New Masses An Anthology Of The Rebel Thirties:

New Masses Joseph North, 1969 **New Masses** Joseph North, 1969 *Crockett Johnson and Ruth Krauss* Philip Nel, 2012-07-30 Crockett Johnson born David Johnson Leisk 1906 1975 and Ruth Krauss 1901 1993 were a husband and wife team that created such popular children's books as *The Carrot Seed* and *How to Make an Earthquake* Separately Johnson created the enduring children's classic *Harold and the Purple Crayon* and the groundbreaking comic strip *Barnaby* Krauss wrote over a dozen children's books illustrated by others and pioneered the use of spontaneous loose-tongued kids in children's literature Together Johnson and Krauss's style whimsical writing clear and minimalist drawing and a child's point of view is among the most revered and influential in children's literature and cartooning inspiring the work of Maurice Sendak Charles M Schulz Chris Van Allsburg and Jon Scieszka This critical biography examines their lives and careers including their separate achievements when not collaborating Using correspondence sketches contemporary newspaper and magazine accounts archived and personal interviews author Philip Nel draws a compelling portrait of a couple whose output encompassed children's literature comics graphic design and the fine arts Their mentorship of now famous illustrator Maurice Sendak *Where the Wild Things Are* is examined at length as is the couple's appeal to adult contemporaries such as Duke Ellington and Dorothy Parker Defiantly leftist in an era of McCarthyism and Cold War paranoia Johnson and Krauss risked collaborations that often contained subtly rendered liberal themes Indeed they were under FBI surveillance for years Their legacy of considerable success invites readers to dream and to imagine drawing paths that take them anywhere they want to go *Surveyors of Customs* Joel Pfister, 2016 Introduction the critical work and critical pleasure of American literature Inner self industries soft capitalism's reproductive logic How America works getting personal to get personnel Dress down conquest Americanizing top down as bottom up Afterword payoffs *The Oxford Companion to Twentieth-century Literature in English* Jenny Stringer, 1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors **Is Art Good for Us?** Joli Jensen, 2002 Are the arts good for us This book questions our taken-for-granted assumptions about the transformational powers of high culture by critiquing an instrumental American heritage of beliefs about the arts Jensen argues that faith in high culture's unproven ability to transform people and society allows social critics to keep faith with the idea of a democratic society while deploring popular culture Employing perspectives from Tocqueville and Dewey she argues that the arts are good but they don't do good Instead of expecting the arts to improve things and blaming the media for ruining them we need to recognize that it is up to us not the arts to make the world a better place **A Richard Wright Bibliography** Kenneth Kinnamon, Joseph Benson, Michel Fabre, Craig Werner, 1988-01-13 Any future biographical work on Richard Wright will find this bibliography a necessity academic or public libraries supporting a program of black culture will find it invaluable and it belongs in any library

supporting American literature studies Richard Wright has truly been well served Choice The most comprehensive bibliography ever compiled for an American writer this book contains 13 117 annotated items pertaining to Richard Wright It includes almost all published mentions of the author or his work in every language in which those mentions appear Sources listed include books articles reviews notes news items publishers catalogs promotional materials book jackets dissertations and theses encyclopedias biographical dictionaries handbooks and study guides library reports best seller charts the Index Translationum playbills and advertisements editorials radio transcripts and published letters and interviews The bibliography is arranged chronologically by year Each entry includes bibliographical information an annotation by the authors and information about all reprintings partial or full The index is unusually complete and contains the titles of Wright s works real and fictional characters in the works entries relating to significant places and events in the author s life important literary terminology and much additional information Walter Lippmann Barry D. Riccio,1994-01-01 While several books have been written about the life and views of Walter Lippmann this volume is unique in its emphasis on Lippmann s relationship to American liberalism Riccio examines Lippmann s political thought as evidenced in both his scholarly and journalistic work He observes that although Lippmann started out as a socialist and ended up as something of a conservative he usually backed liberal public policies and often explored liberalism s philosophical underpinnings Walter Lippmann Odyssey of a Liberal describes Lippmann s attraction to involvement in and disillusionment with American socialism prior to the First World War It chronicles his brief career as a progressive reformer and his subsequent disenchantment with that movement Riccio also examines Lippmann s views on foreign affairs Lippmann s relationships with conservatives and their influence on his views are also explored Riccio articulates Lippmann s vision of liberalism as being at odds with much of the liberal mentality of his tune In particular he contrasts the pundit s views on politics economics public opinion and moral authority with those of John Dewey *American Cultural Studies* Catherine A. Warren,Mary Douglas Vavrus,2002 American Cultural Studies is a conversation among scholars about the sometimes contentious issue of what a specifically American cultural studies might look like Assembling some of the field s most eloquent commentators this volume stresses the importance of a historically informed cultural studies and delves into the discipline s roots in pragmatism social activism and radical politics It also considers the moral and social responsibilities of citizen intellectuals in the United States Throughout these spirited discussions the emphasis is on moving from theory to practice from text based to experience based research from spectator to conversation based models of narrative production from a historical to historically informed analysis and from political detachment to political engagement Speaking from a variety of perspectives contributors advocate ways to integrate private scholarship with public participation by incorporating the lessons of feminist methodologies grounded in dialogue and ethnographic fieldwork by recentering cultural studies on issues of economic opportunity and job equity or by physically returning as a participant to one s home community Offering fresh perspectives from within and outside the field American

