New Russia A Handbook Of Economic And Political Development

Susanne Oxenstierna

New Russia A Handbook Of Economic And Political Development:

The New Russia Ian Jeffries, 2002 Provides full details of the many rapid changes in the Russian economy and the political system since the collapse of the Soviet Union Covers the period up to 2000 offering a valuable guide to policies in the Putin era

The New Russia Ian Jeffries, 2013-12-19 The rapid changes in Russia since the collapse of the Soviet Union are often bewildering with many frequent highly significant changes in the different sectors of the economy and the political system There have been frequent changes of personnel in government and economic management and many changes have been reversed and sometimes forgotten or at other times reinstated What happened when Who was responsible for what Did such a change in one sector precede or follow a particular change elsewhere These are points not easily remembered This book provides full details of the many changes and enables sense to be made of what would otherwise be a confusing situation Developments are arranged chronologically by sector and the book is unusual in extensively chronicling both economic and political developments and the crucial connections between them There is a generous introduction and overview to help the reader find his or her way around The material covers the period up to late autumn 2000 and thus offers a valuable guide to policies in the Putin era

Political Developments in Contemporary Russia Ian Jeffries, 2011-03-07 This book provides a comprehensive overview of political developments in Russia since late 1999 It covers all aspects of politics including central government and elections regional government and developments in the republics including in Chechnya and other Caucasian republics and human rights

Economic Developments in Contemporary Russia Ian Jeffries, 2011-03-07 This book provides a comprehensive overview of Russia's difficult economic transition from a command economy since the early 1990s It covers the financial crisis of August 1998 and the global financial crisis a decade later Key subjects covered include economic transition privatization and liberalization changes in land ownership and agriculture energy foreign direct investment economic stabilization and economic performance Russia is well endowed with raw materials especially oil and natural gas this book argues that in some ways this has not helped Russia's attempts to become a more diversified and high tech economy Overall the book demonstrates how much the Russian economy has changed in the period It continues and adds to the overview of developments in the author's *The New Russia 2002* and is the companion volume to *Political Developments in Contemporary Russia 2011* both published by Routledge

When Russia Did Democracy Kenneth MacInnes, 2023-01-15 Between the end of the Soviet Union in 1991 and the new millennium Russia went through a unique moment genuine democracy In this fascinating and absorbing book Kenneth MacInnes explores not just the 1990s when he lived and worked in Russia but the entire history of Russian democracy from the earliest days right up to President Putin

IBSS: Political Science: 2002 Vol.51 Compiled by the British Library of Political and Economic Science, 2004-03-01 First published in 1952 the *International Bibliography of the Social Sciences* anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians

Democracy Beyond Elections Gergana Dimova,2019-08-28 This book provides the analytical framework for understanding the relationship between media scandals executive accountability and the crisis of democracy The empirical findings are based on an original database of 6000 media allegations and investigations in Russia Germany and Bulgaria Observations gained from the case studies are then placed in relation to a systematic analysis and critique of more than 100 models of the transformation and crisis of democracy The book will be of particular interest to researchers focusing on democratic theory and political thought as well as those working empirically in the field of democratic systems **The Oligarchs** Claes Ericson,2012-03-04 The Oligarchs is the dramatic but serious story about how a small group of young entrepreneurs could become some of the world s richest men and get control of the president of a fallen super power in the process Constitutional Politics in Central and Eastern Europe Anna Fruhstorfer,Michael Hein,2016-10-12 The contributions to this edited volume discuss constitutional politics in 20 Central and Eastern European countries The country chapters describe all constitutional amendments and new constitutions after the first post communist constitution making all failed amendment attempts and the political discourses about constitutional politics Framed by a broad comparative chapter the country studies are embedded in the established literature on constitutional politics The book thus provides a better understanding of constitutional politics in the region and beyond *International Bibliography of Political Science* British Library of Political and Economic Science,2003-10-23 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences The Caucasus and Central Asian Republics at the Turn of the Twenty-First Century Ian Jeffries,2003-09-04 This book provides a unique level of coverage of economic and political events of global significance including foreign trade foreign direct investment the impact of oil and natural gas finds Islamic extremism the 11 September 2001 terrorist attacks on the United States and the reaction of the CIS countries and the war on international terrorism It will provide an invaluable source of reference for all those interested in transitional and developing countries The author

