New South The:

The Emergence of the New South, 1913-1945 George Brown Tindall, 1967-11-01 The history of the South in this century has been obscured in the ever growing mass of information about the region's rapid change and turbulent development. In this book, Volume X of *A History of the South*, the historical image of the modern South is brought into full focus for the first time. George Brown Tindall presents a thorough and well-balanced historical narrative of the region during the years 1913-1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization. The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms, prohibition, woman suffrage, industrial growth, and recurring crises for Southern farmers. During the 1920s the South was caught in a contrast of urban booms and farm distress. There were flareups of racial violence and the Ku Klux Klan was revived. Mr. Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner, Thomas Wolfe, and many other notable writers and critics. *The Emergence of the New South* provides a new understanding of the changing political and social climate in the South under the stresses of depression, the New Deal, the labor movement, Negro unrest, and two world wars.

Mark Twain's Adventures of Tom Sawyer: The New South Edition Alan Gribben, 2012-10-01 In a radical departure from standard editions, the coming of age story that introduces Mark Twain's two most enduring literary characters, Tom Sawyer and Huckleberry Finn, is published here with its disturbing racial labels translated as slave and Indian. Everything else is completely intact in a novel that Twain termed a hymn to boyhood. Tom and Huck fish and swim in the Mississippi River, search for buried treasure, and hide in a haunted house. Around the edges of this idyllic boy life, however, loom dangerous events in the fictional village of St. Petersburg. Tom and Huck witness a midnight murder in a graveyard, the killer escapes from the courtroom while Tom is testifying, and two sinister villains plot robbery and revenge against a wealthy widow. Readers can follow the boys' adventures without confronting the dozens of racial slurs that are available in other editions of the book. The editor supplies a historical and literary introduction as well as a guide to Twain's satirical targets.

Newspaper and Bank Directory of the World Harlan Page Hubbard, 1882

Guidelines for the Treatment of Alcohol Problems Paul S. Haber, Benjamin C. Riordan, 2021-04-01 The Australian Guidelines for the Treatment of Alcohol Problems have been periodically developed over the past 25 years. In 1993 the first version of these guidelines, titled *An outline for the management of alcohol problems*, Quality Assurance in the Treatment of Drug Dependence project was published. Mattick, Haber et al 2009. The present version of the Guidelines was also commissioned by the Commonwealth of Australia to remain current and integrated with the updated NHMRC consumption guidelines 2020. In order to ensure that guidelines remain relevant, the next set of guidelines should be updated in 2025, consistent with NHMRC recommendation that guidelines be updated every five years. These guidelines aim to provide up-to-date evidence-based information to clinicians on available treatments for people with alcohol problems and are largely directed towards individual clinicians in

practice such as primary care physicians general practitioners nursing staff specialist medical practitioners psychologists and other counsellors and other health professionals Some chapters highlight service or system level issues that impact on clinicians and their patients These include recommendations concerning Aboriginal and Torres Strait Islander peoples culturally and linguistically diverse groups stigma and discrimination Elsewhere organisation capacity is implied such as medical resources for withdrawal management where recommendations indicate use of medications As all forms of treatment will not be readily available or suitable for all populations or settings these guidelines may require interpretation and adaptation

Gender and Judging Ulrike Schultz, Gisela Shaw, 2013-07-10 Does gender make a difference to the way the judiciary works and should work Or is gender blindness a built in prerequisite of judicial objectivity If gender does make a difference how might this be defined These are the key questions posed in this collection of essays by some 30 authors from the following countries Argentina Cambodia Canada England France Germany India Israel Italy Ivory Coast Japan Kenya the Netherlands the Philippines South Africa Switzerland Syria and the United States The contributions draw on various theoretical approaches including gender feminist and sociological theories The book's pressing topicality is underlined by the fact that well into the modern era male opposition to women's admission to and progress within the judicial profession has been largely based on the argument that their very gender programmes women to show empathy partiality and gendered prejudice in short essential qualities running directly counter to the need for judicial objectivity It took until the last century for women to begin to break down such seemingly insurmountable barriers And even now there are a number of countries where even this first step is still waiting to happen In all of them there remains a more or less pronounced glass ceiling to women's judicial careers

History of the Australian Vegetation Robert S. Hill, 1994-07-28 Discusses fossil evidence for the origin of Australian vegetation

Precarious Worlds Katie Meehan, Kendra Strauss, 2015-11-15 This collection contributes to the theoretical literature on social reproduction defined by Marx as the necessary labor to arrive the next day at the factory gate and extended by feminist geographers and others into complex understandings of the relationship between paid labor and the unpaid work of daily life The volume explores new terrain in social reproduction with a focus on the challenges posed by evolving theories of embodiment and identity nonhuman materialities and diverse economies Reflecting and expanding on ongoing debates within feminist geography with additional cross disciplinary contributions from sociologists and political scientists *Precarious Worlds* explores the productive possibilities of social reproduction as an ontology a theoretical lens and an analytical framework for what Geraldine Pratt has called a vigorous materialist transnational feminism

