Love, Virtues, and Commandments Sajjad S. Haider, 1997

Religion Seeking Justice and Peace (Penerbit USM)

Chandra Muzaffar, 2010 Religion Seeking Justice and Peace not only highlights the values that the different religions share in their pursuit of justice and peace but also provides concrete examples of how individuals and institutions from different religious backgrounds have worked for justice and peace throughout history. The book also exposes the danger of religious extremism, religious exclusivism and other such negative traits to the struggle for justice and peace. It takes cognisance of the impact of the larger environment upon religious ideals and at the same time makes a plea for the application of universal values and principles embodied in the various religions to politics, Economics, culture and society. This is particularly important, some of the contributors argue, at a time like this when humanity is confronted with multiple global crises.

FINDING INFINITE GOD in JEWISH-CHRISTIAN DIALOGUE Vivian Anne Scarnati Scott, 2025-02-11 A Virtuous Path to GOD. FINDING INFINITE GOD IN JEWISH CHRISTIAN DIALOGUE. Behold I am the LORD the GOD of all flesh. Is anything too wondrous for Me? Jeremiah Nevi'im Prophets 32:27. The thought provoking ageless question above from GOD also answers every age of humanity. Now in the third decade of our twenty first Century today's expanding communication marvels while accelerating to future enterprises often become mindfully absent of the Godly source driving their intellectual capacity. Jewish Christian interreligious dialogue travels those same highways of mind although at times hampered by prejudice, depravity and indifference. This theological work argues and advocates a best position for successful dialogue between two faiths grappling with the grave injustices and blood stained persecutions of an incomprehensible unconscionable history that can only be resolved by GOD. In recounting horrific facts from Holocaust, Inquisition and other atrocities marring the beautiful life GOD intended, these events had occurred even after meaningful Divine Prophetic Word warned of grave outcomes. And in consequence GOD's omnipotence in rescuing His people is evidenced throughout history. Somehow evil never prevailed. The Scriptures remind us to seek and trust our loving Creator Who has faithfully kept His Covenants beyond space and time. Such Divine reminders seed hope and fortitude to guard our rights and religion in this embattled world struggling against politically spate doctrines and limited laws failing race and freedom. Tragically even in our new century massacres and mayhem borne out of evil persist afflicting our Churches, Synagogues and homes. Still while at times disharmony quells the joy of living there is no greater force or wonder than Infinite GOD. Success in Jewish Christian dialogue just as good deeds for interfaith relations requires abiding respect for fellow humanity and a loving non-discriminating heart. GOD's markers and signposts all lead to purposeful truth, the trilateral pure virtuous and charitable road is the only way beyond an otherwise dark impious world into a luminous one, a realm where humanity may share joyful dialogue and divinely planned spiritual destiny. Ageless immutable Ten Commandments from GOD forged with basic precepts unchanged and following His first nurturing Seven Noahide Laws ground and inspire what religious scholars consider for

