Wilson, 1930 Loyalties: Mesopotamia Vol. I, 1914-1917; Vol. II 1917-1920 Arnold Wilson, 1930 Talbot Wilson, 1930 Iraq, 2003-4 And Mesopotamia, 1914-18: A Comparative Analysis In Ends And Means Lieutenant Colonel James D. Scudieri, 2014-08-15 This paper is a comparative analysis of the British campaign in Mesopotamia during the First World War 1914 18 and the current campaign in Iraq 2003 4 The study focuses on an examination of Phase III decisive operations and Phase IV reconstruction operations including strategic imperatives operational planning and the impact of changes during operations The British had no campaign plan for Mesopotamia upon the outbreak of war in 1914 Deployment to this theater began as a peripheral operation Overriding politico strategic requirements spurred further exploitation to reach Baghdad Failure to match ends and means resulted in the disastrous surrender of a division at Kut on 29 April 1916 Sweeping reorganization and large scale reinforcements resumed the advance Baghdad fell on 11 March 1917 The British conducted ad hoc reconstruction operations throughout this period beginning in the Basra vilayet and expanding their scope with the capture of Baghdad The British established viable civil institutions to include police forces a functioning legal system Revenue and Customs Departments a banking system and even domestic mail Conversely the recent U S strategy of pre emption in Iraq was a policy decision based upon the wider strategic perspective and benefited from exhaustive operational planning However the rolling start campaign utilized minimal forces They had the capability to win the decisive operations phase rapidly but this same troop level was woefully inadequate to conduct incompletely planned sorely under estimated post conflict operations Both campaigns suffered from a serious mismatch of ends and means at certain stages especially for post war reconstruction operations. They achieved significant success due to herculean efforts in theater The study concludes with recommendations for strategic leaders related to planning and force structure Britain's Man on the Spot in Iraq and Afghanistan Ann Wilks, 2023-10-19 The newly discovered papers and colourfully written letters of Anglo Irish Sir Henry Dobbs which form the backbone of this book reveal his importance in the development of the modern Middle East An influential civil servant and Britain's longest serving High Commissioner in Iraq at a time when the British empire was facing increasing challenges to its once dominant position he describes the difficulties of governing first in India then in the formerly Ottoman Mesopotamia during WW1 Here Dobbs had

to devise administrative systems while often at odds with his superior Sir Percy Cox In the discussions that followed the Third Afghan War Dobbs manoeuvred between the different views in London and Delhi with great dexterity to negotiate alone with the Amir of Afghanistan the enduring 1921 Anglo Afghan treaty Having accepted from the League of Nations the responsibility for taking the newly created Iraq to sustainable independence in the aftermath of WW1 the cash strapped British government came under great domestic pressure to abandon it Key to British support continuing was Iragi acceptance of the controversial 1922 treaty with Britain This Dobbs achieved by disregarding the unhelpful approach recommended by London and risking his career he pressed on with his own wholly unauthorised tactics In other initiatives Dobbs ensured that Mosul province remained within Iraq Dobbs consistently pressed for Iraq s early independence granted in 1932 the first territory in the former Ottoman Empire to gain it An early advocate of self determination Dobbs was frequently at odds with the more traditional imperial approach of his superiors He always endeavoured to balance the aspirations and needs of overseas communities for whom he was responsible with the interests of Britain which he British Policy in Mesopotamia, 1903-1914 Stuart A Cohen, 2022-07-01 British imperial interests in Iraq represented during and after the First World War are well known and have often been studied But what of British policy towards the Mesopotamian provinces before 1914 In this well documented study Stuart Cohen provides the first coherent account of growing British interest in these provinces in which the defense of India commercial considerations the protection of Shia Muslim pilgrims and fear of a German dominated Berlin to Baghdad railway all had a vital role to play First published in 1976 and now available in paperback for the first time this book is essential reading not only for an understanding of the making of British policy towards the Arab provinces of the Ottoman empire but also of the last days of Turkish rule in Iraq itself European Powers in the First World War Spencer C. Tucker, 2013-12-16 Focuses on a great watershed event The First World War was one of the great watershed events of the 20th century not only costing millions of live but also disrupting existing social order precipitating dramatic changes in the methods of waging warfare and teaching victors new lessons about the treatment of vanquished foes Provides valuable perspective Now a new reference work helps to put this momentous historical milestone in perspective Designed as a companion to Garland's The United States in the First World War this new encyclopedia concentrates on non U S aspects of the conflict Its more than 600 alphabetically arranged detailed entries offer information and insights on such topics as the perceived and underlying causes of war diplomatic efforts to stop the slaughter the shortsighted and ultimately disastrous peace terms and a host of other subjects vital to a full understanding of the events The Encyclopedia covers all major campaigns and battles surveys weapons and devices of war and examines the roles played in the events by statesmen politicians religious and military leaders and prominent citizens Covers key participants and concerns Also included are biographies of individuals profoundly affected by the war who played major roles in history such as De Gaule Hitler appraisals of military medicine infantry tactics the use of artillery naval blockades and

