Caldwell, 2025-07-08 How to Read and Interpret Scripture Across Cultures How can believers across cultures faithfully read and apply Scripture in a way that honors both the biblical text and their unique cultural contexts In *The Bible in Culture* Larry Caldwell introduces ethnohermeneutics a revolutionary yet biblical approach to reading Scripture with rather than for the world Drawing from decades of experience living overseas Caldwell demonstrates that every culture has its own tools for understanding meaning and shows how God uses these to communicate the truth of his word This approach is rooted in observing how Jesus Paul and others in the early church interpreted Scripture and in following their examples Through real life illustrations interactive activities and case studies readers will discover how they can also read and interpret God's word in their own cultures This book will challenge your assumptions about the interpretive task encouraging and equipping you to rethink how the Bible can be understood across every people group in various cross cultural multicultural and multigenerational contexts      *Library of Congress Subject Headings* Library of Congress. Fraiser, 2019-01-01 As governments, corporations and settlers race to take the world's forests for their own, what happens to the indigenous peoples who live there? Are they at the mercy of overwhelming forces destined to lose livelihood, identity and respect as they are dispossessed and assimilated? This account of the Dulangan Manobo, an indigenous people of the Philippines whose rainforest homeland is being appropriated by loggers and settlers from the country's dominant society, explores how one embattled society is changing its social organization to withstand outside forces. *Environmental Invasion and Social Response* examines the evolution of coordinated action among the Manobo from its roots in religious response through the development of numerous civil organizations to its culmination in the emergence of indigenous land rights organizations. Despite government favoritism toward loggers and settlers, longstanding enemies of natural forests, the Manobo have continued to develop new social structures for cooperation in pursuit of rights to their ancestral homeland. The success of their efforts will play a large part in determining the forest's future: destruction at the hand of outsiders or effective and sustainable management by those who have always lived there.      National Union Catalog, 1982, 1983      **National Union Catalog**, 1968 Includes entries for maps and atlases      **Annual Report of the American Bible Society** American Bible Society, 1904 Together with a list of auxiliary and cooperating societies, their officers and other data      **Library of Congress Subject Headings in Jewish Studies: (A-J)**, 1993      A Voice from Mt.