valid communication essential for interreligious dialogue Remarkably the Noahide Laws were defined as the bedrock of society by a Joint Resolution of the U S Congress on March 21 1991 see Preface section on The Rainbow Covenant GOD s sacred scriptural truths proclaimed by His prophets are resounded by heavenly minded theologians qualified to teach His Word The researched testimonial criteria given within this work yield beneficial recommendations for a best heavenly directed path for finding GOD in harmonious dialogue Six eminent contemporary theologians interviewed herein assembled equally from Jewish and Christian communities are joined with a renowned hierarchy of blessing and inspiration who nobly illuminate the way These virtuous champions who profess GOD s eternal truth while valiantly identifying winding disparities and dissidence contrary to His intended Plan acknowledge and communicate in their own humble and human understanding that indeed nothing is too wondrous for GOD *Forthcoming Books* Rose Army,1998-04 **The Spirit of Tolerance in Islam** Reza Shah-Kazemi,2012-01-27 In 1932 the eminent British scholar of Islam Sir Hamilton Gibb wrote The nobility and broad tolerance of this religion Islam which accepted all the real religions of the world as God inspired will always be a glorious heritage for mankind No other society has such a record of success in uniting in an equality of status of opportunity and of endeavor so many and so various races of humanity Whither Islam Such scholarly objectivity towards the tolerance which has historically characterized the Islamic tradition as a whole is in short supply these days Through an insidious symbiosis of fanatical Muslims and prejudiced Islamophobes the very opposite image of Islam has emerged as one of the most dangerous stereotypes of our times The most cursory glance at history will not only reveal the falsity of this stereotype of an intolerant Islam it will also reveal the little known fact that not so long ago it was the Islamic world that provided models of tolerant conduct for a fanatically intolerant Christian world tearing itself apart over dogmatic differences The first part of this monograph examines the historical record of tolerance in the Islamic tradition illustrating the expression of the principle of tolerance through the rule of such dynasties as the Ottomans Mughals Fatimids and the Umayyads of Spain In the second the principle of tolerance is shown to be rooted in the spirit of the Qur anic revelation and embodied in the exemplary conduct of the Prophet *The Concept of Tolerance in Judaism, Christianity and Islam* Catharina Rachik,Georges Tamer,2025-10-06 Tolerance as a universal value of modernity is not usually associated in popular consciousness with religion which is often regarded as inherently intolerant This volume addresses the hermeneutics of tolerance as it pertains to Judaism Christianity and Islam Each author offers a distinctive theological interpretation of traditional sources elucidating the potential and limitations of tolerance in the monotheistic thought Additionally the book presents examinations of the promotion of tolerance in diverse historical and cultural contexts illustrating both similarities and differences between the three religions The evidence presented in this volume demonstrates that tolerance occupies an important place in Judaism Christianity and Islam *Being Religious Interreligiously* Peter C. Phan,2015-02-25 *Opening the Covenant* Michael S. Kogan,2008 Michael Kogan delves deeply into the theologies of Christianity and Judaism to locate the precise points of

difference and convergence He sees Christianity as the breaking open of the original Covenant to include gentile peoples God has brought this about Kogan argues through Jesus and his interpreters **The Publishers Weekly** ,2000 **Indo-British Review** ,1992 **Journal of Ecumenical Studies** ,1990 The Catholic Periodical and Literature Index ,2003 **The Heart of Love** Ted Rivera,2013-12-03 A marvel of succinctness this presentation is one of the best I have seen for initial direction in the faith once delivered to the Fathers Dr Paige Patterson Ted Rivera unpacks the mystery of God s will with a simple yet profound look at what Jesus called the two greatest commandments loving God and loving others Filled with examples drawn from everyday life Rivera s book is practical and wise a welcome primer for any student of the Bible wanting to deepen their understanding of how to follow Jesus rightly In the end Rivera concludes Jesus isn t looking merely for consistency in obedience but for obedience in love Indeed all our good deeds are utterly worthless if they are disconnected from a heart that beats not only with love for our God but also with love for our fellow human beings The Heart of Love urges readers toward a deepened faith and a greater imitation of the God who is love *The Two Great Commandments: "Love the Lord Thy God with All Thy Heart, and Thy Neighbour as Thyself;" Illustrated in a Series of Discourses on the 12th Chapter of the Epistle to the Romans* Robert Smith Candlish,1860 The Two Great Commandments Love the Lord Thy God with All Thy Heart And Thy Neighbor as Thyself Illustrated in a Series of Discourses on the 12Th Chapter of the Epistle to the Romans by Robert Smith Candlish first published in 1860 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it *Love: the Only Virtue* Jude Dike Ph.D.,2023-05-17 Love as a virtue encapsulates all other virtues in life and we all have it in us However we can choose either to embrace this innate virtue and share it with the world around us or suppress it You can t say you ve lived if you haven t loved or been loved Everyone is a product of love or has been in love or has loved but not everyone can say they have loved perfectly In Love The Only Virtue author Dr Jude Dike offers insight and perspective into the virtue of love He communicates that to love perfectly is to transcend the hate differences and judgmental opinions both internally and externally to a higher realm of harmony with your source self and the society To love perfectly is to embrace what we have in common with our source society and surroundings and work toward understanding the uncommon territories In this guide Dike presents familiar views but also steps into unfamiliar terrain about loving perfectly He communicates that love is the foundational and all encompassing virtue You need love for the other virtues to function and they cannot exist in their perfect state without love *On Love and Virtue* Michael S. Sherwin,2018 What does it mean to love and what are the traits of character that support love s activity How does the economy of grace the mission of Christ and the action of the Holy Spirit

elevate and transform human love virtue and the desire for happiness These essays both consider how the Catholic tradition has addressed these questions and places this tradition
