Essential Criminology Mark M. Lanier, 2018-04-19 In the fourth edition of *Essential Criminology* authors Mark M Lanier Stuart Henry and Desire M Anastasia build upon this best selling critical review of criminology which has become essential reading for students of criminology in the 21st century Designed as an alternative to overly comprehensive lengthy and expensive introductory texts *Essential Criminology* is as its title implies a concise overview of the field The book guides students through the various definitions of crime and the different ways crime is measured It then covers the major theories of crime from individual level classical and rational choice to biological psychological social learning social control and interactionist perspectives In this latest edition the authors explore the kind of criminology that is needed for the globally interdependent twenty first century With cutting edge updates illustrative real world examples and new study tools for students this text is a necessity for both undergraduate and graduate courses in criminology Modern Control Theory and the Limits of Criminal Justice Michael R. Gottfredson, Travis Hirschi, 2020 *Modern Control Theory and the Limits of the Criminal Justice* develops and extends the theory of self control advanced in Gottfredson and Hirschi's classic work *A General Theory of Crime* Since it was first published their general theory has been among the most discussed and researched perspectives in criminology This book critically reviews the evidence about the theory contrasting it with alternative perspectives and argues in favor of prevention efforts during early childhood to deal with the many problems facing the criminal justice system in America **Criminological Theories** James F. Anderson, 2014-06-24 Designed for undergraduate criminology and criminological theory courses *Criminological Theories Understanding Crime in America* Second Edition explores crime crime theory and various forms of criminal behavior within the United States It focuses exclusively on theory avoiding superfluous discussion of the criminal justice system Students will come away from the text with plausible explanations of crime causation a greater appreciation of criminological theory and the ability to think critically about the social reality of crime Current and highly relevant the text includes coverage of new developments in the field of criminology including cultural integrative life course and green criminological theories **Essential Criminology** Stuart Henry, Desiré J. M. Anastasia, 2025-04-09 This significantly expanded edition of *Essential Criminology* covers the broadest range of criminological theories the essential criminological theories from longstanding ones such as classical theory and strain theory to recently introduced ones such as ultra realism and green cultural criminology Whether all are essential depends on one's theoretical stance The value of this text is its carefully designed comparative analysis which helps readers consider their relative contribution to the field Originally designed as an alternative to lengthy and expensive introductory texts

Essential Criminology provides a concise yet comprehensive overview of the field. The book offers a clear structured student friendly critical analytical examination of the nature of crime theories of crime causation and their criminal justice policy implications. Causal theories covered range from micro level classical and rational choice to biological psychological social learning social control and interactionist perspectives to macro level social ecology anomie strain conflict Marxist feminist and postmodernist theories. Over its 26 year history the book has added new theoretical perspectives as these have gained prominence. New to this edition are chapters on critical and ultra realism and critical green criminology and discussions of zemiology critical race theory and quantum holographic criminology. The authors have also expanded some theoretical frameworks that had previously been underdeveloped such as opportunity theory subcultural theory and social constructionism. Essential Criminology contextualizes criminology in the globally interdependent 21st century addressing the crimes of terrorism global pandemics and climate change. With its cutting edge updates illustrative real world examples and student friendly study tools including analytically comparable summary charts exposing each theory's ontological assumptions this text was designed primarily for undergraduate criminology courses but has also been adopted by community colleges and graduate programs in criminology sociology and political science.

Recent Developments in

Criminological Theory Scott A. Lukas, 2017-07-05 This volume contains recent and cutting edge articles from leading criminological theorists. The book is organized into ten sections each representing the latest in the multi disciplinary orientations representing a cross section of contemporary criminological theory. These sections include 1 Classical and Rational Choice 2 Biological and Biosocial 3 Psychological 4 Social Learning and Neutralization 5 Social Control 6 Social Ecology Sub cultural and Cultural 7 Anomie and Strain 8 Conflict and Radical 9 Feminist and Gender 10 Critical Criminologies Anarchist Postmodernist Peacemaking. The articles were selected based on their contributions to advancing the field including ways in which the authors of each chapter understand the current theoretical tendencies of their respective approaches and how they envision the future of their theories. Because of this the articles focus on theory rather than empirical research. Of particular note is the tendency toward integration of different perspectives as described by editors Henry and Lukas in their original introduction to this volume.

Criminology Gregg Barak, 2009 Barak provides the first integrated analysis of crime criminal justice and criminology through a global lens revealing the importance of a global perspective for the study of crime and justice in the 21st century. While moving seamlessly from the micro bio psychological interactive social process to the macro cultural structural forces that shape crime and our responses to it the author presents the reader with a feast of the latest criminological ideas in this sumptuous tome.
