Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail. In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color, Weinberg includes references dealing with sexism, antisemitism, economic exploitation and similar forms of dehumanization. References are grouped under a series of subject headings that include Civil Rights, Desegregation, Housing, Socialism and Racism, Unemployment and Violence against Minorities. Items which do not have self-explanatory titles are annotated and virtually every section is thoroughly cross-referenced. Also included is one section of carefully selected references on racism in countries other than the United States. Unlike the remainder of the book, this section is not comprehensive but rather provides an opportunity to view racism comparatively. The volume concludes with an author index. This work will be a significant addition to both academic and public libraries as well as an important resource for courses in racism, sociology and black history.

Louis Owens Jacquelyn Kilpatrick, 2004 Louis Owens 1948-2002 achieved worldwide recognition with his humorous and fearless novels that explored themes close to Owens's own upbringing as a mixed blood Choctaw, Cherokee and Irish American. His critical works were equally substantive. Readers of his criticism find his work challenging and casual readers find his fiction highly enjoyable, a remarkable combination that speaks well of Owens's intellectual and creative abilities. In a new collection of essays, *Louis Owens: Literary Reflections on His Life and Work*, editor Jacquelyn Kilpatrick and eleven other contributors examine Owens's fiction and nonfiction from widely varying viewpoints to address issues such as identity, place, literary theory, trickster motifs and the environment. This text aids the reader in understanding the theories Owens articulated and how he followed those theories in his own writing. Also included is the last interview Owens gave, appearing in print for the first time, which provides insights into this complex man's personal life.

Lesbian Texts and Contexts Karla Jay, Joanne Glasgow, 1990-06 Lesbian writers include some of the most innovative and adventurous writers of this century but only recently have they been given their due attention in terms of critical study. This book is the first anthology to discuss the subject of lesbianism as it relates to the critical interaction among readers, writers and literary critics. It explores lesbian texts in terms of identification, meaning and interpretation and examines the complex entanglements of identity, voice, intersubjectivity, textualities and sexualities. A wonderful exploration of the varieties of life choices lesbians can and do make. This book once again proves that telling the truth about yourself is a revolutionary act. Rita Mae Brown. They will probably drum Karla Jay and Joanne Glasgow out of the academy for this one. A college text that is witty, literate, interesting and can be read for fun. What's the world coming to? *Lesbian Texts and Contexts*, dry title, wonderful book. Barbara Grier, Editor, Naiad Press. To call this collection much needed or eagerly awaited would be the understatement of the year. It's thrilling to think of the new readings of classic texts, the new directions for theory and maybe best of all, the new range of literary encounters in the classroom that will be enabled by this radical intervention on the critical scene. Eve Kosofsky Sedgwick, Duke University. Excellent, challenging, sexy, never boring. *Outweek* Department of
