Pan-Islam in British Indian Politics M. Naeem Qureshi, 2021-10-11 A correct perspective on the origins and development of pan Islam in British India had eluded writers for years The author treats the subject comprehensively and highlights links between pan Islam and nationalist movements in the nineteenth and twentieth centuries In focus is the Khilafat movement 1918 1924 which with its distinct religio political dynamics aimed at saving Ottoman Turkey from dismemberment as well as securing self government for India Extensively utilizing a variety of archival and other source materials the author unfolds the fascinating story of how in concert with secular forces the pan Islamic appeal was mobilized for political gains in the broader context of the British policy towards Turkey and India The book also examines the gradual transition of Muslim politics from pan Islam to territorial nationalism especially after the Turks abolished the caliphate and the Indians plunged back into communal strife

Hagerman, 2013-04-16 Britain's Imperial Muse explores the classic contribution to British imperialism and to the experience of empire in India through the long 19th century It reveals the classic role as a foundational source for positive conceptions of empire and a rhetorical arsenal used by commentators to justify conquest and domination especially of India

India 1885-1947 Ian Copland, 2014-07-10 The establishment of the Indian National Congress in 1885 marked a turning point in modern South Asian history At the time few grasped the significance of the event nor understood the power that its leader would come to wield From humble beginnings the Congress led by Gandhi would go on to spearhead India's fight for independence from British rule in 1947 it succeeded the British Raj as the regional ruling power Ian Copland provides both a narrative and analysis of the process by which Indians and Pakistanis emancipated themselves from the seemingly iron clad yoke of British imperialism In so doing he goes to the heart of what sets modern India apart from most other countries in the region its vigorous democracy

Indian Summer Alex Von Tunzelmann, 2008-09-30 An extraordinary story of romance history and divided loyalties set against the backdrop of one of the most dramatic events of the twentieth century The stroke of midnight on August 15 1947 liberated 400 million

people from the British Empire With the loss of India its greatest colony Britain ceased to be a superpower and its king ceased to sign himself Rex Imperator This defining moment of world history had been brought about by a handful of people Among them were Jawaharlal Nehru the fiery Indian prime minister Mohammed Ali Jinnah the leader of the new Islamic Republic of Pakistan Mohandas Gandhi the mystical figure who enthralled a nation and Louis and Edwina Mountbatten the glamorous but unlikely couple who had been dispatched to get Britain out of India Within hours of the midnight chimes their dreams of freedom and democracy would turn to chaos bloodshed and war Behind the scenes a secret personal drama was also unfolding as Edwina Mountbatten and Jawaharlal Nehru began a passionate love affair Their romance developed alongside Cold War conspiracies the beginning of a terrible conflict in Kashmir and an epic sweep of events that saw one million people killed and ten million dispossessed Steeped in the private papers and reflections of the participants Alex von Tunzelmann's *Indian Summer* reveals in vivid exhilarating detail how the actions of a few extraordinary people changed the lives of millions and determined the fate of nations

The Disinherited Mou Banerjee, 2025 An illuminating history of religious and political controversy in nineteenth century Bengal where Protestant missionary activity spurred a Christian conversion panic that indelibly shaped the trajectory of Hindu and Muslim politics In 1813 the British Crown adopted a policy officially permitting Protestant missionaries to evangelize among the empire's Indian subjects The ramifications proved enormous and long lasting While the number of conversions was small Christian converts never represented more than 1.5 percent of India's population during the nineteenth century Bengal's majority faith communities responded in ways that sharply politicized religious identity leading to the permanent ejection of religious minorities from Indian ideals of nationhood Mou Banerjee details what happened as Hindus and Muslims grew increasingly suspicious of converts missionaries and evangelically minded British authorities Fearing that converts would subvert resistance to British imperialism Hindu and Muslim critics used their influence to define the new Christians as a threatening other outside the bounds of authentic Indian selfhood The meaning of conversion was passionately debated in the burgeoning sphere of print media and individual converts were accused of betrayal and ostracized by their neighbors Yet Banerjee argues the effects of the panic extended far beyond the lives of those who suffered directly As Christian converts were erased from the Indian political community that community itself was reconfigured as one consecrated in faith While India's emerging nationalist narratives would have been impossible in the absence of secular Enlightenment thought the evolution of cohesive communal identity was also deeply entwined with suspicion toward religious minorities Recovering the perspectives of Indian Christian converts as well as their detractors *The Disinherited* is an eloquent account of religious marginalization that helps to explain the shape of Indian nationalist politics in today's era of Hindu majoritarianism

The Butcher of Amritsar Nigel Collett, 2006-10-15 On 13 April 1919 General Reginald Dyer marched a squad of Indian soldiers into the Jallianwala Bagh in Amritsar and opened fire without warning on a crowd gathered to hear political speeches This is an account of the massacre
