Sexual Ecstasy from Ancient Wisdom Summum Bonum Amen Ra,1993      **Our Non-Christian Nation** Jay

Wexler,2023-05-25 Essential reading for anyone interested in understanding the contemporary battles over religion's role in our national politics and culture Phil Zuckerman author of *Living the Secular Life* Less and less Christian demographically America is now home to an ever larger number of people who say they identify with no religion at all These non Christians have increasingly been demanding their full participation in public life bringing their arguments all the way to the Supreme Court The law is on their side but that doesn't mean that their attempts are not met with suspicion or outright hostility In *Our Non Christian Nation* Jay Wexler travels the country to engage the non Christians who have called on us to maintain our ideals of inclusivity and diversity With his characteristic sympathy and humor he introduces us to the Summum and their Seven Aphorisms a Wiccan priestess who would deck her City Hall with a pagan holiday wreath and other determined champions of free religious expression As Wexler reminds us anyone who cares about pluralism equality and fairness should support a public square filled with a variety of religious and nonreligious voices The stakes are nothing short of long term social peace A timely at times funny and compelling piece of reportage looking at a variety of religious groups as well as a strong argument for the importance of a pluralistic society *The Boston Globe* In this brilliantly erudite and hugely entertaining romp through recent religious and legal history Jay Wexler shows why as our country becomes more religiously diverse non Christians need to get their voices heard and Christians need to help repair the wall between church and state A marvelous read Michael Shermer *Skeptic*      Aliens Adored Susan J. Palmer,2004 *Aliens Adored* is the first full length in depth look at the Ra lian movement a fascinating new religion founded in the 1970s by the charismatic prophet Ra l Born in France as Claude Vorilhon the former race car driver founded the religion after he experienced a visitation from the aliens the elohim who in his cosmology created humans by cloning themselves This pioneering study provides a thorough analysis of the movement focusing on issues of sexuality millenarianism and the impact of the scientific worldview on religion and the environment Ra l's radical sexual ethics his gnostic anthropocentrism and shallow ecotheology offer us a mirror through which we see how our worldview has been shaped by the forces of globalization postmodernism and secular humanism

Roads of Excess, Palaces of Wisdom Jeffrey J. Kripal,2001-12 William Blake once wrote that The road of excess leads to the palace of wisdom Inspired by these poetic terms Jeffrey J Kripal reveals how the works of scholars of mysticism are often rooted in their own mystical experiences roads of excess which can both lead to important insights into these scholars works and point us to our own palaces of wisdom In his new book Kripal addresses the twentieth century study of mysticism as a kind of mystical tradition in its own right with its own unique histories discourses sociological dynamics and rhetorics of secrecy Fluidly combining autobiography and biography with scholarly exploration Kripal takes us on a tour of comparative mystical thought by examining the lives and works of five major historians of mysticism Evelyn Underhill Louis Massignon R

C Zaehner, Agha Khan, Bharati and Elliot Wolfson as well as relating his own mystical experiences. The result Kripal finds is seven palaces of wisdom, the religious power of excess, the necessity of distance in the study of mysticism, the relationship between the mystical and art, the dilemmas of male subjectivity and modern heterosexuality, a call for ethical criticism, the paradox of the insider/outsider problem in the study of religion, and the magical power of texts and their interpretation. An original and penetrating analysis of modern scholarship and scholars of mysticism. *Roads of Excess, Palaces of Wisdom* is also a persuasive demonstration of the way this scholarly activity is itself a mystical phenomenon. *Essays on Spirituality* Jan F. Brouwer, 2011-12-01. The range of the essays presented in this book covers the whole field of spirituality and religion. The essays try to address such fundamental questions as: what is life? what is happiness? who am I? what do we mean when we use the word God? Both the beginning aspirant as well as the learned scholar and the accomplished meditator and mystic will find something of value here. There is something in it for everyone. Whether you are a devout Christian, a modern-day Buddhist, or just someone vaguely interested in the subject of spirituality, these essays, written in a modern and clear style of writing, will surely set you thinking.

