Lineages: Korean Art at The Met Eleanor Soo-ah Hyun,2023-08-01 In celebrating the 25th anniversary of the Arts of Korea Gallery this issue of the Bulletin invites us to reflect on the past while embracing the future Featuring objects from the Bronze Age to the present Lineages Korean Art at The Met illustrates both the continuities and ruptures of style form and medium that have defined the dynamic terrain of Korean art The 47 works included from lacquer and ceramics to paintings and collage express Korean tradition history and socio cultural change over more than three centuries of creativity This volume honors one of the first museum galleries in the United States dedicated to Korean art by offering readers a greater understanding of the nation s aesthetic past and future *Tropical Cyclone Wind Probability Forecasting (WINDP)* Jerry D. Jarrell,1981 The development of a model to estimate 30 and 50 kt wind probabilities from tropical cyclone forecasts is described Some examples to illustrate the use of probabilities are discussed The model is based on position forecast errors which are used to determine the probability of a cyclone occupying a particular geographical position and on wind profile errors Wind profile errors consist of errors in the forecast maximum wind and errors in the forecast radius of 30 and 50 kt winds The profile errors are used to estimate the probability of 30 and 50 kt winds occurring at a point given that the cyclone occupies a particular position These position and wind probability elements are combined by using an assumption of independence which is supported by correlation coefficients The model which includes features of the earlier strike probability model is tested on independent data Test results are shown to illustrate good agreement between forecast probability and the frequency of occurrence of 30 and 50 kt winds Author **Molto Agitato** Johanna Fiedler,2003-09-09 If the opera world is full of intrigue double meanings and devious dramatics then no place exemplifies this more than the world

famous Metropolitan Opera where politics ambition and oversized egos have traditionally taken center stage along with some of the world s richest music Drawing on her fifteen years as its press representative Johanna Fiedler explodes the traditional secrecy that surrounds the Met in this wonderfully entertaining account of its tumultuous history Fiedler chronicles the Met s early days as a home for legends like Toscanini Mahler and Caruso and gives a fascinating account of the middle years when haughty blue bloods battled stubborn administrators for control of a company that would emerge as America s premiere opera house She takes us behind the grand gold curtain stage in more recent years as well showing how musical superstars like Luciano Pavarotti Pl cido Domingo and Kathleen Battle have electrified performances and scandalized the public But most revelatory are Fiedler s portrayals of James Levine and Joseph Volpe and their practically parallel ascendancies Levine rising from prodigy to artistic director Volpe advancing from stagehand to general manager and their once strained relationship Weaving together the personal economic and artistic struggles that characterize the Met s long and vibrant history *Molto Agitato* is a must read saga of power wealth and above all great music
