Garden District to more economically modest but no less culturally vibrant areas architecture is a key element that makes New Orleans an extraordinary American city

**Delirious New Orleans** began as a documentary project to capture the idiosyncratic vernacular architecture and artifacts vintage mom and pop businesses roadside motels live music clubs neon signs wall murals fast food joints and so on that helped give the city's various neighborhoods their unique character But because so many of these places and artifacts were devastated by Hurricane Katrina **Delirious New Orleans** has become both a historical record of what existed in the past and a blueprint for what must be rebuilt and restored to retain the city's unique multicultural landscape Stephen Verderber starts with the premise that New Orleans's often overlooked neighborhoods imbue the city with deep authenticity as a place He opens **Delirious New Orleans** with a photo essay that vividly presents this vernacular architecture and its artifacts both before Katrina and in its immediate aftermath In the following sections of the book which are also heavily illustrated Verderber takes us on a tour of the city's commercial vernacular architecture as well as the expressive folk architecture of its African American neighborhoods He discusses how the built environment was profoundly shaped by New Orleans's history of race and class inequities and political maneuvering along with its peculiar below sea level geography Verderber also considers the aftermath of Katrina and the armada of faceless FEMA trailers that have at least temporarily and by default transformed this urban landscape

**Captive City** Jennie Lightweis-Goff, 2024-12-10 Explores the legacies of slavery in Southern cities along the Gulf and Atlantic coasts Cities are fraught sites in the national imagination turned into identity markers when urban and rural indicate tastes rather than places Cities bring chaos draining the lifeblood of the nation like a tick draws blood from its host to paraphrase Thomas Jefferson's anti urban polemics which might have been written during any election year centuries or months ago Racism and anti urbanism were born conjoined during the Revolution Like their Atlantic coastal counterparts in the US North Southern cities similarly polyglot and cosmopolitan resist the dominant mutually inclusive prejudices of the nation that fails to contain them on its eroding flooding coasts *Captive City* explores the paths of slavery in coastal cities arguing that captivity haunts the hospitality cultures of Charleston New Orleans Savannah and Baltimore It is not a history of urban slavery but a literary reflection that argues for coastal cities as a distinct region that scrambles time resisting the post in postindustrial and the neo in neoliberalism Jennie Lightweis Goff offers a cultural exploration bound by American literature especially life writing by the enslaved as well as compelling reassessments of works by canonical writers such as Frederick Douglass Harriet Jacobs and Hector St John de Crevecoeur Lightweis Goff reveals how the preserved yet fragile landscapes of these cities are haunted not simply by the ghost tours that are signature stops for travelers in their historic districts but by the echoes of slavery in their economies and built environments
