You will also learn to listen to your desires and those of your partners to become sexually responsible to approach sexuality in a relaxed and uncomplicated way to take responsibility for your sexuality. For many many years sexuality has been ignored. Some agreed that making sexuality a taboo was not appropriate because it is a source of pleasure. Thus a number of writings and drawings related to sex have circulated since then. Although there is no longer a law of silence around sexuality it remains difficult to talk about it freely. As a youth I was faced as others are by the problem of sex. Living partly in an Australian city where the ways of life were plainly seen partly in the solitude of the bush I was free both to contemplate and to meditate many things. A resolve slowly grew up within me one main part of my life work should be to make clear the problems of sex. That was more than twenty years ago. Since then I can honestly say that in all that I have done that resolve has never been very far from my thoughts. I have always been slowly working up to this central problem and in a book published some three years ago *Man and Woman a Study of Human Secondary Sexual Characters* I put forward what was in my own eyes an introduction to the study of the primary questions of sexual psychology. Now that I have at length reached the time for beginning to publish my results these results scarcely seem to me large. As a youth I had

hoped to settle problems for those who came after now I am quietly content if I do little more than state them For even that I now think is much it is at least the half of knowledge In this particular field the evil of ignorance is magnified by our efforts to suppress that which never can be suppressed though in the effort of suppression it may become perverted I have at least tried to find out what are the facts among normal people as well as among abnormal people for while it seems to me that the physician s training is necessary in order to ascertain the facts the physician for the most part only obtains the abnormal facts which alone bring little light I have tried to get at the facts and having got at the facts to look them simply and squarely in the face If I cannot perhaps turn the lock myself I bring the key which can alone in the end rightly open the door the key of sincerity That is my one panacea sincerity