presents a clear detailed and accessible breakdown of the developments in the Caucasus Armenia Azerbaijan and Georgia and the Central Asian republics of Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan **The Less You Know, The Better You Sleep** David Satter, 2016-05-28 In December 2013 David Satter became the first American journalist to be expelled from Russia since the Cold War The Moscow Times said it was not surprising he was expelled it was surprising it took so long Satter is known in Russia for having written that the apartment bombings in 1999 which were blamed on Chechens and brought Putin to power were actually carried out by the Russian FSB security police In this book Satter tells the story of the apartment bombings and how Boris Yeltsin presided over the criminalization of Russia why Vladimir Putin was chosen as his successor and how Putin has suppressed all opposition while retaining the appearance of a pluralist state As the threat represented by Russia becomes increasingly clear Satter's description of where Russia is and how it got there will be of vital interest to anyone concerned about the dangers facing the world today *Russia's Path from Gorbachev to Putin* David Kotz, Fred Weir, 2007-05-07 Over the past few years many of the former Communist rule countries of Central and Eastern Europe have taken a steady path toward becoming more or less normal capitalist countries with Poland and Hungary cases in point Russia on the other hand has experienced extreme difficulties in its attempted transition to capitalism and democracy The pursuit of Western endorsed policies of privatization liberalization and fiscal austerity have brought Russia growing crime and corruption a distorted economy and a trend toward authoritarian government In their 1996 book *Revolution from Above* David Kotz and Fred Weir shed light on the underlying reasons for the 1991 demise of the Soviet Union and the severe economic and political problems of the immediate post Soviet period in Russia In this new book the authors bring the story up to date showing how continuing misguided policies have entrenched a group of super rich oligarchs in alliance with an all powerful presidency while further undermining Russia's economic potential New topics include the origins of the oligarchs the deep penetration of crime and corruption in Russian society the financial crisis that almost destroyed the regime the mixed blessing of an oil dependent economy the atrophy of democracy in the Yeltsin years and the recentralization of political power in the Kremlin under President Putin **The Challenges for Russia's Politicized Economic System** Susanne Oxenstierna, 2015-04-10 During the early 2000s the market liberalization reforms to the Russian economy begun in the 1990s were consolidated But since the mid 2000s economic policy has moved into a new phase characterized by more state intervention with less efficiency and more structural problems Corruption weak competitiveness heavy dependency on energy exports an unbalanced labour market and unequal regional development are trends that have arisen and which this book argues will worsen unless the government changes direction The book provides an in depth analysis of the current Russian economic system highlighting especially structural and institutional defects and areas where political considerations are causing distortions and puts forward proposals on how the present situation could be remedied **The Politics of Inequality in Russia** Thomas F. Remington, 2011-04-29 This book investigates the

relationship between the character of political regimes in Russia's subnational regions and the structure of earnings and income. Based on extensive data from Russian official sources and surveys conducted by the World Bank, the book shows that income inequality is higher in more pluralistic regions. It argues that the relationship between firms and government differs between more democratic and more authoritarian regional regimes. In more democratic regions, business firms and government have more cooperative relations, restraining the power of government over business and encouraging business to invest more, pay more, and report more of their wages. Average wages are higher in more democratic regions, and poverty is lower, but wage and income inequality are also higher. The book argues that the rising inequality in postcommunist Russia reflects the inability of a weak state to carry out a redistributive social policy.

