Milton And The Line Of Vision:

MILTON AND THE LINE OF VISION. EDITED BY JOSEPH ANTHONY WITTREICH, JR. ,1975 Milton and the Line of Vision Joseph A. Wittreich,1975-01-01 **Milton's Vision** Theo Hobson,2008-10-20 No other writer is so grudgingly admired as Milton He wrote great poetry goes the received wisdom but his creed was narrow chilling and inhuman His reputation is that of a stereotypical Puritan and authoritarian Yet Theo Hobson maintains that no one opposed religious authoritarianism with such vehemence Indeed he argues that no one was so adamant that political freedom is built into the Christian gospel Milton insisted that Protestantism was compatible with political liberty that the two ideas are complementary By treating all ecclesiastical authority with suspicion he helped to establish the modern ideal of secularism He was a Christian libertarian who wanted every form of church to wither away so that the Gospel might be completely free of coercion Milton s Vision is thus a vital contribution to the contemporary debate about the place of religion in public life There has never been a study of Milton that highlights his relevance to the core issues of our day how religion gives rise to and interacts with secular ideals Intentionality and the New Traditionalism John T. Shawcross,2010-11-01 *Anna Letitia Barbauld and Eighteenth-Century Visionary Poetics* Daniel P. Watkins,2012-04-16 In this first critical study of Anna Letitia Barbauld s major work Daniel P Watkins reveals the singular purpose of Barbauld s visionary poems to recreate the world based on the values of liberty and justice Watkins examines in close detail both the form and content of Barbauld s Poems originally published in 1773 and revised and reissued in 1792 Along with careful readings of the poems that situate the works in their broader political historical and philosophical contexts Watkins explores the relevance of the introductory epigraphs and the importance of the poems placement throughout the volume Centering his study on Barbauld s effort to develop a visionary poetic stance Watkins argues that the deliberate arrangement of the poems creates a coherent portrayal of Barbauld s poetic political and social vision a far sighted sagacity born of her deep belief that the principles of love sympathy liberty and pacifism are necessary for a secure and meaningful human reality In tracing the contours of this effort Watkins examines in particular the tension in Barbauld s poetry between her desire to engage directly with the political realities of the world and her equally strong longing for a pastoral world of peace and prosperity Scholars of British literature and women writers will welcome this important study of one of the eighteenth century s foremost writers Milton's Kinesthetic Vision in Paradise Lost Elizabeth Ely Fuller,1983 The author demonstrates that the apparent contradictions in the poetic dramatic and conceptual framework of Paradise Lost are purposive indeed central to Milton s kinesthetic poetics
