Morrison, Carroll Spear Morrison, 1969 *Lincoln Looks West* Richard W. Etulain, 2010-03-05 This first ever volume to comprehensively explore President Abraham Lincoln s ties to the American West brings together a variety of scholars and experts who offer a fascinating look at the sixteenth president s lasting legacy in the territory beyond the Mississippi River Editor Richard W Etulain s extensive introductory essay treats these western connections from Lincoln s early reactions to Texas Oregon and the Mexican War in the 1840s through the 1850s and during his presidency providing a framework for the nine essays that follow Each of these essays offers compelling insight into the many facets of Lincoln s often complex interactions with the American West Included in this collection are a provocative examination of Lincoln s opposition to the Mexican War a discussion of the president s antislavery politics as applied to the new arena of the West new perspectives on Lincoln s views regarding the Thirteenth Amendment and his reluctance regarding the admission of Nevada to the Union a fresh look at the impact of the Radical Republicans on Lincoln s patronage and appointments in the West and discussion of Lincoln s favorable treatment of New Mexico and Arizona primarily Southern and Democratic areas in an effort to garner

their loyalty to the Union Also analyzed is The Tribe of Abraham Lincoln s less than competent appointments in Washington Territory made on the basis of political friendship and the ways in which Lincoln s political friends in the Western Territories influenced his western policies Other essays look at Lincoln s dealings with the Mormons of Utah who supported the president in exchange for his tolerance and American Indians whose relations with the government suffered as the president s attention was consumed by the crisis of the Civil War In addition to these illuminating discussions Etulain includes a detailed bibliographical essay complete with examinations of previous interpretations and topics needing further research as well as an extensive list of resources for more information on Lincoln s ties west of the Mississippi Loaded with a wealth of information and fresh historical perspectives Lincoln Looks West explores yet another intriguing dimension to this dynamic leader and to the history of the American West Contributors Richard W Etulain Michael S Green Robert W Johannsen Deren Earl Kellogg Mark E Neely Jr David A Nichols Earl S Pomeroy Larry Schweikart Vincent G Tegeder Paul M Zall Family Life in 19th-Century America James M. Volo, Dorothy Volo, 2007-08-30 Nineteenth century families had to deal with enormous changes in almost all of life s categories The first generation of nineteenth century Americans was generally anxious to remove the Anglo from their Anglo Americanism The generation that grew up in Jacksonian America matured during a period of nationalism egalitarianism and widespread reformism Finally the generation of the pre war decades was innately diverse in terms of their ethnic backgrounds employment social class education language customs and religion Americans were acutely aware of the need to create a stable and cohesive society firmly founded on the family and traditional family values Yet the people of America were among the most mobile and diverse on earth Geographically socially and economically Americans and those immigrants who wished to be Americans were dedicated to change movement and progress This dichotomy between tradition and change may have been the most durable and common of American traits and it was a difficult quality to circumvent when trying to form a unified national persona Volumes in the Family Life in America series focus on the day to day lives and roles of families throughout history The roles of all family members are defined and information on daily family life the role of the family in society and the ever changing definition of family are discussed Discussion of the nuclear family single parent homes foster and adoptive families stepfamilies and gay and lesbian families are included where appropriate Topics such as meal planning homes entertainment and celebrations are discussed along with larger social issues that originate in the home like domestic violence child abuse and neglect and divorce Ideal for students and general readers alike books in this series bring the history of everyday people to life