Invisible Hands, Russian Experience, and Social Science Stefan Hedlund, 2011-06-20. This book investigates cases in which national and international activities have gone massively wrong, entailing seriously negative consequences, and in which the sophisticated analytical models of social science have ceased to be helpful. Illustrations range from the global financial crisis to the failure to achieve speedy systemic change in the former Soviet Union and the failure to achieve development in the Third World. The analysis uses as a backdrop long-term Russian history and short-term Russian encounters with unrestrained capitalism to develop a framework that is based in the so-called new institutionalism. Understanding the causes of systemic failure is shown to require an approach that spans across the increasingly specialized subdisciplines of modern social science. Demonstrating that increasing theoretical sophistication has been bought at the price of a loss of perspective and the need for sensitivity to the role of cultural and historical specificity, the book pleads the case for a new departure in seeking to model the motives for human action.

Russia's Regions and Comparative Subnational Politics William M. Reisinger, 2013-01-17. Subnational political units are growing in influence in national and international affairs, drawing increasing scholarly attention to politics beyond national capitals. In this book, leading Russian and Western political scientists contribute to debates in comparative politics by examining Russia's subnational politics. Beginning with a chapter that reviews major debates in theory and method, this book continues to examine Russia's 83 regions, exploring a wide range of topics, including the nature and stability of authoritarian regimes, federal politics, political parties, ethnic conflict, governance, and inequality in a comparative perspective. Providing both qualitative and quantitative data from 20 years of original research, the book draws on elite interaction, public opinion, and the role of institutions regionally in the post-Soviet years. The regions vary on a number of theoretically interesting dimensions, while their federal membership provides control for other dimensions that are challenging for globally comparative studies. The authors demonstrate the utility of subnational analyses and show how regional research can help answer a variety of political questions, providing evidence from Russia that can be used by specialists on other large countries or world regions in cross-national scholarship. Situated within broader theoretical and methodological political science debates, this book will be of interest to students and scholars of Russian politics, comparative politics, regionalism, and

subnational politics **How Asia Works** Joe Studwell, 2013-07-02 A good read for anyone who wants to understand what actually determines whether a developing economy will succeed Bill Gates Top 5 Books of the Year An Economist Best Book of the Year from a reporter who has spent two decades in the region and who the Financial Times said should be named chief myth buster for Asian business In *How Asia Works* Joe Studwell distills his extensive research into the economies of nine countries Japan South Korea Taiwan Indonesia Malaysia Thailand the Philippines Vietnam and China into an accessible readable narrative that debunks Western misconceptions shows what really happened in Asia and why and for once makes clear why some countries have boomed while others have languished Studwell's in depth analysis focuses on three main areas land policy manufacturing and finance Land reform has been essential to the success of Asian economies giving a kick start to development by utilizing a large workforce and providing capital for growth With manufacturing industrial development alone is not sufficient Studwell argues Instead countries need export discipline a government that forces companies to compete on the global scale And in finance effective regulation is essential for fostering and sustaining growth To explore all of these subjects Studwell journeys far and wide drawing on fascinating examples from a Philippine sugar baron's stifling of reform to the explosive growth at a Korean steel mill Provocative *How Asia Works* is a striking and enlightening book A lively mix of scholarship reporting and polemic The Economist **Routledge Handbook of Russian Politics and Society** Graeme Gill, James Young, 2013-03-01 There is an ever burgeoning number of books analyzing the Russian experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations Economic Development of Modern Europe Frederic Austin Ogg, Walter Rice Sharp, 1926

New Russia A Handbook Of Economic And Political Development Introduction

In the digital age, access to information has become easier than ever before. The ability to download New Russia A Handbook Of Economic And Political Development has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download New Russia A Handbook Of Economic And Political Development has opened up a world of possibilities. Downloading New Russia A Handbook Of Economic And Political Development provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading New Russia A Handbook Of Economic And Political Development has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download New Russia A Handbook Of Economic And Political Development. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading New Russia A Handbook Of Economic And Political Development. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading New Russia A Handbook Of Economic And Political Development, users should also consider the potential security risks associated with online platforms. Malicious

actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download New Russia A Handbook Of Economic And Political Development has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About New Russia A Handbook Of Economic And Political Development Books

1. Where can I buy New Russia A Handbook Of Economic And Political Development books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a New Russia A Handbook Of Economic And Political Development book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
