New Orleans Sketches

Yi-Tong Ma

New Orleans Sketches:

New Orleans Sketches William Faulkner, 1968 In 1925 William Faulkner began his professional writing career in earnest while living in the French Quarter of New Orleans He had published a volume of poetry *The Marble Faun* had written a few book reviews and had contributed sketches to the University of Mississippi student newspaper He had served a stint in the Royal Canadian Air Corps and while working in a New Haven bookstore had become acquainted with the wife of the writer Sherwood Anderson In his first six months in New Orleans where the Andersons were living Faulkner made his initial foray into serious fiction writing Here in one volume are the pieces he wrote while in the French Quarter These were published locally in the *Times Picayune* and in the *Double Dealer* a little magazine based in New Orleans *New Orleans Sketches* broadcasts seeds that would take root in later works In their themes and motifs these sketches and stories foreshadow the intense personal vision and style that would characterize Faulkner's mature fiction As his sketches take on parallels with Christian liturgy and as they portray such characters as an idiot boy similar to Benjy Compson they reveal evidence of his early literary sophistication In praise of *New Orleans Sketches* Alfred Kazin wrote in the *New York Times Book Review* that the interesting thing for us now who can see in this book the outline of the writer Faulkner was to become is that before he had published his first novel he had already determined certain main themes in his work In his trail blazing introduction Carvel Collins often called Faulkner's best informed critic illuminates the period when the sketches were written as the time that Faulkner was making the transition from poet to novelist For the reader of Faulkner Paul Engle wrote in the *Chicago Tribune* the book is indispensable Its brilliant introduction is full both of helpful information and of fine insights We gain something more than a glimpse of the mind of a young genius asserting his power against a partially indifferent environment states the *Book Exchange London* The long introduction must rank as a major literary contribution to our knowledge of an outstanding writer perhaps the greatest of our times Carvel Collins 1912-1990 one of the foremost authorities on Faulkner's life and works served on the faculties of Harvard University Massachusetts Institute of Technology Swarthmore College and the University of Notre Dame where he was the first to teach a course devoted to Faulkner's writing

New Orleans Sketches William Faulkner, Carvel Emerson Collins, 1958 In 1925 William Faulkner began his professional writing career in earnest while living in the French Quarter of New Orleans He had published a volume of poetry *The Marble Faun* had written a few book reviews and had contributed sketches to the University of Mississippi student newspaper He had served a stint in the Royal Canadian Air Corps and while working in a New Haven bookstore had become acquainted with the wife of the writer Sherwood Anderson In his first six months in New Orleans where the Andersons were living Faulkner made his initial foray into serious fiction writing Here in one volume are the pieces he wrote while in the French Quarter These were published locally in the *Times Picayune* and in the *Double Dealer* The pieces in *New Orleans Sketches* broadcast seeds that would take root in later works In their themes and motifs these sketches and stories foreshadow the intense personal vision

and style that would characterize Faulkner's mature fiction. As his sketches take on parallels with Christian liturgy and as they portray such characters as an idiot boy similar to Benjy Compson, they reveal evidence of his early literary sophistication. In praise of *New Orleans Sketches*, Alfred Kazin wrote in the *New York Times Book Review* that the interesting thing for us now who can see in this book the outline of the writer Faulkner was to become is that before he had published his first novel he had already determined certain main themes in his work. In his trailblazing introduction, Carvel Collins often called Faulkner's best informed critic illuminates the period when the sketches were written as the time that Faulkner was making the transition from poet to novelist. For the reader of Faulkner, Paul Engle wrote in the *Chicago Tribune*, the book is indispensable. Its brilliant introduction is full both of helpful information and of fine insights. We gain something more than a glimpse of the mind of a young genius asserting his power against a partially indifferent environment, states the *Book Exchange*, London. The long introduction must rank as a major literary contribution to our knowledge of an outstanding writer, perhaps the greatest of our times.

William Faulkner, Carvel Collins, 1958 *William Faulkner: New Orleans Sketches*, Ed. by Carvel Collins, George Garrett, 1960 **William Faulkner**, William Faulkner, 1961 **The Earliest Faulkner**, George Garrett, 1958 **Early Faulkner**, 1957 **New Orleans Sketches**, William Faulkner, 2009 **New Orleans Sketches.
