Literary Translation, Reception, and Transfer Norbert Bachleitner,2020-09-21 The three concepts mentioned in the title of this volume imply the contact between two or more literary phenomena they are based on similarities that are related to a form of travelling and imitation or adaptation of entire texts genres forms or contents Transfer comprises all sorts of travelling with translation as a major instrument of transferring literature across linguistic and cultural barriers Transfer aims at the process of communication starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture Reception lays its focus on the receiving culture especially on criticism reading and interpretation Translation therefore forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers Moreover translations are the prime instrument in the distribution of literature across linguistic and cultural borders thus they pave the way for gaining prestige in the world of literature The thirty eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna They are ample proof that the field remains at the center of interest in Comparative Literature

Contemporary Indian English Poetry and Drama Sajalkumar Bhattacharya,Himadri Lahiri,Arnab Kumar Sinha,2019-07-29 This anthology of essays maps the divergent issues that have become relevant in contemporary Indian

English poetry and drama By providing a clear idea about the new themes techniques and methods used by the Indian English poets and playwrights to address the issues emerging in the changing socio cultural scenario particularly during the post globalization period the essays offer insightful observations on canon formation and its reception It is high time to consider afresh whether the canons of Indian English poetry and drama have widened their scope to include innovative forms of writing or whether they have evolved significantly to generate novel perspectives These questions which are linked with the issue of canon formation and its reception are intricately woven into the fabric of these essays This anthology will respond to the scholarly interests of inquisitive students research scholars and academics in the field of Indian English literature

The Image of Modern Man in T. S. Eliot's Poetry Mariwan Nasradeen Hasan Barzinji, 2012-11-21 The Image of Modern Man in T S Eliot's Poetry The book presents an original understanding of The Image of Modern Man in T S Eliot's complex and difficult poems in an easy and understandable way Eliot's vision of the Modern Man and the modern world is depicted throughout Eliot's most well known poems Eliot was criticized by some critics for the quality of his work The aim of this book is to show what an excellent and successful writer he is to reveal the value and the contemporaneity of his work His poetry is highly evaluated for its unique way of depicting the Modern humanity by realizing their problems as well as finding solutions for them The book is a great help not only for students but also for researchers as the writer has spent much time in reading Eliot's Poems He has also written an ample introduction about modernism modernity modern literature and modern poetry which might be enough to understand the rise of modern poetry All of Eliot's poems especially The Waste Land has presented readers with all the aspects of the modern life Life is depicted as a mirror broken and shattered into pieces as it is clear in the different parts of the poem Eliot unlike many poets did not leave the modern man lost in despair but he finds them their peace of mind by having a true and stable faith as well as their turning to God The only solution for the entire problems of modern man is to turn to God and neglect the world that completely occupied them spiritually Modern man has lost his values especially women by only looking after children many of them turned to prostitution because they did not have any source of income therefore they used that as a way to earn money to maintain life These are the characteristics of the modern city which are shared by all the countries especially Europe Eliot insists on the necessity of turning from world to God He believed that God can solve their problems because man or any other earthly power could not change that gloomy and aimless life which modern man complained against

A Companion to Twentieth-Century Poetry Neil Roberts, 2008-04-15 In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history and this Companion strives to make sense of this crowded poetical era The original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth century poetry were exhausted and finite However the volume also looks forward to the poetry and readings that the new century will bring The Companion embraces the extraordinary development of poetry over the century in twenty

English speaking countries a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post colonialism Representation of the canonical and the marginal is therefore balanced including the full integration of women poets and feminist approaches and the in depth treatment of post colonial poets from various national traditions Discussion of context intertextualities and formal approaches illustrates the increasing self consciousness and self reflexivity of the period whilst a Readings section offers new readings of key selected texts The volume as a whole offers critical and contextual coverage of the full range of English language poetry in the last century

A History of Western Appreciation of English-translated Tang Poetry Lan Jiang, 2018-03-08 This book examines the development of English translated Tang poetry and its propagation to the Western world It consists of two parts the first of which addresses the initial stage of English translated Tang poetry s propagation and the second exploring its further development By analyzing the historical background and characteristics of these two stages the book traces the trend back to its roots discusses some well known early sinologists and their contributions and familiarizes readers with the general course of Tang poetry s development In addition it presents the translated versions of many Tang poems The dissemination of Tang poetry to the Western world is a significant event in the history of cross cultural communication From the simple imitation of poetic techniques to the acceptance and identification of key poetic concepts the Tang poetry translators gradually constructed a classic Chinese style in modern American poetry Hence the traditional Chinese culture represented by Tang poetry spread more widely in the English speaking world producing a more lasting impact on societies and cultures outside China and demonstrating the poetry s ability to transcend the boundaries of time region nationality and culture Due to different cultural backgrounds the Tang poets or poems admired most by Western readers may not necessarily receive high acclaim in China Sometimes language barriers and cultural differences make it impossible to represent certain allusions or cultural and ethnic concepts correctly during the translation process However in recent decades the translation of Tang poetry has evolved considerably in both quantity and quality As culture is manifested in language and language is part of culture the translation of Tang poetry has allowed Western scholars to gain an unprecedented understanding of China and Chinese culture

