Loving From Your Soul Creating Powerful Relationships Summerjoy Michael:

Journey of Your Soul Shepherd Hoodwin, 2013-04-23 A fascinating discussion of the Michael teachings an extraordinary body of channeled work that addresses the fundamental questions of what it means to be human from an expert Michael channel Michael is a group of souls who teach that we are eternal beings journeying from the Tao and back again in an adventure of exploration and creativity Each step along the way we make choices that shape our experience For example after committing to a series of lifetimes we choose one of seven roles or soul types server priest artisan sage warrior king or scholar These teachings address many age old questions such as How did we become who we are Why are we here Where are we going and How does the universe work In addition Journey of Your Soul sheds light on the channeling process itself answering questions such as How does channeling work Why do different channels receive conflicting information and What does it take to become a channel Hoodwin shows us that it is possible and indeed beneficial to engage all parts of the human consciousness His unique analytical approach to channeling will help readers gain a firm intellectual understanding of what is involved In his foreword Jon Klimo PhD author of Channeling Investigations on Receiving Information from Paranormal Sources says Shepherd Hoodwin has given us one of the best books to date about the phenomenon of channeling Journey of Your Soul may well also be the best of the Michael books due to its clarity thoroughness and detail and thanks to the fact that the author an exceptionally clearheaded Michael channel himself brings real integrity and authenticity to our understanding of Michael in particular and to the channeling process in general

doctors are recommending it for their patients There are many approaches to meditation but they fundamentally fall into two categories guided and unguided Unguided meditation is free form one simply seeks to empty the mind and come into the present moment Guided meditation is directed one invites particular experiences Guided meditation audio recordings abound However Meditations for Self Discovery Guided Journeys for Communicating with Your Inner Self is one of the first collections of guided meditations in book form It is perfect for group facilitators who would rather lead meditations themselves than play recordings For individuals these journeys can be read silently as meditations or poetry or be read aloud and recorded it has been found that listening to guidance in one s own voice can make it more powerful These meditations are designed take readers and listeners to new places within themselves helping them feel uplifted and energized Afterward the meditation experience can be interpreted like dreams providing insight into where one is mentally emotionally and spiritually There are forty five meditations in this ebook each lasting about fifteen minutes although they can be shortened or extended to meet the needs of those using them Titles include Journey Through Your Mind The Crystal Cave Visiting Venus The Angel s Gift A Friend Across the Universe and The Great Mother Meditations for Self Discovery is a valuable tool for leaders of personal growth groups including support and therapy groups healing circles and classes of all kinds The meditations can promote relaxation and self knowledge as well as help bring their group together Doctors nurses therapists and other healers can use the imagery in this book to create a healing atmosphere in their patients and among their staff Members of the clergy may wish to use this book with their congregations Children love meditation and the vivid images in Meditations can stimulate their imagination as well as their self knowledge parents or teachers can invite children to draw dance or musicalize what they experienced in meditation and can discuss their experience with them afterward
