New Testament Text Of Gregory Of Nyssa:

The New Testament Text of Gregory of Nyssa James A. Brooks,1991 *The Text of the New Testament in Contemporary Research* Bart D. Ehrman,Michael W. Holmes,2012-11-09 The Text of the New Testament in Contemporary Research provides up to date discussions of every major aspect of New Testament textual criticism Written by internationally acknowledged experts the twenty four essays evaluate all significant advances in the field since the 1950s *The Text of the Apostolos in Athanasius of Alexandria* Gerald J. Donker,2011 The text critical study of the Apostolos all of the New Testament apart from the Gospels of the fourth century Greek Father Athanasius of Alexandria has two aims in view one analytical and one methodological An initial review of Athanasius life and writings and a survey of the Alexandrian text type precede an analysis of Athanasius text to determine its classification within the major New Testament text types and particularly its suspected Alexandrian character The book also compares the results of methods traditionally used on the texts of the Fathers with the use of an alternative and advanced method multivariate analysis Unlike quantitative and group profile analyses multivariate analysis utilizes not just a single dimension but the full dimensionality of the source data *Studies in the Theory and Method of New Testament Textual Criticism* Eldon Jay Epp,Gordon D. Fee,1993 The seventeen studies in this volume provide a presentation and assessment of past and current methods applied to the New Testament text Coauthors Epp and Fee offer an introductory survey of the whole field of New Testament textual criticism followed by sections of essays on these topics definitions of key terms critiques of current theory and method methods of establishing textual relationships studies of the papyri with respect to text critical method and guidelines for the use of patristic evidence From publisher s description *Changing the Goalpost of New Testament Textual Criticism* Abidan Paul Shah,2020-10-02 Before the 1960s the goal of New Testament Textual Criticism was singular to retrieve the original text of the New Testament Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned If this new approach in NTTC is correct then the authority of Scripture is weakened or no longer valid It will be shown in this book that such is not the case Furthermore emphasis will be placed on the need to return to the traditional goalpost of NTTC i e to retrieve the original text Without a generally definitive text the door will be left wide open to recreate any desired text of the NT An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text Consequently it will lead to an unsettled Christian faith and practice **Handbook of Patristic Exegesis** Charles Kannengiesser,2022-11-28 Through this Handbook of Patristic Exegesis the reader will obtain a balanced and cohesive picture of the Early Church It gives an overall view of the reception transmission and interpretation of the Bible in the life and thought of the Church during the first five centuries of Christianity the so called patristic era The

handbook offers the context and presuppositions necessary for understanding the development of the interpretative traditions of the Early Church in its catechesis its liturgy and as a foundation of its systems of theology The handbook presents a comprehensive overview of the history of patristic exegesis Apart from a general introduction to the major topics in this field it contains essays by leading patristic scholars on the most important Church Fathers such as Augustine Irenaeus Origen Gregory of Nyssa and others The essays are supplemented by bibliographies of editions and studies on patristic exegesis published from 1945 until 1995 Together these bibliographies form the only comprehensive bibliography presently available on this topic The print edition is available as a set of two volumes 9789004098152

The Text of Matthew in the Writings of Basil of Caesarea Jean-François Racine, 2004 The series seeks to contribute to the understanding of the variation and transmission of the New Testament by analyzing quotations of and allusions to passages of it in the work of Christian writers of Late Antiquity many of which can be more precisely located both temporally and geographically than the earliest New Testament manuscripts Racine Jesuit School of Theology at Berkeley finds Basil ca 330 379 a valuable witness in that regard because he quotes abundantly and at length apparently coping from a written text A similar study has been conducted on his brother Gregory of Nyssa ca 335 394 so the combination adds much to the knowledge of the New Testament text in use in Cappadocia during the fourth century The study is slightly revised from his October 2000 Ph D dissertation for the University of St Michael's College Distributed by Aspen Annotation 2004 Book News Inc Portland OR booknews.com

The Bible in Ethiopia Curt Niccum, 2014-05-28 The Ethiopic version provides a window into the state of the Greek Bible as it circulated in East Africa at the end of the fourth century It is therefore an extremely important witness to the Bible's early transmission history yet its testimony has typically been ignored or misunderstood by text critics This study examines the history of the book of Acts in Ethiopia and reconstructs its earliest attainable text which then is assessed using the latest text critical methods It therefore provides a solid base for interpreting the data of this key witness and lays the groundwork for future text critical work in Ethiopic and other early versions

Hunting for the word of God Sami Ameri, 2017-12-09 Almost a century ago scholars were debating the authenticity of some passages of the New Testament After a revolutionary renaissance in the field of biblical textual criticism however they began to doubt the genuineness of the entire text No longer are we able to claim the authenticity of even one passage from the New Testament The whole Christian edifice is now in danger Conversely today the authenticity of the Qur'anic text is also being challenged by questioning the Islamic version of

the preservation of the Muslim holy book and the preservation of the canonical readings of the original text In the last decade some missionaries started using the recent discovery of Qur'anic manuscripts in Sana'a, Yemen to claim that there had been an early corruption of the text This book aims at taking its readers on a journey through the latest academic research on the topic in the hope of bringing them as close as possible to the heart of the debate It also has as its objective to provide the most satisfactory answers to the most bewildering questions readers may have about the authenticity of the two texts in question the New Testament and the Qur'an The author's expertise in both areas the Biblical and Qur'anic will enable the reader to gain solid knowledge of the subject matter tackled in this book

