**New Masters of Flash** Hoss Gifford, Mary Ann Tan, Yugo Nakamura, 2014-09-18 *ActionScript for Flash MX* Colin Moock, 2003 Thoroughly updated to cover the new version of Macromedia Flash Flash MX this second edition builds on the strengths of the original book while incorporating changes from this major revision of the software

*The Work of Art in a Digital Age: Art, Technology and Globalisation* Melissa Langdon, 2014-08-20 This book explores digital artists articulations of globalization Digital artworks from around the world are examined in terms of how they both express and simulate globalization s impacts through immersive participatory and interactive technologies The author highlights some of the problems with macro and categorical approaches to the study of globalization and presents new ways of seeing the phenomenon as a series of processes and flows that are individually experienced and expressed Instead of providing a macro analysis of large scale political and economic processes the book offers imaginative new ways of knowing and understanding globalization as a series of micro affects Digital art is explored in terms of how it re centers articulations of globalization around individual experiences and offers new ways of accessing a complex topic often expressed in general and intangible terms The Work of Art in a Digital Age Art Technology and Globalization is analytic and accessible with material that is of interest to a range of researchers from different disciplines Students studying digital art film globalization cultural studies or digital media trends will also find the content fascinating

**Flash 5 Hands-on Training** Kymberlee Weil, Garo Green, Lynda Weinman, 2002 UntitledFlash 5 Hands on Training is a tutorial based learning tool for beginning

Flash designers from Lynda Weinmans best selling Hands on Training series With no prior experience using Flash users will be led through a series of exercises that start quite simply and increase in complexity until they have learned how to use all of the basic tools in Flash 5 Beginning with the drawing tools users will learn how to create art and basic shape tweens convert their art to symbols and then create motion tweens and gradually build more complex animations and buttons by learning how to use multiple scenes layers movie clips and the basic ActionScripting features that ship with the program Like the other books in the Hands on Training series this book comes with a companion CD ROM that includes a trial version of the software the complete exercise files and QuickTime movies featuring demonstrations from the authors **RICH MEDIA STU**, Kristian Besley, Sham Bhangal, Murat Bodur, Kevyn Smith, Mike Tucker, Paul Logan, Tania Aleo, Martin Dahlhauser, Fred Fauquette, Doug McDermott, Keran McKenzie, Alex Ogle, Mark Welland, Jorge Diogo, Robin Mackay, Alex MacLeod, 2001-09-24 With its low bandwidth and tiny file sizes it is often wrongly assumed that sound and video can never achieve a really high level of sophistication in Flash animations With competitive motion graphics techniques rapidly evolving there is a constantly growing demand for the next stage in sophisticated design video and sound This book will do exactly what they said wasn't possible by illustrating how video and sound can be integrated into your Flash presentations placing you at the extreme edge of creative web design The application of such tools as AfterEffects QuickTime SoundForge and Wildform test the boundaries of Flash and suggest ways to take sound and video beyond Flash and into the realm of Shockwave Showing you how to break your site down and incorporate video and sound the techniques covered in this book capitalise on the capabilities of Flash whilst tackling its limitations head on It will then look at how to take web video and sound a step further with Shockwave presentations What you'll learn Who this book is for All Flash designers who appreciate the need to use sound and video in order to stay ahead in the motion web graphics sector Readers of other friends of ED Flash Studio titles who want to take the next step towards becoming New Masters **Macromedia Flash MX Magic** Matthew David, 2002 The CD that accompanies this book contains various resources including project files Macromedia software demos and finished files of completed Flash projects **FLASH 5 GAMES**, RHODES, 2001-08-20 These days people are looking to the Internet for its gaming possibilities Whether it's real time role playing you're after with 30 000 of your closest friends or just a solitary round of crazy golf the most versatile piece of web animation software just made itself more approachable for designing games This book takes us deep deep down into the realms of game design and hunts out the features that are really going to evolve your Flash skills into full on game wizardry We are going to discuss what makes a good game and what makes a great game We grapple with the concepts of 3D and how to get Flash to produce cutting edge game environments while keeping our sensible shoes on by reducing those file sizes and download times We conduct a battle of wits with artificial intelligence and have a good crash around with some collision detection in platform games All in all we are pushing Flash to its breaking point to see what lies beyond The Studio series assumes you already know your way around Flash's basics and it aims to boost your

knowledge and help you master some advanced techniques Flash 5 Games Studio draws its inspiration from the full spectrum of Flash's capabilities Amongst other things it explores Refining methods of graphic creation to speed up game performance Using ActionScript techniques for player control and environmental reactions Mastering the sound capabilities with interactive soundtracks Using data packets and sockets to develop multiplayer games What you'll learn Who this book is for If you want to turn your open ended Flash animations into challenging high quality games then this is the book for you You will benefit from it if you are A Flash user who wants to get comfortable with the most important and useful ActionScript commands A Flash user who wants to push the software to the edge of its capabilities and stretch your knowledge base to its limit A Flash savvy game designer who wants to venture into the realms of web based gaming Macromedia Flash MX Application Design and Development Jessica Speigel, 2002 Speigel gets right down to business with instructing how to create three of the most sought after Flash applications 1 Full featured Flash e-commerce site 2 multiplayer game and 3 online community with forum real time private messaging and search capabilities *DIR 8.5 STUDIO*, ROBBINS, 2001-08-20 There are things that Flash does badly or not at all namely sound and 3D These two also happen to be the hottest areas for web development as more and more segments of the entertainment industry realise that for sound and 3D and a heavyweight project Director is the tool of choice Director has long been established as the premier multimedia authoring tool Version 8 brought closer web focus But Director 8.0 did not include Flash asset management nor was it capable of working in 3D With the upgrade to 8.5 Director has become an important Flash compatible 3D development tool This integration of two of Macromedia's most exciting graphics tools as well as the inclusion of a sophisticated 3D modelling environment mean that Director 8.5 is not a half version so much as a rapid response to a burgeoning and demanding market Following the multi author single voice Studio format this book brings together experts in the many different facets of Director lore and technique programming and modelling What you'll learn Who this book is for Multimedia designers interested in working with the net and or multimedia computer graphics Flash 5 users who need to deepen and perfect their Director skills required for working with 3D and more sophisticated interactivity than they can achieve with Flash *Flash MX Upgrade Essentials* Sham Bhangal, 2002-04-10 This title focuses on the upgrade features of Flash X It tells you what's changed why these things are important and how you can use them effectively It focuses entirely on the new features It examines the changes improvements shortcuts and complexities and presents them clearly **EProject** Pao & Paws (Firm), 2002-06-18 This guide provides endless inspiration for Web designers architects and engineers alike Hand selected by Imin Pao the preeminent authority on Web design the Web sites featured in E Project represent the most advanced technologies challenging concepts and stunning page designs in existence on the Web today Pushing the boundaries of art design and technology more than 200 sites are profiled all of which offer readers dramatic new ways to navigate through data and communicate information effectively Along with the sites are Q & A interviews with the designers who created each site so