United States. Federal Communications Commission,1987 "The" Geographical Journal ,1899 **Tables of the Results of a Series of Experiments on the Strength of British Colonial and Other Woods Exhibited at the International Exhibition, 1862, with His Report on Similar Experiments in 1855** F. Fowke (Captain.),1867 *The Great Ordovician Biodiversification Event* B. D. Webby,2004 Two of the greatest evolutionary events in the history of life on Earth occurred during Early Paleozoic time The first was the Cambrian explosion of skeletonized marine animals about 540 million years ago The second was the Great Ordovician Biodiversification Event which is the focus of this book This is the first book devoted specifically to establishing the global patterns of differentiation of Ordovician biotas through time and space It provides extensive genus and species level diversity data for the many Ordovician fossil groups and presents an evaluation of how each group diversified with assessments of patterns of change and rates of origination and extinction *Race, Power, and Political Emergence in Memphis* Sharon D. Wright,2021-12-12 Race Power and Political Emergence in Memphis examines black political behavior and empowerment strategies in the city of Memphis Each chapter of the text focuses on three themes mobilization emergence and incorporation By analyzing the effects of race on black political development in Memphis scholars will be able to examine broader questions about its effects in other cities How do political machines use substantial black electorates to their advantage What forms of protest do black communities conduct to rebel against machine rule What primary mobilization tactics have black citizens used during the different periods of their political development Why do blacks mobilize more quickly in some cities In cities with large and predominantly black populations what elements prevent black candidates from winning citywide races What constraints do newly elected black mayors face What benefits do black citizens gain from their representation After a predominantly black governing coalition is elected what obstacles remain Can black citizens translate proportional representation into strong political incorporation How much power can African Americans realistically expect to gain in cities This book is the most comprehensive case study of the city's political scene written to date The text primarily shows that white racism is not the only obstacle to black political development Black citizens can have population majorities but lose elections for other reasons Their ability to win elections and gain full incorporation depends heavily on whether they minimize internal conflict and establish coalitions with middle class citizens and the business establishment **The Penny Cyclopaedia of the Society for the Diffusion of Useful Knowledge** ,1843

The Arc of a Covenant Walter Russell Mead,2022-07-05 A NEW YORK TIMES BEST BOOK OF THE YEAR A groundbreaking work that overturns the conventional understanding of the Israeli American relationship and in doing so explores how fundamental debates about American identity drive our country's foreign policy A sweeping and masterfully told history The New York Times In this bold examination of the Israeli American relationship Walter Russell Mead demolishes the myths that both pro Zionists and anti Zionists have fostered over the years He makes clear that Zionism has always been a divisive subject in the American Jewish community and that American Christians have often been the most

fervent supporters of a Jewish state citing examples from the time of J P Morgan and John D Rockefeller to the present day He spotlights the almost forgotten story of left wing support for Zionism arguing that Eleanor Roosevelt and liberal New Dealers had more influence on President Truman s Israel policy than the American Jewish community and that Stalin s influence was more decisive than Truman s in Israel s struggle for independence Mead shows how Israel s rise in the Middle East helped kindle both the modern evangelical movement and the Sunbelt coalition that carried Reagan into the White House Highlighting the real sources of Israel s support across the American political spectrum he debunks the legend of the so called Israel lobby And he describes the aspects of American culture that make it hostile to anti Semitism and warns about the danger to that tradition of tolerance as our current culture wars heat up With original analysis and in lively prose Mead illuminates the American Israeli relationship how it affects contemporary politics and how it will influence the future of both that relationship and American life

Hugo Black of Alabama Steve Suitts,2017-03-01 Decades after his death the life and career of Supreme Court Justice Hugo L Black continue to be studied and discussed This definitive study of Black s origins and early influences has been 25 years in the making and offers fresh insights into the justice s character thought processes and instincts Black came out of hardscrabble Alabama hill country and he never forgot his origins He was further shaped in the early 20th century politics of Birmingham where he set up a law practice and began his political career eventually rising to the U S Senate from which he was selected by FDR for the high court Black s nomination was opposed partly on the grounds that he had been a member of the Ku Klux Klan One of the book s conclusions that is sure to be controversial is that in the context of Birmingham in the early 1920s Black s joining of the KKK was a progressive act This startling assertion is supported by an examination of the conflict that was then raging in Birmingham between the Big Mule industrialists and the blue collar labor unions Black of course went on to become a staunch judicial advocate of free speech and civil rights thus making him one of the figures most vilified by the KKK and other white supremacists in the 1950s and 1960s
