and loud noises Instead it s a small group of people who are so small that you would miss them even if you were right next to them These small groups of people have made their homes in perfect harmony with nature They sometimes hide from the mushroom caps that look like tiny umbrellas in the landscape either inside the hollows of old tree trunks or under the leaves of big trees They are happy with their lives and the small people who live in their secret world They are a clever and innovative group of people who make their own tools out of things they can find in nature They use sand grains as building blocks branches to make the beams for their homes and flowers to make the comfortable beds they sleep on Firefly lamps give off a soft glow that lights up every home in their world Spun spider silk windows let in warm light that makes a kaleidoscope of natural beauty A lighthouse is the most important thing in their town and a huge source of pride for their small community Compared to the grand lighthouses we re used to seeing this one is just a dot in the middle of their remote cove For the little people though it s a beautiful tower made of pebbles leaves and nut shells that the locals put together with great skill and spider silk When it gets dark the lighthouse always shines brightly showing the way and keeping people safe It gets its magical light from the glowworms that the little people take great care of Not only is this light a beacon but it s also a beautiful sparkling sign of how the little people work together to protect and guide each other The way people live in the small village is set by natural forces The tiny people rise along with the sun as it shines through their leafy canopy making a mosaic of light and shade All day long they can hear soft sounds from nature like streams running nearby the wind whispering and bees buzzing Their days are spent taking care of their gardens which are full of little vegetables and flowers of every color It always smells like sweet baking and sounds like happy kids singing Communities like theirs are very close and are based on trust and respect Each person makes a choice while sitting in the middle of town under the stars and the soft light of their lighthouse Each little person has a job to do and makes the town a better place to live Everyone s work is appreciated from farmers who take care of the land so that it yields lots of crops to workers who make clothes and blankets out of silk The little people are brave even though they are small They often go out into the vast wilderness that surrounds their town They move through streams on the backs of friendly bugs and use sticks as bridges to get across gaps Their world is full of fun things to do but their lighthouse always leads them back to their safe town The soothing light from the tower makes you think of home and safety It talks about shared meals nights of laughter and how nice it is to be close to people you care about It s more than just a building it represents the little people s love determination and connection to the outside world The small town does well in this faraway part of the world showing what can be done when people work together toward a common goal Even though they are small tiny people have big hearts and goals People who see their lighthouse are given hope and it also serves as a warning that even a small light can get you through the darkest night Everything in this world is amazing every moment is loved and the lighthouse s soft glow at night makes every night better

Chapter 2 The Tall Man Who Got Lost One very foggy evening a tall man was walking around and the mist was so thick that it looked like it

covered the whole world in white This wanderer wasn't like most he was taller than all the small houses and trees that made up the hidden village of little people A tall one as the little people called him from the world outside their secret nook where the sky was big and the land was empty With his big steps and long legs the tall guy had pretty much stumbled upon the small people's secret town He was not only nearby but he was also totally lost and didn't know how to find his way home He was walking through the tall wild trees that surrounded the small town when all of a sudden fog came in and caught him off guard The trees were usually friendly and easy to spot but now they looked like huge shadows that were scary and bent in strange ways He felt like he was the only person in a huge never ending cloud of mist Paths that were visible during the day were now hidden He yelled hoping someone would answer but the fog made it impossible for him to speak Even though he was a big guy he felt small at that moment which is something that smaller people bravely deal with every day Instead of being excited about a trip his heart was racing with worry He only wanted the comfort of home even though he had always been an explorer eager to find new ways to do things and share stories He had been able to walk on these feet before but now they seemed shaky with each step they shook as if they were wondering Which way do we go As the evening went on the tall man's situation got worse It was hard to tell the difference between the sky and the ground because of the thick steady fog It looked like all directions were equal He had no sun or stars to help him find his way He had never been so lost before He wasn't only lost but he also felt cut off from everything he knew and held dear including his family and friends To see through the fog he lit a small lamp that was in his pocket But it looked like the light was hidden by the fog so it didn't offer much comfort or direction He thought about his home the people he loved the safety of his bed and the fire in the fireplace He thought about them wondering where he was and was getting more worried by the minute These thoughts didn't make him feel better instead they made him realize how far away he was from his own home Even though he was getting more and more down the tall guy kept going He chose to keep moving because he thought he would eventually find his way He told himself words of hope and encouragement with each step pleading with the world to lead him back to a place he knew He thought back to stories he had read about travelers who got through the hardest terrain by following the smallest clues and wonders People who got lost in those stories always found their way back because they believed in the strange and impossible
