among agents and the Service's inexplicable failure to develop profiles of potential assassins Up to date and explosive this book assails the public image of the Secret Service as a highly professional apolitical organization exposing the often detrimental influence that politics exerts on the Agency *Zero Fail* Carol Leonnig, 2021-05-18 NEW YORK TIMES BESTSELLER The first definitive account of the rise and fall of the Secret Service from the Kennedy assassination to the alarming lapses of the Obama and Trump years from Pulitzer Prize winning journalist Carol Leonnig This book is a wake up call and a valuable study of a critically important agency The New York Times A WASHINGTON POST BEST BOOK OF THE YEAR Carol Leonnig reported on the Secret Service for nearly a decade bringing to light the secrets scandals and shortcomings that plague the agency today from a toxic workplace culture to dangerously outdated equipment to the deep resentment within the ranks at key agency leaders who put protecting the agency's once hallowed image before fixing its flaws The Secret Service was born in 1865 in the wake of the assassination of Abraham Lincoln but its story begins in earnest in 1963 with the death of John F Kennedy Shocked into reform by its failure to protect the president on that fateful day in Dallas this once sleepy agency was radically transformed into an elite highly trained unit that would redeem itself several times most famously in 1981 by thwarting an assassination attempt against Ronald Reagan But by Barack Obama's presidency the once proud Secret Service was running on fumes and beset by mismanagement and mistakes in judgement break ins at the White House an armed gunman firing into the windows of the residence while confused agents stood by and a massive prostitution scandal among agents in Cartagena to name just a few With Donald Trump's arrival a series of promised reforms were cast aside as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains To explore these problems in the ranks Leonnig interviewed dozens of current and former agents government officials and whistleblowers who put their jobs on the line to speak out about a hobbled agency that is in desperate need of reform [Hunting the President](#) Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book *Hunting the Presidents Threats Plots and Assassination Attempts From FDR to Obama* telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America's leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries *Hunting the Presidents* reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president's motorcade route How a deranged man broke into Reagan's California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for

his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service's mission Hunting the Presidents opens the vault of stories about how many of our recent Presidents have come within a hair's breadth of assassination leaving America's fate in the balance Most of these stories have remained buried until now Includes glossy photo signature of historic pictures and documents **The Hidden White House** Robert Klara, 2013-10-22 The little known story of the White House's gutting and renovation during the Truman presidency Delightful and informative plenty of entertaining drama Publishers Weekly In 1948 President Harry Truman enjoying a bath on the White House's second floor almost plunged through the ceiling of the Blue Room into a tea party for the Daughters of the American Revolution A handpicked team of the country's top architects conducted a secret inspection of the troubled mansion and after discovering it was in imminent danger of collapse insisted that the First Family be evicted immediately What followed would be the most historically significant and politically complex home improvement job in American history While the Trumans camped across the street at Blair House Congress debated whether to bulldoze the White House completely and the Soviets exploded their first atomic bomb starting the Cold War Robert Klara reveals what has until now been little understood about this episode America's most famous historic home was basically demolished giving birth to today's White House Leaving only the mansion's facade untouched workmen gutted everything within replacing it with a steel frame and a complex labyrinth deep below ground that soon came to include a top secret nuclear fallout shelter The story of Truman's rebuilding of the White House is a snapshot of postwar America and its first Cold War leader undertaking a job that changed the centerpiece of the country's national heritage The job was by no means perfect but it was remarkable and until now all but forgotten Includes photographs Captivating From bathtubs to bomb shelters Klara leaves no piece of crumbling sandstone unturned and is as astute a storyteller as he is a dogged researcher Denise Kiernan New York Times bestselling author of The Last Castle **The First Family** Mike Dash, 2011-06-09 Before Al Capone and Lucky Luciano there was the one fingered cunning Giuseppe Morello and his murderous coterie of brothers Had it not been for Morello the world may never have heard of men of honour the code of omertà or Mafia wars This explosive book tells the story of the first family of New York and how this extended close knit clan of racketeers and murderers left the backwaters of Sicily to successfully establish themselves as the founding godfathers of the New World First Family will explain in thrilling characterful detail how the American Mafia established itself so successfully Combining strong narrative and raw violence set against the raucous bustle of early twentieth century New York and the impoverished rural life of nineteenth century Sicily this impeccably researched groundbreaking study of a crucial period of American history is a compelling portrait of the early years of organised crime **Survivor's Guilt** Vincent Palamara, 2013-10-01 Painstakingly researched by an authority on the history of the Secret Service and based on primary firsthand accounts from more than 80 former agents White House aides and family members this is the definitive account of what went wrong with John F Kennedy's security detail on the day he

was assassinated The work provides a detailed look at how JFK could and should have been protected and debunks numerous fraudulent notions that persist about the day in question including that JFK ordered agents off the rear of his limousine demanded the removal of the bubble top that covered the vehicle and was difficult to protect and somehow directly or indirectly made his own tragic death easier for an assassin or assassins This book also thoroughly investigates the threats on the president's life before traveling to Texas the presence of unauthorized Secret Service agents in Dealey Plaza the site of the assassination the failure of the Secret Service in monitoring and securing the surrounding buildings overhangs and rooftops and the surprising conspiratorial beliefs of several former agents An important addition to the canon of works on JFK and his assassination this study sheds light on the gross negligence and in some cases seeming culpability of those sworn to protect the president