Theology of the Gap Scot Douglass, 2005 Between the Councils of Nicaea AD 325 and Constantinople AD 381 the Trinitarian controversy turned on a heated and complex discourse about the possibility of discourse Theology of the Gap examines how the Cappadocians initially turned to the limitations of language to defeat their Neo Arian opponents and discovered in the process the very resources for their own production of theology and the promotion of a certain style of Christian becoming Scot Douglass uses insights from literary theory in order to re open the gaps central to the Cappadocians construction of created reality and also to map out the coherencies they forged between the diastemic and kinetic structures of creation language theology truth spirituality and silence In doing so Douglass invites the reader not only to reconsider how diastemic epistemology works itself out in Cappadocian thought but also how this register of the Cappadocian voice speaks to contemporary notions of post Christian theology Introduction to the New Testament Helmut Koester, 1995 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world

Divine Scripture in Human Understanding Joseph K. Gordon, 2019-03-15 In six closely reasoned chapters Joseph Gordon presents a detailed account of a Christian doctrine of Scripture in the fullest context of systematic theology Divine Scripture in Human Understanding addresses the confusing plurality of contemporary approaches to Christian Scripture both within and outside the academy by articulating a traditionally grounded constructive systematic theology of Christian Scripture Utilizing primarily the methodological resources of Bernard Lonergan and traditional Christian doctrines of Scripture recovered by Henri de Lubac it draws upon achievements in historical critical study of Scripture studies of the material history of Christian Scripture reflection on philosophical hermeneutics and philosophical and theological anthropology and other resources to articulate a unified but open horizon for understanding Christian Scripture today Following an overview of the contemporary situation of Christian Scripture Joseph Gordon identifies intellectual precedents for the work in the writings of Irenaeus Origen and Augustine who all locate Scripture in the economic work of the God to whom it bears witness by interpreting it through the Rule of Faith Subsequent chapters draw on Scripture itself classical sources such as Irenaeus Origen Augustine and Aquinas the fruit of recent studies on the history of Scripture and the work of recent scholars and theologians to provide a contemporary Christian articulation of the divine and human locations of Christian Scripture and the material history and intelligibility and purpose of Scripture in those locations The resulting constructive position can serve as a heuristic for affirming the achievements of traditional historical critical and contextual readings of Scripture and provides a basis for addressing issues relatively underemphasized by those respective approaches

Scripture in Doctrinal Dispute Frances M. Young, 2024-08-13 How did Scripture function in early arguments

about doctrine Historical criticism has revealed a gap between scripture and the mainstream doctrines that define Christianity today Not the least of these are the Trinity and two natures of Christ widely accepted since the fifth century but seemingly unfounded in historical readings of Scripture How did these dogmas become so integral to the faith in the first place Frances M Young tackles this monumental question in a culmination of decades of biblical and patristic research The second of two volumes Scripture in Doctrinal Dispute illuminates the role of biblical hermeneutics in the debates that forged Christian dogma on the nature of God Young shows how the theological commitments to God as the sole creator of all else from nothing shaped fourth and fifth century disputes over Christology and the Trinity Played out in the great councils of the fourth century and beyond these conflicts drove the need to discern doctrinal coherence in scripture The different sides relied on different prooftexts and the rule of faith served as the criterion by which scriptural interpretation was measured thereby forming the basis of the creeds Nuanced and ecumenical Scripture in Doctrinal Dispute completes Young s magnum opus closing the gap between scripture and Christian tradition Young s magisterial study holds widespread implications for not only patristics but also exegesis and systematic theology New Testament Theology and its Quest for Relevance

Thomas R. Hatina, 2013-03-14 New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history literary criticism sociology psychology history politics philosophy and religious studies But the overarching question concerns the relevance of two thousand year old writings in today s world How does one establish what is and is not relevant in the New Testament How does one communicate the ancient ideas presented in an alien language alien time and alien culture to a contemporary audience This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers undergraduate and Seminary students clergy and laypersons interested in the relevance of scripture It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world **The Oxford Handbook of Early Christian Biblical**

Blowers, Peter W Martens, 2019-05-21 The Bible was the essence of virtually every aspect of the life of the early churches The Oxford Handbook of Early Christian Biblical Interpretation explores a wide array of themes related to the reception canonization interpretation uses and legacies of the Bible in early Christianity Each section contains overviews and cutting edge scholarship that expands understanding of the field Part One examines the material text transmitted translated and invested with authority and the very conceptualization of sacred Scripture as God s word for the church Part Two looks at the culture and disciplines or science of interpretation in representative exegetical traditions Part Three addresses the diverse literary and non literary modes of interpretation while Part Four canvasses the communal background and foreground of early Christian interpretation where the Bible was paramount in shaping normative Christian identity Part Five assesses the determinative role of the Bible in major developments and theological controversies in the life

of the churches Part Six returns to interpretation proper and samples how certain abiding motifs from within scriptural revelation were treated by major Christian expositors The overall history of biblical interpretation has itself now become the subject of a growing scholarship and the final part skilfully examines how early Christian exegesis was retrieved and critically evaluated in later periods of church history Taken together the chapters provide nuanced paths of introduction for students and scholars from a wide spectrum of academic fields including classics biblical studies the general history of interpretation the social and cultural history of late ancient and early medieval Christianity historical theology and systematic and contextual theology Readers will be oriented to the major resources for and issues in the critical study of early Christian biblical interpretation
