movement in Cameroon It analyzes the reforms introduced by France in Cameroon after World War II the circumstances surrounding the unsuccessful attempt of the UPC to seize independence by force and the subsequent eradication of this party by an alliance of Franco Cameroonian forces The book shows the length that the French were prepared to go in order to leave Cameroon in the hands of a government that would be sympathetic to their interests The research is based upon documents found in Cameroon France and the United States It will expand the existing limited literature in English on the historiography of Cameroon and will also be useful for instructors teaching courses related to modern and contemporary Africa in general and decolonization in French black Africa in particular as well as all interested in these subjects *Secret Manipulations* Anne Storch,2011-09-02 *Secret Manipulations* is the first comprehensive study of African register variation polylectality and derived languages Focusing on a specific form of language change deliberate manipulations of a language by its speakers it provides a new approach to local language ideologies and concepts of grammar and metalinguistic knowledge Anne Storch concentrates on case studies from Nigeria Uganda Sudan the African diaspora and 16th century Europe In these cases language manipulation varies with social and cultural contexts and is almost always done in secret At the same time this manipulation can be an act of subversion and an expression of power and it is often central to the construction of social norms as it constructs oppositions and gives marginalized people a chance to articulate themselves This volume illustrates how manipulated languages are constructed how they are used and how they wield power *Peace Operations in the Francophone World* Bruno Charbonneau,Tony Chafer,2014-05-09 This book critically examines peacebuilding humanitarian intervention and peace operation practices and experiences in francophone spaces Francophone Africa as a specific space is relatively little studied in the peace and security literature despite the fact that almost half of all peacekeepers are deployed or were deployed in this part of Africa during the last decade It is an arena for intervention that deserves more serious attention if only because it provides fertile ground for exploring the key questions raised in the peacekeeping and peacebuilding literature For instance in 2002 a French operation Licorne was launched and in 2003 a UN force was deployed in C te d Ivoire alongside the French force there Filling a gap in the current literature *Peace Operations in the Francophone World* critically examines peacekeeping and peacebuilding practices in the francophone world including but not limited to conflict prevention and resolution security sector reform SSR francophone politics and North South relations The book explores whether peace and security operations in francophone spaces have exceptional characteristics when compared with those carried out in other parts of the world and assesses whether an analysis of these operations in the francophone world can make a specific and original contribution to wider international debates about peacekeeping and peacebuilding This book will be of much interest to students of peacekeeping peacebuilding peace and conflict studies African politics security studies and IR in general *The Secret Treaties of Austria-Hungary, 1879-1914* Alfred Francis Pribram,1921 *Views from the Margins* Kevin J. Callahan,Sarah Ann Curtis,2008-01-01 These essays explain French

identity as a fluid process rather than a category into which French citizens and immigrants are expected to fit They offer examples drawn from an imperial history of France that show the power of the periphery to shape diverse and dynamic modern French identities at its centre

Les ambassades de la Françafrique Pauron Michaël, 2022-09-22T00:00:00-04:00

Dans les années 1960 les colonies françaises d'Afrique subsaharienne accédaient officiellement leur indépendance On donnait les palais des gouverneurs aux nouveaux présidents on nommait des ambassadeurs et on construisait des ambassades L'état français disait vouloir ainsi normaliser ses relations avec ces pays souverains Or soixante ans plus tard le faste des résidences de France le comportement des diplomates et la marche de l'administration française donnent une tout autre image où les ambassades et leurs locataires occupent encore une place importante dans les destinées africaines Cette enquête offre un éclairage par le bas de la politique française en Afrique où le continent africain est aux prises avec des enjeux majeurs immigration démocratisation insurrections armées guerre de l'information manipulation Entre la corruption la négligence et le racisme l'auteur dévoile ce qu'il reste de la colonisation dans les rapports entre les Africains et ces hauts fonctionnaires

Secret d'Etat Pierre Péan, 2014-04-01

Le secret est un des moyens importants de défense d'un Etat comme la France au même titre que la détention de l'arme absolue Au demeurant la Bombe n'aurait pas de raison d'être si tout le monde la possédait Où le secret qui a longtemps entouré sa fabrication Le secret protège donc les intérêts vitaux de la Nation mais il ne sert pas qu'à cela Toute une organisation complexe s'est constituée pour protéger les différentes sortes de secrets Les règles de ce système sont elles-mêmes tenues secrètes bien que la loi précise depuis 1978 que l'information du citoyen soit la règle et le secret l'exception L'Administration a en fait renforcé et consolidé une forteresse l'abri de laquelle elle a loisir de fonctionner selon ses propres lois souvent en contradiction avec la Loi Le secret justifié par la raison d'Etat _ qui par définition n'a pas elle-même tre argument _ permet toutes les illégalités cambriolages toutes les téléphoniques interconnexions d'ordinateurs d'actions arbitraires de toute nature Le système de protection du secret est une organisation fermée de la communication l'intérieur de l'appareil d'Etat avec de nombreux réseaux protégés téléphoniques télégraphes radios etc A l'intérieur de ces réseaux ne circulent pas seulement des secrets nécessaires la défense du pays contre les menaces externes ou intérieures mais bien d'autres secrets moins avouables C'est sur les rouages de cette machinerie du secret d'Etat sur ses règles ses hommes ses objectifs ses méthodes que porte la nouvelle enquête de Pierre Péan Pierre Péan journaliste est notamment l'auteur chez Fayard d'*Affaires africaines* 100 000 exemplaires et de *Vieilles affaires* des avions renifleurs 40 000 exemplaires

The Politics of International Intervention Mandy Turner, Florian P. Kühn, 2015-09-16

This book critically explores the practices of peacebuilding and the politics of the communities experiencing intervention The contributions to this volume have a dual focus First they analyse the practices of western intervention and peacebuilding and the prejudices and politics that drive them Second they explore how communities experience and deal with this intervention as well as an understanding

of how their political and economic priorities can often diverge markedly from those of the intervener This is achieved through theoretical and thematic chapters and an extensive number of in depth empirical case studies Utilising a variety of conceptual frameworks and disciplines the book seeks to understand why something so normatively desirable the pursuit of and building of peace has turned out so badly From Cambodia to Afghanistan Iraq to Mali interventions in the pursuit of peace have not achieved the results desired by the interveners But rather they have created further instability and violence The contributors to this book explore why This book will be of much interest to students academics and practitioners of peacebuilding peacekeeping international intervention statebuilding security studies and IR in general