Prout, 2016-05-15 In the depths of a depression in 1894 a highly successful Gilded Age businessman named Jacob Coxey led a group of jobless men on a march from his hometown of Massillon Ohio to the steps of the nation s Capitol Though a financial panic and the resulting widespread business failures caused millions of Americans to be without work at the time the word unemployment was rarely used and generally misunderstood In an era that worshipped the self reliant individual who triumphed in a laissez faire market the out of work tramp was disparaged as weak or flawed and undeserving of assistance Private charities were unable to meet the needs of the jobless and only a few communities experimented with public works programs Despite these limitations Coxey conceived a plan to put millions back to work building a nationwide system of roads and drew attention to his idea with the march to Washington In Coxey s Crusade for Jobs Jerry Prout recounts Coxey s story and adds depth and context by focusing on the reporters who were embedded in the march Their fascinating depictions of life on the road occupied the headlines and front pages of America s newspapers for more than a month turning the spectacle into a serialized drama These accounts humanized the idea of unemployment and helped Americans realize that in a new industrial economy unemployment was not going away and the unemployed deserved attention This unique study will appeal to scholars and students interested in the Gilded Age and US and labor history      **The Eagle Has Eyes** José Angel Gutiérrez, 2019-03-01 This book is the first of its kind to bring transparency to the FBI s attempts to destroy the incipient

Chicano Movement of the 1960s While the activities of the deep state are current research topics this has not always been the case The role of the U S government in suppressing marginalized racial and ethnic minorities began to be documented with the advent of the Freedom of Information Act and most recently by disclosures of whistle blowers This book utilizes declassified files from the FBI to investigate the agency s role in thwarting Cesar E Chavez s efforts to build a labor union for farm workers and documents the roles of the FBI California state police and local police in assisting those who opposed Chavez Ultimately The Eagle Has Eyes is a must read for academics and activists alike **Broke** Glenn Beck,Kevin Balfe,2012-08-28 Briefly surveys more than two centuries of American political history to describe how the country has been broken spiritually politically and financially and advocates a return to core values to restore America s economic and spiritual health **The Birth of the FBI** Willard M. Oliver,2019-07-16 Most people believe the Federal Bureau of Investigation began under J Edgar Hoover in the 1920s or 1930s Many also naturally assume it was developed for the express purpose of fighting crime However the reality is very different The reality is it began years earlier in 1908 under President Theodore Roosevelt In The Birth of the FBI Teddy Roosevelt the Secret Service and the Fight Over America s Premier Law Enforcement Agency Willard Oliver details the political fight that led to the birth of America s premier law enforcement agency Roosevelt was concerned about conservation and one issue he wanted enforced were the fraudulent land deals being perpetrated by many people including some members of Congress When he began using the Secret Service to investigate these crimes Congress blocked him from doing so The end result of this political spat was Roosevelt s creation of the FBI which heightened the political row between the two branches of government in the final year of Roosevelt s presidency The truth of the matter is the premier law enforcement agency in the United States was actually created because of a political fight between the executive and legislative branches of government The Birth of the FBI reveals the true story behind the birth of the FBI and provides some useful insight into an important part of our American history From an Office Building with a High-Powered Rifle Don Adams,Harrison E. Livingstone,2012-06-01 The personal and professional story of a former FBI agent this is the journey Don Adams has taken over the past 50 years that has connected him to the assassination of the 35th president of the United States On November 13 1963 Adams was given a priority assignment to investigate Joseph Milteer a man who had made threats to assassinate the president Two weeks later John F Kennedy was dead and Agent Adams was instructed to locate and question Milteer Adams however was only allowed to ask the suspect five specific questions before being told to release him He was puzzled by the bizarre orders but thought nothing more of it until years later when he read a report that stated that not only had Joseph Milteer made threats against the president but also that he claimed Kennedy would be killed from an office building with a high powered rifle Since that time Adams has compiled evidence and research from every avenue available to him including his experiences in Georgia and Dallas FBI offices to produce this compelling investigation that may just raise more questions than answers