other subjects and surveys of such diverse topics as art literature and music in the war camouflage censorship propaganda the creation of Yugoslavia the Jewish Legion codebreaking women in the war and much more Each entry is followed by a bibliography for pursuing inquires in depth and a subject index provides easy access The Coolie's Great War Radhika Singha,2020-12-15 Though largely invisible in histories of the First World War over 550 000 men in the ranks of the Indian army were non combatants From the porters stevedores and construction workers in the Coolie Corps to those who maintained supply lines and removed the wounded from the battlefield Radhika Singha recovers the story of this unacknowledged service The labor regimes built on the backs of these coolies sustained the military infrastructure of empire their deployment in interregional arenas bent to the demands of global war Viewed as racially subordinate and subject to non martial caste designations they fought back against their status using the warring powers need for manpower as leverage to challenge traditional service hierarchies and wage differentials The Coolie's Great War views that global conflict through the lens of Indian labor constructing a distinct geography of the war from tribal settlements and colonial jails beyond India's frontiers to the battlefronts of France and Mesopotamia The Other Wars Justin Fantauzzo, 2020 The first full length study of the experience and memory of British and Dominion soldiers in the Middle East and Macedonia during WWI

Redrawing the Middle East Michael D. Berdine, 2018-03-30 The Sykes Picot Agreement was one of the defining moments in the history of the modern Middle East Yet its co creator Sir Mark Sykes had far more involvement in British Middle East strategy during World War I than the Agreement for which he is now most remembered Between 1915 and 1916 Sykes was Lord Kitchener's agent at home and abroad operating out of the War Office until the war secretary's death at sea in 1916 Following that from 1916 to 1919 he worked at the Imperial War Cabinet the War Cabinet Secretariat and finally as an advisor to the Foreign Office The full extent of Sykes s work and influence has previously not been told Moreover the general impression given of him is at variance with the facts Sykes led the negotiations with the Zionist leadership in the formulation of the Balfour Declaration which he helped to write and promoted their cause to achieve what he sought for a pro British post war Middle East peace settlement although he was not himself a Zionist Likewise despite claims he championed the Arab cause there is little proof of this other than general rhetoric mainly for public consumption On the contrary there is much evidence he routinely exhibited a complete lack of empathy with the Arabs In this book Michael Berdine examines the life of this impulsive and headstrong young British aristocrat who helped formulate many of Britain's policies in the Middle East that are responsible for much of the instability that has affected the region ever since **Playing the Game** Penelope Tuson, 2003-10-24 The lives of the Western women who lived worked and travelled in Arabia in the first half of the 20th century have been largely ignored by historians Penelope Tuson tells the stories of these women Sometimes flamboyant and unconventional sometimes conservative and conformist all of them wanted in some way to be a part of British imperial life Some were prepared to play the game others were not and could even be regarded as difficult and dangerous Playing the

Game explores how these women negotiated power and position in the Empire and how conventional female roles were defined by the masculine perspecitves and hierarchies of imperial authority often with the collusion of the women themselves actively but also sometimes despite their attempts to subvert the stereotypes
