Secrets Of Gunfighting Israeli:

The Israeli Secret Services and the Struggle Against Terrorism Ami Pedahzur, 2010 An expert on terror and political extremism Ami Pedahzur argues in this book that Israel's strict reliance on the intelligence community and its elite units is fundamentally flawed *Mossad: The Greatest Missions of the Israeli Secret Service (The Stories You Haven't Heard of Israel's Most Effective Secret Service)* Shelton Branch, 101-01-01 The Israeli Mossad is known for its covert operations and intelligence gathering capabilities In this book we reveal the behind the scenes story of Mossad's greatest triumph the operation to expose Iran's nuclear weapons program Through in depth research and interviews with key players the author delves into the tactics and techniques used by Mossad to gather evidence of Iran's covert nuclear activities From infiltrating Iranian nuclear facilities to recruiting insider sources this book is a fascinating look at the inner workings of Mossad and the lengths it will go to protect the safety and security of Israel Israel since its formation as a country has been seen as a usurper of the land formerly owned by its neighbor Palestine An argument that will continue until one of the countries is either destroyed or disarmed Palestine being an Arab nation has many allies in the surrounding areas giving them a geographical advantage Be that as it may the drive and mercilessness of the Mossad is able to keep Israel's head above water and their interests intact however Israel's national intelligence agency's reach is far greater than just the Middle East They have a global network The Mossad is one of the most well known intelligence agencies in the world It has been involved in some of the most high profile covert operations in history from the capture of Nazi war criminal Adolf Eichmann to the assassination of Iranian nuclear scientists Despite its reputation as a secretive organization the Mossad has captured the imagination of people all over the world This book takes a comprehensive look at the Mossad from its origins in the early days of Israel's intelligence community to its current operations and challenges *Bowker's Complete Video Directory*, 2000

Women & Guns, 2005 **War on Sacred Grounds** Ron E. Hassner, 2010-12-15 Sacred sites offer believers the possibility of communing with the divine and achieving deeper insight into their faith Yet their spiritual and cultural importance can lead to competition as religious groups seek to exclude rivals from practicing potentially sacrilegious rituals in the hallowed space and wish to assert their own claims Holy places thus create the potential for military theological or political clashes not only between competing religious groups but also between religious groups and secular actors In *War on Sacred Grounds* Ron E. Hassner investigates the causes and properties of conflicts over sites that are both venerated and contested he also proposes potential means for managing these disputes Hassner illustrates a complex and poorly understood political dilemma with accounts of the failures to reach settlement at Temple Mount Haram el Sharif leading to the clashes of 2000 and the competing claims of Hindus and Muslims at Ayodhya which resulted in the destruction of the mosque there in 1992 He also addresses more successful compromises in Jerusalem in 1967 and Mecca in 1979 Sacred sites he contends are particularly prone to conflict because they provide valuable resources for both religious and political actors yet cannot be

divided The management of conflicts over sacred sites requires cooperation Hassner suggests between political leaders interested in promoting conflict resolution and religious leaders who can shape the meaning and value that sacred places hold for believers Because a reconfiguration of sacred space requires a confluence of political will religious authority and a window of opportunity it is relatively rare Drawing on the study of religion and the study of politics in equal measure Hassner's account offers insight into the often violent dynamics that come into play at the places where religion and politics collide

The Samaritan's Secret Matt Rees,2019-05-07 The third installment in the CWA Dagger winning series featuring Palestinian schoolteacher detective Omar Yussef The Samaritan community in Palestine is tiny but ancient only about six hundred people still adhere to this faith an offshoot of Judaism and now one of them has been murdered The crime has even larger implications though as the dead man controlled hundreds of millions of dollars of government money If the World Bank cannot locate it within the next several days all aid to the Palestinians will be cut off Visiting the isolated Samaritan community at Nablus in the West Bank history teacher turned sleuth Omar Yussef must solve the murder and find the money for the sake of all Palestine

A Knock at the Door Ory Slonim,2021-12-21 Suppose one day your son or husband while serving in the military or working as a journalist is taken hostage by a terrorist group and you have no idea whether your loved one is dead or alive or how to even make contact with the insurgents holding him It s a nightmare scenario that has sadly taken place dozens of times in the past twenty years in the Middle East Here in the U S the government does not always get involved Instead it will engage the services of a neutral country to negotiate with the terrorists Unfortunately many times the terrorists insist on never ending demands in order to torment the family of the hostage Unlike Israel we've never had a central address for these types of scenarios But maybe after reading this book it s an idea we could and should consider Ory Slonim the international door knocker was an invention of necessity by the Israeli government There were many good and brave human beings involved in this matter Here for the first time is the story of the one man in Israel who for more than two decades was known as the door knocker He had been a private Israeli lawyer when he was asked to undertake on behalf of the Israeli government secret negotiations to find out the whereabouts of Israeli soldiers who were taken hostage by terrorist groups His ultimate mission was to bring them home dead or alive In his capacity as negotiator his story will take you into the worlds of the furtive Mossad the twisted minds of terrorists the forever traumatized lives of the parents whose children never came home from battle and into Ory's own resilient compassionate and amazingly resolute negotiations when ordinary people would have easily broken down
