Transforming Theological Education, 2nd Edition Perry Shaw, 2022-01-31 For several decades concern has been expressed about the need for greater integration and contextual significance in the curricular design of theological education In addition there has been a growing awareness of the role theological schools should play in strengthening the missional vision and practice of local churches Drawing on Dr Perry Shaw s experience as faculty member educational engineer and acting academic dean for Arab Baptist Theological Seminary Transforming Theological Education provides theoretical foundations and practical principles for purposeful curriculum design as well as tools for facilitating integrated and contextually significant learning in the classroom This updated second edition has been reorganized for thematic clarity and expanded to provide a stronger foundation for thinking theologically rather than just educationally about theological education It also contains a wider range of curricular examples from innovative theological programs around the world along with practical advice for implementing change in change resistant environments This handbook continues to be a one of a kind resource for theological educators and all those involved in Christian leadership training

New Vistas on Early Judaism and Christianity Lorenzo DiTommaso, Gerbern S. Oegema, 2016-07-14 The study of early Judaism and early Christianity has been revolutionised by new evidence from a host of sources the Dead Sea Scrolls the Pseudepigrapha the New Testament Apocrypha the Nag Hammadi writings and related texts and new papyrus and amulet discoveries Now scholars have entered the next generation of scholarship where these bodies of evidence are appreciated in conversation with each other and within the contexts of the wider Jewish Christian and Greco Roman cultures from the fourth century BCE to the fourth century CE This volume features chapters from leading scholars who approach the study of early Judaism and early Christianity from this synthetic approach The chapters engage in an inter generational and international dialogue among the past present and future generations of scholars and also among European North American African and South American scholars and their various methodologies and approaches linguistic historical or comparative Among the chapters are contributions by Professors James Charlesworth Princeton Andr Gagn Concordia and Loren Stuckenbruck Munich as well as papers from researchers from North America Europe South America and Africa

Imagined Liberation (2nd edition) Heribert Adam, Kogila Moodley, 2015-12-01 On a spectrum of hostility towards irregular migrants South Africa ranks on top Germany in the middle and Canada at the bottom South African xenophobic violence by impoverished slum dwellers is

directed against fellow Africans Why would a society that liberated itself in the name of human rights turn against people who escaped human rights violations or unlivable conditions at home What happened to the expected African solidarity Why do former victims become victimizers Imagined Liberation asks what xenophobic societies can learn from other immigrant societies which avoided the backlash against multiculturalism in Europe

Research in Education, 1974 **Routledge Handbook of the Sociology of Higher Education** James E. Côté, Sarah Pickard, 2022-03-21 Higher education has come under increasing public scrutiny in recent years assailed with demands for greater efficiency accountability cost reduction and above all job training Drawing upon examples from across the world with an emphasis on Anglo American higher education systems this handbook employs sociological approaches to address these pressing concerns The second edition is thoroughly updated and adds several new chapters to shed further light on the transformations wrought by the interrelated processes of massification vocationalization and marketization that have swept through universities in the wake of neoliberal reforms introduced by governments since the 1980s The handbook explores recent developments in higher education systems and policy as well as the everyday experiences of students and staff and ongoing problems of inequality and diversity within universities In doing so the chapters address a number of current issues concerning the legitimacy of higher educational credentials from the continuing debate regarding traditional pedagogies and the role of universities in social class reproduction to more recent concerns about standards in mass systems Collectively this handbook demonstrates that the sociology of higher education has the potential to play a leadership role in improving the myriad higher education systems around the world that are now part of an interrelated set of subsystems replete with both persistent problems and promising prospects This book is therefore necessary reading for a variety of stakeholders within academia as well as professionals and policy makers interested in understanding higher education and the acute challenges it faces
