Emily Dickinson wrote nearly 1 800 poems during her lifetime though only a handful were published This collection includes
some of Dickinson s best known works reflecting her thoughts on nature life death the mind and the spirit Emily Dickinson is
one of our most original writers a force destined to endure in American letters Without elaborate philosophy yet with
irresistible ways of expression Emily Dickinson s poems have true lyric appeal because they make abstractions such as love
hope loneliness death and immortality seem near and intimate and faithful The Atlantic Emily Dickinson did not leave any
poetics or treatise to explain her life s work so we can come to her poetry with minds and hearts open and unearth whatever
it is we need to find Her oeuvre is a large one and most of her work was done in secret she didn t share most of what she
wrote Ten or so poems were published in her lifetime mostly without her consent She often included poems with letters but
after her death the poet s sister Vinnie was surprised to find almost eighteen hundred individual poems in Dickinson s
bedroom some of them bound into booklets by the poet Publishers Weekly Dickinson found love spiritual quickening and
immortality all on her own terms The Guardian **Catalogue of the California State Library** California State
