Corbin, 1868 *Women's Secrets* Helen Rodnite Lemay, 1992-10-14 *Women's Secrets* provides the first modern translation of the notorious treatise *De secretis mulierum* popular throughout the late middle ages and into modern times. The *Secrets* deals with human reproduction and was written to instruct celibate medieval monks on the facts of life and some of the ways of the universe. However, the book had a much more far-reaching influence. Lemay shows how its message that women were evil, lascivious creatures built on the misogyny of the work's Aristotelian sources and laid the groundwork for serious persecution of women. Both the content of the treatise and the reputation of its author, erroneously believed to be Albertus Magnus, inspired a few medieval scholars to compose lengthy commentaries on the text, substantial selections from which are included, providing further evidence of how medieval men interpreted science and viewed the female body. *The Palgrave Encyclopedia of Victorian Women's Writing* Lesa Scholl, Emily Morris, 2022-12-15 Since the late twentieth century, there has been a strategic campaign to recover the impact of Victorian women writers in the field of English literature. However, with the increased understanding of the importance of interdisciplinarity in the twenty-first century, there is a need to extend this campaign beyond literary studies in order to recognise the role of women writers across the nineteenth century, a time that was intrinsically interdisciplinary in approach to scholarly writing and public intellectual engagement. *The Woman in Battle* Loreta Janeta Velazquez, 1876 **War Plays by Women** Claire M. Tylee, Elaine Turner, Agnes Cardinal, 1999 This anthology consists of ten plays from countries involved in the First World War. It explores the historical development of theatrical conventions and genres and the historical context of social and gender issues. **War Plays by Women** Agnes Cardinal, Elaine Turner, Claire M. Tylee, 2013-10-11 This anthology consists of ten plays from countries involved in the First World War, including plays from Germany and France never before available in translation. Representing a range of dramatic forms from radio play to street epic, from comic sketch to musical, this anthology includes plays from Gertrude Stein, Muriel Box, Marion Wentworth, Craig, Dorothy Hewett, Berta Lask, Marie Leneru, Wendy Lill, Alice Dunbar Nelson, and Christina Reid. Highly successful in their day, these plays demonstrate how women have attempted to use theatre to achieve social change. The collection explores the historical development of theatrical conventions and genres and the historical context of social and gender issues.