Graham, Edgar Allan Poe,1852      **Creativity** Rob Pope,2005 Seeking throughout to bridge the gap between the creative and the critical and to span disciplinary boundaries this book offers a significant intervention in the theory of creativity and the practice of criticism      *A History of Religion East and West* Trevor Ling,1969-01-15 The religious traditions of Asia and Europe the East and West of the title are sometimes regarded as being in sharp contrast with each other the one mystical the other prophetic Whenever their religions are not so contrasted they are usually treated in isolation from each other the religion of Israel Zoroastrianism Judaism Christianity Hinduism Jainism and Buddhism Dr Ling however stresses that there is considerable overlap and interpenetration between the two types and areas and that it is important to see the historical inter relation between these religions and to observe how during given periods of history there are parallel developments or significant divergences He covers the period 1500 B C to the present time providing an outline of the development of Asian and European religious traditions and institutions and discussing the social and economic factors involved in the development of religious traditions although he shows that such factors alone do not account for the religious life of man Dr Ling goes on to interpret the contemporary significance of these religions and their potential for the future life of humanity He suggests that the present stage of religious advance is characterised by open endedness towards the future not all religions exhibit this character but none has yet exhausted the possibilities of development This book is intended for use as an introduction to the study of religion Although reference is made in the text to sources of further information the book can be used without reference to them      **Worldly Wisdom** James Sloan Allen,2008 Explores the ideas expressed in some fifty classic writings that offer the reader insight into the meaning of life and how to live it more fully      *Journal of the American Medical Association* ,1901      *Journal of the American Medical Association* American Medical Association,1901 Includes proceedings of the Association papers read at the annual sessions and list of current medical literature      **Ritual America** Craig Heimbichner,Adam Parfrey,2012-03-06 Adam Parfrey is one of the nation's most provocative publishers Seattle Weekly Secret society historian Craig Heimbichner follows the Middle Path to wisdom He works the graveyard shift in the secret lodge Joan d Arc Paranoia magazine Secret societies now a staple of bestseller novels are pictured as sinister cults that use hooded albinos to menace truth seekers Some conspiracy books claim that fraternal orders are the work of serpentine aliens and interbred humans who wish to supplant earth of its energy and later its very existence On the other side of the aisle books by high ranked Freemasons skeptical in tone but no less partisan in approach protect their organization's public image by denying the existence of its most contentious ideas Ritual America reveals the biggest secret of them all that the influence of fraternal brotherhoods on this country is vast fundamental and hidden in plain view In the early twentieth century as many as one third of America belonged to a secret society And though fezzes and tiny car parades are almost a thing of the past the Gnostic beliefs of Masonic orders are now so much a part of the American mind that the surrounding pomp and circumstance

has become faintly unnecessary The authors of *Ritual America* contextualize hundreds of rare and many never before printed images with entertaining and far reaching commentary making an esoteric subject provocative exciting and approachable Adam Parfrey is the author of *Cult Rapture Revelations of the Apocalyptic Mind* and *It's a Man's World Men's Adventure* Magazines the Postwar Pulp He is editor of the influential *Apocalypse Culture* series *Love Sex Fear Death The Inside Story* of the Process Church of the Final Judgment Craig Heimlichner has recently appeared on a National Geographic documentary about the Bohemian Grove contributed to the Feral House compilation *Secret and Suppressed II* and wrote about the famous occult order the O T O in *Blood and Altar* Small Press Record of Books in Print ,1992 *Shakespeare's Hamlet and Lawrence Agonistes* Barry J. Scherr,2018-07-27 This book is the first to examine the influence of Shakespeare particularly Hamlet on D H Lawrence Using the Bloomian theory of the anxiety of influence to probe the startling depths of Lawrence's agon with his towering precursor Shakespeare it closely examines Lawrence's crypto Jewish identity as well as that of many of his highly individual characters who embody the characteristics of Old Testament figures and in so doing infuse a patriarchal strength and divine religious sublimity into civilized life Lawrence's claims about the self sacrificing influence of Christianity on Shakespeare's Hamlet on the other hand demonstrate how this influence carries over into the submission of the subject and the decline of Western Civilization The book extrapolates this decline into a critique of the modern day left wing ideology that appropriates the self abnegating individual to its collectivist ends In responding agonistically to Shakespeare's Hamlet Lawrence claims a far more complete vital and salubrious consciousness and a Weltanschauung that makes for greater more fulfilling life thanks to the inner strength psychic and sexual power of the Lawrentian Self Supreme The book will appeal to Lawrence and Shakespeare scholars and enthusiasts who wish to appreciate Lawrence and Shakespeare as supremely profound writers and thinkers Its unique demonstration of Bloomian literary theory makes it come poignantly alive for both graduate students and college professors
