Berdine, 2020-11-25 This fascinating account highlights the extent the world's major powers will go to as they seek to insure their own interests and agendas despite the wishes of those whose countries they invade and occupy *The Accidental Tourist* profiles Wilfrid Scawen Blunt's involvement in the so called Arabi Revolt in 1882 It addresses Blunt's tireless efforts on behalf of the Egyptian Nationalists to mediate the differences between Britain and Egypt and prevent a British invasion of Egypt It highlights what amounted to a government cover up of the actions of certain governmental officials to precipitate the invasion by falsifying intelligence information and manipulating the press It also takes to task the scholarly tradition of maligning Blunt and questioning the accuracy of his version of the events of 1882 Blunt was branded a traitor in the House of Commons This book was written to set the record straight It is ideal reading for those interested in the field of Middle Eastern Imperial or Colonial history and will provide readers with a better understanding of the real story of imperialism that went on at the time and is still going on in the Middle East today **Legislating Authority** Ruth Miller, 2020-11-25

countries than in sending societies      Palestinian Identity in Jordan and Israel Riad M. Nasser, 2013-04-15 The book examines the process of national identity formation It argues that identity whether of a small community a nation an ethnic group or a religious community requires an Other against whom it becomes meaningful In other words identity develops via difference from Others against whom our sense of self becomes meaningful This thesis emerges out of the synthesis the study develops from the from the various modern and poststructuralist theories of identity and nationalism      **How Development Projects Persist** Erin Beck, 2017-05-18 Erin Beck examines microfinance NGOs working with poor rural women in Guatemala to show how these women creatively and strategically use the NGOs to their own benefit in ways that do not necessarily match the goals of the NGOs demonstrating that development projects are often transformed and persist in unexpected ways
