Anderson,2024-11-25 Critical and historical discussions of the life and work of Federico Garc a Lorca Spain s foremost poet and playwright of the twentieth century often obscure the author s more avant garde dramatic works In Lorca s Experimental Theater Andrew A Anderson focuses on four of Lorca s most challenging plays Amor de don Perlimpl n con Belisa en su jard n El p blico As que pasen cinco a os and El sue o de la vida previously known as Comedia sin t tulo and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca s plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde Lorca s Experimental Theater provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca s creation of these expressive innovative works   <u>A Generation of Spanish Poets 1920-1936</u> C. B. Morris,1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets   *Lorca's Poet in New York* Betty Jean Craige,2021-10-21 Written in 1929 1930 when Federico Garc a Lorca was visiting Columbia University Poet in New York stands as one of the great Waste Land poems of the 20th century It expresses as Betty Jean Craige writes in this volume a sudden radical estrangement of the poet from his universe an an estrangement graphically delineated in the dissonant violent imagery which the poet derives from the technological world of New York Craige here describes through close analysis of the structure style and themes of individual works in Poet in New York the chaos into which this world plunges the poet and the process whereby he is able gradually to recover his identity with the regenerative forces of nature Her study demonstrates that though seemingly unique in form and motifs Poet in New York is integral with Lorca s overall poetic achievement   **Modern Drama in Theory and Practice: Volume 2, Symbolism, Surrealism and the Absurd** J.
