Lope Vida Y Valores

Elvira Vilches

Lope Vida Y Valores:

Cervantes Dominick L. Finello, 1998 Cervantes work closely analysed for evidence of his attitude to academic life and to conversos and his responses to technical challenges A number of longstanding polemical issues related to Cervantes life and creativity are closely examined here throwing new light on his work as a whole The book begins by exploring Cervantes complex and ambivalent attitude towards academic life which yielded comic portraits of students and many parodies of the academic tendencies of false praise pedantry and pompousness It goes on to consider the impact of the converso or New Christian on Spanish collective thinking and Cervantes and Lope de Vega in particular Old Christian versus New Christian rhetoric frequently determines the expression of such characters as Sancho Panza An analysis of Cervantes controversial interpolation of stories in the first part of *Don Quijote* follows and Professor Finello concludes by looking at the enigmatic discourse and dialogue of *Don Quijote* himself elegant and harmonious despite the knight s apparent madness arguing that since Quijote believes he is justified in imposing his chivalric values upon those who come into contact with him he adjusts the situations in which he finds himself to the appropriate rhetoric of literary tradition DOMINICK FINELLO is Professor of Spanish at Rider University

Bad Blood Emily Weissbourd, 2023-04-18 *Bad Blood* explores representations of race in early modern English and Spanish literature especially drama It addresses two different forms of racial ideology one concerned with racialized religious difference that is the notion of having Jewish or Muslim blood and one concerned with Blackness and whiteness Shakespeare s *Othello* tells us that he was sold to slavery in his youth a phrase that evokes the Atlantic triangle trade for readers today For many years however scholars have asserted that racialized slavery was not yet widely understood in early modern England and that the kind of enslavement that *Othello* describes is related to Christian Muslim conflict in the Mediterranean rather than the rise of the racialized enslavement of Afro diasporic subjects *Bad Blood* offers a new account of early modern race by tracing the development of European racial vocabularies from Spain to England Dispelling assumptions stemming from Spain s historical exclusion of Jews and Muslims that premodern racial ideology focused on religious difference and purity of blood more than color Emily Weissbourd argues that the context of the Atlantic slave trade is indispensable to understanding race in early modern Spanish and English literature alike Through readings of plays by Shakespeare Lope de Vega and their contemporaries as well as Spanish picaresque fiction and its English translations Weissbourd reveals how ideologies of racialized slavery as well as religious difference come to England via Spain and how both notions of race operate in conjunction to shore up fantasies of Blackness whiteness and pure blood The enslavement of Black Africans Weissbourd shows is inextricable from the staging of race in early modern literature

Christian-Muslim Relations. A Bibliographical History. Volume 9 Western and Southern Europe (1600-1700)

, 2017-12-05 *Christian Muslim Relations a Bibliographical History 9* CMR 9 covering Western and Southern Europe in the period 1600 1700 is a further volume in a general history of relations between the two faiths from the seventh century to the

early 20th century It comprises a series of introductory essays and also the main body of detailed entries which treat all the works surviving or lost that have been recorded These entries provide biographical details of the authors descriptions and assessments of the works themselves and complete accounts of manuscripts editions translations and studies The result of collaboration between numerous leading scholars CMR 9 along with the other volumes in this series is intended as a basic tool for research in Christian Muslim relations Section Editors Clinton Bennett Luis F Bernab Pons Jaco Beyers Karoline Cook Lejla Demiri Martha Frederiks David D Grafton Stanisław Grod Alan Guenther Emma Loghin Gordon Nickel Claire Norton Reza Pourjavady Douglas Pratt Radu Păun Peter Riddell Umar Ryad Mehdi Sajid Cornelia Soldat Karel Steenbrink Davide Tacchini Ann Thomson Carsten Walbinder

Lope--vida y valores Francisco Márquez Villanueva, 1988 Marquez Villanueva's analysis brings new perspectives to Lope de Vega's life and work in this gracefully written book

Majesty and Humanity Alban K. Forcione, 2009-01-15 In reinterpreting two of Lope de Vega's plays Forcione places his texts in the context of political and institutional history philosophy theology and art history In doing so he shows how Spanish theatre anticipated the decisive changes in human consciousness that characterized the ascendance of the absolutist state

New World Gold Elvira Vilches, 2010-05-15 The discovery of the New World was initially a cause for celebration But the vast amounts of gold that Columbus and other explorers claimed from these lands altered Spanish society The influx of such wealth contributed to the expansion of the Spanish empire but also it raised doubts and insecurities about the meaning and function of money the ideals of court and civility and the structure of commerce and credit *New World Gold* shows that far from being a stabilizing force the flow of gold from the Americas created anxieties among Spaniards and shaped a host of distinct behaviors cultural practices and intellectual pursuits on both sides of the Atlantic Elvira Vilches examines economic treatises stories of travel and conquest moralist writings fiction poetry and drama to reveal that New World gold ultimately became a problematic source of power that destabilized Spain's sense of trust truth and worth These cultural anxieties she argues rendered the discovery of gold paradoxically disastrous for Spanish society Combining economic thought social history and literary theory in trans Atlantic contexts *New World Gold* unveils the dark side of Spain's Golden Age

Morada de la palabra William Mejías López, 2002

The Positive Image of the Jew in the 'comedia' Andrew Herskovits, 2005 Argues contrary to most scholarly opinion that while on the explicit level they are anti Jewish in a covert manner the dramatic works of the Spanish Golden Age present a positive image of the Jews Works by Rojas Cervantes and especially Lope de Vega are shown to have used coded writing and techniques of dissimulation to subvert the dominant anti Jewish ideology of the day embodied in the actions of the Inquisition and in the *limpieza de sangre* statutes A reason for the indirect approach was that the writers who were influenced by Christian Humanism rather than by any putative Converso origin themselves sought to escape interrogation by the Inquisition One technique used was to replace the Converso by the figure of a persecuted woman or by a biblical legendary or foreign Jew Defending the Jews was an aspect of espousal of justice for all