Cultural Studies calls for intellectuals to engage in the cultures they study. By doing so practitioners of cultural studies may succeed in affecting rather than merely describing the tensions and forces at work in the United States its policies its media structures and its disintegrating democracy

Three Radical Women Writers Nora Ruth Roberts, 2013-07-04 Combining biography history and literary theory this work looks at three of the most significant women writers to emerge from American radicalism of the 1930s Le Sueur Olsen and Herbst were influenced by the Communist movement of the time but each also forged an independent vision of feminist socialist literary milieu Drawing on Marxist and post Marxist theory and addressing the challenge of such new feminist theorists as Jean Bethke Elshtain Roberts takes a theoretical approach that encompasses the social vision and feminist practice of the writers and places them in their historical cultural and social contexts The study covers their lives from the turn of the century to the 1970s with an emphasis on the 1930s examines their views of the Cold War links the three to the Progressive tradition and analyzes their key literary works Resources for analysis include historical and contemporary theory excerpts from the radical press of the 1920s and 1930s and primary materials from the writers themselves including journals notes and unpublished archival materials

In the Shadow of the Black Beast Andrew B. Leiter, 2010-05 Andrew B Leiter presents the first book length study of the sexually violent African American man or black beast as a composite literary phenomenon According to Leiter the black beast theme served as a fundamental link between the Harlem and Southern Renaissances with writers from both movements exploring its psychological cultural and social ramifications Indeed Leiter asserts that the two groups consciously engaged one another's work as they struggled to define roles for black masculinity in a society that viewed the black beast as the *raison d'être* for segregation Leiter begins by tracing the nineteenth century origins of the black beast image and then provides close readings of eight writers who demonstrate the crucial impact anxieties about black masculinity and interracial sexuality had on the formation of American literary modernism James Weldon Johnson's *The Autobiography of an Ex Colored Man* Walter White's *The Fire in the Flint* George Schuyler's *Black No More* William Faulkner's *Light in August* Margaret Mitchell's *Gone with the Wind* Allen Tate's *The Fathers* Erskine Caldwell's *Trouble in July* and Richard Wright's *Native Son* as well as other works provide strong evidence that perceptions of black male sexual violence shaped segregation protest traditions and the literature that arose from them Leiter maintains that the environment of southern race relations which allowed such atrocities as the Atlanta riot of 1906 numerous lynchings Virginia's Racial Integrity Act and the Scottsboro trials influenced in part the development of both the Harlem and Southern Renaissances While the black beast image had the most pernicious impact on African American individual and communal identities he says the threat of black masculinity also shaped concepts of white national and communal identities as well as white femininity and masculinity *In the Shadow of the Black Beast* signals a fresh interpretation of a literary stereotype within its social and historical context

Critique for What? Joel Pfister, 2016-01-08 Students want to know What does one do with critique Fortunately some of the most provocative self critical intellectuals

from the postwar period to the postmodern present have wrestled with this Joel Pfister in *Critique for What* criss crosses the Atlantic to take stock of exciting British and US cultural studies American studies and Left studies that challenge the academic critique for critique's sake and career's sake business and ask *Critique for what and for whom* Historicizing for what and for whom Politicizing for what and for whom America for what and for whom Here New Left revisionary socialists members of the unpartied Left cultural studies theorists American studies scholars radical historians progressive literary critics and early proponents of transnational analysis interact in what amounts to a lively book length strategy seminar British political intellectuals including Raymond Williams E P Thompson Stuart Hall and Raphael Samuel and Americans including F O Matthiessen Robert Lynd C Wright Mills and Richard Ohmann reconsider the critical project as social transformation studies activism studies organizing studies Eager to prevent cultural studies from becoming cynicism studies *Critique for What* thinks creatively about the possibilities of using as well as developing critique in our new millennium

American Labor History Made Easy! Eric Leif Davin, 2009 A brief history of American workers from 1800 2000 Not primarily an institutional history that is a history of unions although unions figure prominently where appropriate For the most part this is about the lives of ordinary workers people like you and me and how they struggled to build better lives for themselves in changing and often hostile circumstances Dr Eric Leif Davin has taught labor history at the University of Pittsburgh for more than 20 years and won the Eugene V Debs Award for his writing on labor history

The Inquisition in Hollywood Larry Ceplair, Steven Englund, 1983 The Inquisition in Hollywood examines the suppression of radical political activity in the film industry from the days of the Great Depression through the tumultuous House Un American Activities Committee era to the waning days of the infamous blacklist Although this thirty year period of American history is marked by widespread targeting of leftists in all areas of life those in the film industry predominately screenwriters were considered to be in positions of great potential indoctrinating power and found themselves under intense scrutiny as the cold war hysteria mounted Ceplair and Englund trace the history of political struggle in Hollywood back to the formation of the Screen Writers Guild in 1933 Many of the blacklisted filmmakers were members of the Communist Party and all of the graylisted filmmakers had expressed their sympathy with progressive mainly anti fascist causes
