Romitone. Captain Leale Martelli John Oldman,2021-12-08 Synopsis The author John Oldman is certainly no less mysterious than the story in question or than Leale Martelli himself captain of the Italian S S who just as the Second World War was drawing to a close was ordered by Himmler himself to reach a secret location near the city of Livorno and to find a mysterious machine that had lain hidden for centuries in the underground recesses of an ancient villa The mission entrusted to him will soon turn into an adventure for the captain who will be the protagonist of incredible paranormal experiences Decades after those events his vicissitudes are recounted and seem to have repercussions up to the present day The Circle & the Spiral Eva Rask Knudsen,2021-11-01 In Aboriginal and M ori literature the circle and the spiral are the symbolic metaphors for a never ending journey of discovery and rediscovery The journey itself with its indigenous perspectives and sense of orientation is the most significant act of cultural recuperation The present study outlines the fields of indigenous writing in Australia and New Zealand in the crucial period between the mid 1980s and the early 1990s particularly eventful years in which postcolonial theory attempted to centre the margins and indigenous writers were keen to escape the particular centering offered in search of other positions more in tune with their creative sensibilities Indigenous writing relinquished its narrative preference for social realism in favour of traversing old territory in new spiritual ways roots converted into routes Standard postcolonial readings of indigenous texts often overwrite the difference they seek to locate because critical orthodoxy predetermines what difference can be Critical evaluations still tend to eclipse the ontological grounds of Aboriginal and M ori traditions and specific ways of moving through and behaving in cultural landscapes and social contexts Hence the corrective applied in Circles and Spirals to look for locally and culturally specific tracks and traces

that lead in other directions than those catalogued by postcolonial convention This agenda is pursued by means of searching enquiries into the historical anthropological political and cultural determinants of the present state of Aboriginal and M ori writing principally fiction Independent yet interrelated exemplary analyses of works by Keri Hulme and Patricia Grace and Mudrooroo and Sam Watson Australia provided the thick description that illuminates the author s central theses with comparative side glances at Witi Ihimaera Heretaunga Pat Baker and Alan Duff New Zealand and Archie Weller and Sally Morgan Australia *The Palgrave Handbook of the Vampire* Simon Bacon,2024-04-16 Winner of the The Lord Ruthven Assembly Award for Non Fiction 2024 This Handbook MRW is a unique encompassing overview of the figure of the vampire Not only covering the list of usual suspects this volume provides coverage from the very first reports of vampire like creatures in the 17th century to film and media representations in the 21st century The Palgrave Handbook of the Vampire shows that what you thought you knew about vampires is only a fraction of the real and fascinating story Spiker's Spiral Zak MT Standridge,2017-08-26 One day everything will be taken from you Nothing can prepare you for this day not faith not love not hope In a far distant distant future Arthureus Vercingetorix learns this lesson the day he and his fiance are brutally murdered to protect the interests of the corporate InterSystem Yet he is mysteriously resurrected as a Spiker the latest in a long line of vengeance zombies Now all the cosmos will know what happens when a nightmare fights other nightmares
