*A Handful of Thistles* Lewis A. Coser, 1988-01-01 This selection of essays by one of the most eminent sociologists of our time represents a selection of his analytical and moral or political writing over a lifetime of work The book is organized thematically rather than chronologically and is divided into four parts papers on the uses of sociology on ideas and ideologies on sociological analysis and a final section entitled professing sociology While the collection demonstrates maturation the author's central preoccupations have remained constant over the years A reflective autobiographical introduction places the author's choice of problems and the development of his ideas in the social and cultural context of his life and his work He confesses to having experienced in his life and his work being a stranger within the gate and believes that this sense of marginality has both informed and influenced his thinking And he sees the social conflicts that shook the world during his young adulthood as having creative as well as destructive consequences
