New Testament Textual Criticism Exegesis And Church History:

New Testament Textual Criticism, Exegesis, and Early Church History Barbara Aland, Joël Delobel, 1994 Peeters 1994

New Testament Textual Criticism, Exegesis and Church History Barbara Aland, 1994-02-01 **Rethinking New Testament Textual Criticism** David Alan Black, 2002-10-01

New Testament textual criticism is an important but often overlooked field of study. Results drawn from textual studies bear important consequences for interpreting the New Testament and cannot be ignored by serious students of Scripture. This book introduces current issues in New Testament textual criticism and surveys the various methods used to determine the original text among variant readings. These essays from Eldon Jay Epp, Michael Holmes, J. K. Elliott, Maurice Robinson, and Moisés Silva provide readers with an excellent introduction to the field of New Testament textual criticism.

Changing the Goalpost of New Testament Textual Criticism Abidan Paul Shah, 2020-10-02

Before the 1960s the goal of New Testament Textual Criticism was singular: to retrieve the original text of the New Testament. Since then the goalpost has incrementally shifted away from the original text to retrieving any text or many texts of the NT. Some scholars have even concluded that the original text is hopelessly lost and cannot be retrieved with any confidence or accuracy. Other scholars have gone a step further to claim that the idea of an original text itself is a misconception that needs to be abandoned. If this new approach in NTTC is correct, then the authority of Scripture is weakened or no longer valid. It will be shown in this book that such is not the case. Furthermore, emphasis will be placed on the need to return to the traditional goalpost of NTTC, i.e., to retrieve the original text. Without a generally definitive text, the door will be left wide open to recreate any desired text of the NT. An unsettled original text will result in an unsettled biblical theology due to a lack of any authoritative and standard text. Consequently, it will lead to an unsettled Christian faith and practice.

Studies in the Textual Criticism of the New Testament Bart D. Ehrman, 2006-05-01

For the first time in one volume, this book presents contributions to the textual criticism of the New Testament made over the past twenty years by Bart Ehrman, one of the premier textual scholars in North America. The collection includes fifteen previously published articles and six lectures delivered at Duke University and Yale University on a range of topics of central importance to the field. Following a general essay that gives an introduction to the field for beginners are several essays dealing with textual critical method, especially pertaining to the classification of the Greek manuscript witnesses. There then follow two articles on the history of the text, several articles on important specific textual problems, and three articles on the importance and use of patristic evidence for establishing the text and writing the history of its transmission. The volume concludes with six lectures designed to show the importance not only of reconstructing an allegedly original text but also of recognizing how that text was changed by scribes of the early Christian centuries. This book will be of vital interest to any scholar or advanced student of the New Testament and early Christianity. It will make an ideal companion volume for Bart Ehrman's ground-breaking study *The Orthodox Corruption of Scripture: The Effects of Early Christological Controversies on the Text of the New*

Hunting for the word of God Sami Ameri,2017-12-09 Almost a century ago scholars were debating the authenticity of some passages

of the New Testament After a revolutionary renaissance in the field of biblical textual criticism however they began to doubt the genuineness of the entire text No longer are we able to claim the authenticity of even one passage from the New Testament The whole Christian edifice is now in danger Conversely today the authenticity of the Qur'anic text is also being challenged by questioning the Islamic version of the preservation of the Muslim holy book and the preservation of the canonical readings of the original text In the last decade some missionaries started using the recent discovery of Qur'anic manuscripts in Sana'a Yemen to claim that there had been an early corruption of the text This book aims at taking its readers on a journey through the latest academic research on the topic in the hope of bringing them as close as possible to the heart of the debate It also has as its objective to provide the most satisfactory answers to the most bewildering questions readers may have about the authenticity of the two texts in question the New Testament and the Qur'an The author's expertise in both areas the Biblical and Qur'anic will enable the reader to gain solid knowledge of the subject matter tackled in this book

