form of Ha Shem the unnamable Name Marc Elihu Hofstadter was born in New York City in 1945 He received his B A in French literature from Swarthmore College in 1967 and his Ph D in Literature from the University of California at Santa Cruz in 1975 He has taught American literature at Santa Cruz the University of Orleans on a Fulbright Lectureship and Tel Aviv University In 1980 he obtained his Master of Library Science degree from the University of California at Berkeley and from 1982 to 2005 served as the Librarian of the City of San Francisco's transit agency He has published five volumes of poetry House of Peace Visions Shark's Tooth Luck and Rising at 5 AM all of which are available on amazon.com and his poems translations and essays have appeared in over sixty magazines He lives in the retirement community of Rossmoor in Walnut Creek California with his partner the artist David Zurlin
