But Kat Hamilton won't give him the time of day, let alone any information about her mother. With his tousled blond hair, sexy stubble, and an old straw cowboy hat topping off his long lean frame, Kat can just tell Max isn't used to female sources denying him anything. But when her own life is put in jeopardy, it's Max who comes to her rescue. Seems someone is prepared to kill to keep the past in the past. Kat can't deny she needs Max to find out what happened to her mother, but will getting closer and closer to each other lead them to the truth or to danger. *Lucky 73* Aldona Sendzikas, 2010-03-07. Today USS Pampanito is a tourist destination. During WWII, the submarine earned six battle stars, sank six Japanese ships, damaged four others, and rescued seventy-three British and Australian POWs from the South China Sea. Astonishingly, this rescue happened three days after she sank one of the transport ships on which the Allied prisoners were being ferried to Japan. The chain of events that led to this rescue is truly remarkable. Captured in 1942, forced to spend fifteen months constructing the Burma Thai Railroad, and then loaded onto floating concentration camps, hellships as they were called, the prisoners were in the wrong place at the wrong time when Pampanito and her wolf pack attacked a Japanese convoy. Returning to the coordinates a few days later, the crew was astonished to discover survivors in the water from among the more than 2,200 prisoners who had been aboard the Japanese ships. Even more remarkable is that the officers and crew of Pampanito, after picking up these men, the Lucky 73 thought to have them record their thoughts and experiences while the events were still fresh in their minds before returning to port. While working as curator for Pampanito, Aldona Sendzikas discovered these documents and began an odyssey of tracking down one of the most incredible rescue stories of the Pacific War. *Vendetta: Lucky's Revenge* Jackie Collins, 2012-01-31.