A Text-Critical Study of the Epistle of Jude Charles Landon, 1996-09-01 The author writes in the tradition of C H Turner G D Kilpatrick and J K Elliott and attempts a reconstruction of the Greek text of Jude according to the rationale of thoroughgoing eclecticism The aims of his study are to apply an eclectic approach to the resolution of textual problems in Jude and to determine the extent to which the text of Jude published in the United Bible Societies Greek New Testament GNT4 is a product of the eclectic ideal In this work eclecticism is defined in detail distinctions being made between eclectic generalism rational criticism and thoroughgoing eclecticism Each of 95 variation units is analysed individually and the apparatus provided for each unit shows as much variation as possible in a compact form *Explorations in the Second Christian Century* Judith M. Lieu, 2024-11-11 As allegiance to Jesus Christ spread across the Roman Empire in the second century writings practices and ideas erupted in a creative maelstrom Many of the patterns of practice and belief that later become normative emerged in the midst of debate and argument with neighbours who shared or who rejected that allegiance Authoritative texts principles of argument attitudes to received authority the demands of allegiance in the face of opposition identifying who belonged and who did not all demanded attention These essays explore those divergent voices and the no less diverse and lively debates they have inspired in recent scholarship *The Chester Beatty Biblical Papyri at Ninety* Garrick Vernon Allen, Usama Ali Mohamed Gad, Kelsie Gayle Rodenbiker, Anthony Philip Royle, Jill Unkel, 2023-05-08 Despite the significant work carried out on the text transmission materiality and scribal habits preserved in the Chester Beatty Biblical Papyri since their acquisition by Beatty ninety years ago in 1931 these early copies of Jewish scripture and the New Testament have for the most part belonged primarily to textual critics The goal of this book is to resituate this important collection of manuscripts in broader contexts examining their significance in conversation with papyrology as a discipline in the context of other ancient literary traditions preserved on papyri and in discussion with the intellectual and cultural history of collecting colonialism and scholarly rhetoric The Chester Beatty Biblical Papyri and other papyrological collection with

which they are inextricably bound remind us of the critical value of examining old manuscripts afresh in their historical scholarly and intellectual contexts These studies are relevant for all scholars who work with manuscripts and ancient texts of any variety

The Early Textual Transmission of John Lonnie Bell, 2018-03-12 In *The Early Textual Transmission of John* Lonnie D Bell utilizes a fresh approach for assessing the character of transmission reflected in the second and third century Greek manuscripts of the Gospel of John The textual transmission of New Testament writings in the period prior to the fourth century has been characterized by a number of scholars as error prone free fluid wild and chaotic This study is an inquiry into the validity of this general characterization Since John is the most attested New Testament book among the early papyri is the best attested in the second century and has the highest number of papyri that share overlapping text it serves well as a case study into the level of fluidity and stability of the New Testament text in the earliest period of transmission

Paul, Christian Textuality, and the Hermeneutics of Late Antiquity, 2023-12-07 The essays in the present volume celebrate the work of Margaret M Mitchell University of Chicago by engaging extending and challenging her ground breaking research in three areas 1 the letters of Paul the Apostle both authentic and pseudepigraphic 2 the emergence and rapid development of early Christian literary culture over the first few centuries of the cult s existence and 3 Late Antique interpretive practices and perspectives particularly among patristic readers of the scriptures

A Tall Order. Writing the Social History of the Ancient World Jean-Jacques Aubert, Zsuzsanna Várhelyi, 2012-06-28 This volume commemorates the 65th birthday of William Vernon Harris on September 13 2003 when a group of his former students agreed to honor him with a collection of essays that would represent the wide variety of interests and influences of our advisor and friend The fifteen papers in fact range chronologically from the first Olympics to late antiquity and discuss various questions of imperialism law economy and religion in the ancient Mediterranean world The essays share a social historical perspective from which they challenge as many commonly accepted notions in ancient history The contributors acknowledge their intellectual debt to the formative scholarly acumen of William V Harris which adds up to the tall order of engaging with his work
