Sherlockian Musings Sheldon Goldfarb, 2020-04-02 Is Sherlock Holmes really as rational as he seems He talks about the importance of reasoning and logic but why then does he sometimes seem like a strange Buddha On the other hand why in The Sign of the Four does Watson smash a Buddha What is going on in The Sign of the Four that strange tale of Empire What is going on in all the original sixty stories in the canon In this study of the stories Sheldon Goldfarb explores questions like these from the significance of the eggs in Thor Bridge to the reason Watson keeps leaving Holmes for an insubstantial wife What meanings lurk beneath the surface of these detective stories Why is there an obsession with Napoleon in this story or an article on free trade in this other Can we find answers to these questions Perhaps In any case in this collection of essays or Musings on each of the 60 stories Dr Goldfarb an award nominated mystery writer himself and the holder of a PhD in English literature light heartedly tries out a variety of perspectives allowing readers to come to their own conclusions about such matters as the nature of the angel in A Case of Identity or the reason Holmes abandons his magnifying glass for binoculars in Silver Blaze Who brings binoculars to a horse race Indeed

Arthur Conan Doyle's Art of Fiction Nils Clausson, 2019-01-22 This groundbreaking book rescues Arthur Conan Doyle from the sub literary category of popular fiction and from the myth of Sherlock Holmes Instead of following new historicists and postcolonialists and asking what Conan Doyle's fiction reveals about its author and what it tells us about Victorian attitudes to crime class Empire and gender this provocative and convincingly argued literary study shifts the critical emphasis to the neglected art of the novels tales and stories It demonstrates through close reading that they can be read the same way as canonical literary fiction Unapologetically polemical and written in an accessible jargon free style this

book will stimulate debate and provoke counterarguments but most importantly it will send readers both within and outside the academy back to the fiction with heightened understanding and renewed pleasure At a time when evaluation has virtually disappeared from literary studies this iconoclastic book returns it to the centre

In the Company of Strangers Barry McCrea,2011-06-14 In the Company of Strangers shows how a reconception of family and kinship underlies the revolutionary experiments of the modernist novel While stories of marriage and long lost relatives were a mainstay of classic Victorian fiction Barry McCrea suggests that rival countercurrents within these family plots set the stage for the formal innovations of Joyce and Proust Tracing the challenges to the family plot mounted by figures such as Fagin Sherlock Holmes Leopold Bloom and Charles Swann McCrea tells the story of how bonds generated by chance encounters between strangers come to take over the role of organizing narrative time and give shape to fictional worlds a task and power that was once the preserve of the genealogical family By investigating how the question of family is a hidden key to modernist structure and style In the Company of Strangers explores the formal narrative potential of queerness and in doing so rewrites the history of the modern novel
