The Book of Lost Things John Connolly, 2006-11-07 A 12 year old boy mourning the death of his mother takes refuge in the myths and fairytales she always loved and finds that his reality and a fantasy world start to meld

The Resonance of Unseen Things Susan Lepselter, 2016-03-03 The Resonance of Unseen Things offers an ethnographic meditation on the uncanny persistence and cultural freight of conspiracy theory The project is a reading of conspiracy theory as an index of a certain strain of late 20th century American despondency and malaise especially as understood by people experiencing downward social mobility Written by a cultural anthropologist with a literary background this deeply interdisciplinary book focuses on the enduring American preoccupation with captivity in a rapidly transforming world Captivity is a trope that appears in both ordinary and fantastic iterations here and Susan Lepselter shows how multiple troubled histories of race class gender and power become compressed into stories of uncanny memory We really don't have anything like this in terms of a focused sympathetic open minded ethnographic study of UFO experiencers The author's semiotic approach to the paranormal is immensely productive positive and above all resonant with what actually happens in history Jeffrey J Kripal J Newton Rayzor Professor of Religion Rice University Lepselter relates a weave of intimate alien sensibilities in out of the way places which are surprisingly profoundly close to home Readers can expect to share her experience of contact with complex logics of feeling and to do so in a contemporary America they may have thought they understood Debbora Battaglia Mount Holyoke College An original and beautifully written study of contemporary American cultural poetics The book convincingly brings into relief the anxieties of those at the margins of American economic and civic life their perceptions of state power and the narrative continuities that bond them to histories of violence and expansion in the American West Deirdre de la Cruz University of Michigan

The Imagination of Edward Thomas Michael Kirkham, 1986-12-04 This fascinating study explores the imagination life and work of Edward Thomas 1878 1917 **Creative Intuition in Art and Poetry** Jacques Maritain, 2023-10-17 The classic work on the sublime interplay between the arts and poetics This book explores the rich and complex relationship between art and poetry shedding invaluable light on what makes each art form unique yet wholly interdependent Jacques Maritain insists on the part played by the intellect as well as the imagination showing how poetry has its source in the preconceptual activity of the rational mind As Maritain argues intellect is not merely logical and conceptual reason Rather it carries on an exceedingly more profound and obscure life one that is revealed to us as we seek to penetrate the hidden recesses of poetic and artistic activity Incisive and authoritative this illuminating book is the product of a lifelong reflection on the meaning of artistic expression in all its varied forms *In the Balance: Law and Politics on the Roberts Court* Mark Tushnet, 2013-09-30 An examination of the initial years of the Roberts Court and the intellectual battle between Roberts and Kagan for leadership When John Roberts was appointed chief justice of the Supreme Court he said he would act as an umpire Instead his Court is reshaping legal precedent through decisions unmistakably though not always predictably determined by politics as much as by law on a Court almost perfectly politically divided Harvard Law School professor and constitutional law expert Mark Tushnet clarifies the lines of conflict and what is at stake on the Supreme Court as it hangs in the balance between its conservatives and its liberals Clear and deeply knowledgeable on both points of law and the Court s key players Tushnet offers a nuanced and surprising examination of the initial years of the Roberts Court Covering the legal philosophies that have informed decisions on major cases such as the Affordable Care Act the political structures behind Court appointments and the face off between John Roberts and Elena Kagan for intellectual dominance of the Court In the Balance is a must read for anyone looking for fresh insight into the Court s impact on the everyday lives of Americans **Omar Khayyam's Secret:**

Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 7: Khayyami Art Mohammad H. Tamdgidi, 2024-03-01 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H. Tamdgidi is a twelve book series of which this book is the seventh volume subtitled Khayyami Art The Art of Poetic Secrecy for a Lasting Existence Tracing the Robaiyat in Nowrooznameh Isfahan's North Dome and Other Poems of Omar Khayyam and Solving the Riddle of His Robaiyat Attributability Each book independently readable can be best understood as a part of the whole series In Book 7 Tamdgidi shares his updated edition of Khayyam's Persian book Nowrooznameh The Book on Nowrooz and for the first time his new English translation of it followed by his analysis of its text He then visits recent findings about the possible contribution of Khayyam to the design of Isfahan's North Dome Next he shares the texts and his new Persian where needed and English translations and analyses of Khayyam's other Arabic and Persian poems Finally he studies the debates about the attributability of the Robaiyat to Omar Khayyam Tamdgidi verifiably shows that Nowrooznameh is a book written by Khayyam arguing that its unreasonable and unjustifiable neglect has prevented Khayyami studies from answering important questions about Khayyam's life works and his times Nowrooznameh is primarily a work in literary art rather than in science tasked not with reporting on past truths but with creating new truths in the spirit of Khayyam's conceptualist view of reality Iran in fact owes the continuity of its ancient calendar month names to the way Khayyam artfully recast their meanings in the book in order to prevent their being dismissed given their Zoroastrian roots during the Islamic solar calendar reform underway under his invited direction The book also sheds light on the mysterious function of Isfahan's North Dome as a space revealing it as having been to serve as part of an observatory complex for the annual Nowrooz celebrations and leap year declarations of the new calendar The North Dome to whose design Khayyam verifiably contributed and in fact bears symbols of his unitary view of a world created for happiness by God marks where the world's most accurate solar calendar of the time was calculated It deserves to be named after Omar Khayyam not Taj ol Molk and declared as a cultural world heritage site Nowrooznameh is also a pioneer in the prince guidance books genre that anticipated the likes of Machiavelli's The Prince by centuries the difference being that Khayyam's purpose was to inculcate his Iranian and Islamic love for justice and the pursuit of happiness in the young successors of Soltan Malekshah Iran is famed for its ways of converting its invaders into its own culture and Nowrooznameh offers a textbook example for how it was done by Khayyam Most significantly however Nowrooznameh offers by way of its intricately multilayered meanings the mediating link between Khayyam's philosophical theological and scientific works and his Robaiyat showing through metaphorical clues of his beautiful prose how his poetry collection could bring lasting spiritual existence to its poet posthumously Khayyam's other Arabic and Persian poems also provide significant clues about the origins the nature and the purpose of the Robaiyat as his lifelong project and magnum opus Tamdgidi argues that the thesis of Khayyam's Robaiyat as a secretive artwork of quatrains organized in an intended reasoning order as a book of life serving to bring about

his lasting spiritual existence can solve the manifold puzzles contributing to the riddle of his Robaiyat attributability He posits and in the forthcoming volumes of this series will demonstrate that the lost quatrains comprising the original collection of Robaiyat have become extant over the centuries such that we can now reconstruct by way of solving their 1000 piece jigsaw puzzle the collection as it was meant to be read as an ode of interrelated quatrains by Omar Khayyam Table of Contents About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xix Acknowledgments xxi Preface to Book 7 Recap from Prior Books of the Series 1 Introduction to Book 7 Tracing the Robaiyat in Omar Khayyam s Artwork 11 CHAPTER I Omar Khayyam s Literary Work Nowrooznameh An Updated Persian Text and Its New English Translation for the First Time 21 CHAPTER II Omar Khayyam s Literary Work Nowrooznameh A Clause by Clause Textual Analysis 147 CHAPTER III Unveiling the Open and Hidden Functions of the Mysterious North Dome of Isfahan How Omar Khayyam Designed for His Commissioned Projects of Solar Calendar Reform and Building Its Astronomical Observatory Iran s Most Beautiful Dual Use Structure for the Annual Celebration of Nowrooz 367 CHAPTER IV Omar Khayyam s Arabic and Persian Poems Other than His Robaiyat Translated into Persian from Arabic and English and Textually Analyzed 497 CHAPTER V Did Omar Khayyam Secretively Author A Robaiyat Collection He Called Book of Life Solving the Manifold Riddles of His Robaiyat Attributability 573 Conclusion to Book 7 Summary of Findings 677 Appendix Transliteration System and Glossary 731 Cumulative Glossary of Transliterations Books 1 5 744 Book 7 References 753 Book 7 Index 767

Augustine (Bishop of Hippo.),1876 On Laudianism Peter Lake,2023-10-19 Establishes the theological roots and political resonances of Laudianism the dominant political theology of the Personal Rule *The Homilies On John* St. Augustine of Hippo, St Augustine was an indefatigable preacher He considered regular preaching an indispensable part of the duty of a bishop To his homilies we owe most of his exegetical labors The homilies were delivered extempore taken down by scribes and slightly revised by Augustin They retain their colloquial form devotional tone frequent repetitions and want of literary finish He would rather be deficient in rhetoric than not be understood by the people He was cheered by the eager attention and acclamations of his hearers but never fully satisfied with his performance My preaching he says almost always displeases me I eagerly long for something better of which I often have an inward enjoyment in my thoughts before I can put them into audible words Then when I find that my power of expression is not equal to my inner apprehension I am grieved at the inability of my tongue to answer to my heart De Catech Rudibus ch II 3 in this Series Vol III 284 His chief merit as an interpreter is his profound theological insight which makes his exegetical works permanently useful This volume contains The Homilies or Tractates on the GOSPEL OF JOHN In Joannis Evangelium Tractatus CXXIV Augustin delivered them to his flock at Hippo about A D 416 or later What is Right with Marriage Robert Cedric Binkley,Frances Williams Binkley,1929