Forms of Devotion in Early English Poetry Jennifer A. Lorden, 2023-11-02 Firmly establishes the importance of early affective devotion in the hybrid poetics of the earliest English poetry *The Literary Mind of Medieval and Renaissance Spain* Otis H. Green, 2021-10-21 The twelve essays in this florilegio of the work of Otis H Green afford a representative view of the thought and scholarship of one of the world s foremost Hispanists In each of them is developed some important facet of the intellectual milieu of the Middle Ages and Renaissance reflecting Otis Green s life long and wide ranging quest for evidence that would broaden our understanding of those complex periods and correct the misapprehensions which have gathered about them Included are important sections of his great work *Spain and the Western Tradition* and essays from journals now difficult to obtain or out of print This book provides a valuable introduction to Spanish thought and to the work

of a scholar who has done much to elucidate it *Ethics and Politics in Modern American Poetry* John Wrighton, 2012-06-25 From the Objectivists to the poetry this thoughtful and innovative book explores the dynamic relationship between the ethical imperative and poetic practice revitalizing the study of the most prominent post war American poets in a fresh provocative way Contributing to the turn to ethics in literary studies the book begins with Emmanuel Levinas philosophy proposing that his reorientation of ontology and ethics demands a social responsibility In poetic practice this responsibility for the other it is argued is both responsive to the traumatized semiotics of our shared language and directed towards an emancipatory social activism Individual chapters deal with Charles Olson's The Maximus Poems including reproductions of previously unpublished archive material Gary Snyder's environmental poetry Allen Ginsberg's Beat poetics Jerome Rothenberg's ethnopoetics and Bruce Andrew's Language poetry Following the book's chronological and contextual approach their work is situated within a constellation of poetic schools and movements and in relation to the shifting socio political conditions of post war America In its redefinition and extension of the key notion of poethics and as guide to the development of experimental work in modern American poetry this book will interest and appeal to a wide audience *The Oxford Handbook of Contemporary British and Irish Poetry* Peter Robinson, 2013-09-26 This Handbook offers an authoritative and up to date collection of original essays bringing together ground breaking research into the development of contemporary poetry in Britain and Ireland **The Shakespeare Play as Poem** S. Viswanathan, 1980-11-20 A balanced critique of the reading of Shakespeare's plays as dramatic poems *Prose Poems of the French Enlightenment* Fabienne Moore, 2017-11-30 By examining nearly sixty works the author traces the prehistory of the French prose poem demonstrating that the disquiet of some eighteenth century writers with the Enlightenment gave rise to the genre nearly a century before it is habitually supposed to have existed In the throes of momentous scientific philosophical and socioeconomic changes Enlightenment authors turned to the past to revive sources such as Homer the pastoral Ossian the Bible and primitive eloquence favoring music to construct alternatives to the world of reason The result the author argues were prose poems including Flon's Les Aventures de T maque Montesquieu's Le Temple de Gnide Rousseau's Le L te d Ephra m Chateaubriand's Atala as well as many lesser known texts most of which remain out of print The author's treatment of Bible criticism and eighteenth century religious reform movements reveal the often neglected spiritual side of Enlightenment culture and tracks its contribution to the period's reflection about language and poetic invention The author includes in appendices four unusual texts adjudicating the merits of prose poems making evidence of their controversial nature now accessible to readers **A Concise Companion to Twentieth-Century American Poetry** Stephen Fredman, 2008-04-15 This Concise Companion gives readers a rich sense of how the poetry produced in the United States during the twentieth century is connected to the country's intellectual life more broadly Helps readers to fully appreciate the poetry of the period by tracing its historical and cultural contexts Written by prominent specialists in the field Places the poetry of the period

within contexts such as war feminism and the female poet poetries of immigration and migration communism and anti communism philosophy and theory Each chapter ranges across the entire century comparing poets from one part of the century to those of another New syntheses make the volume of interest to scholars as well as students and general readers

Sensation, Contemporary Poetry and Deleuze Jon Clay, 2010-06-03 Focussing on the significance of sensation this study develops a Deleuzian poetics of reading through an examination of contemporary innovative poetry *Spanish contemporary poetry* Diana Cullell, 2016-05-16 Spanish contemporary poetry An anthology presents a selection of Spanish peninsular poetry from the 1970s to the present day with an introductory study of the most relevant poetic trends and poetic groups of the period followed by guided and close readings of each poem The anthology includes poems by twenty two authors selected according to their literary rigour and with attention to the relevance of their work a comprehensive introductory study notes thorough individual commentaries to the poems and lists of selected vocabulary and rhetorical terms that provide accessibility to the anthology The poetic selection is divided into sections and subsections in order to aid its pedagogical intent covering the poetry written during the transition to democracy the emergence of poetry written by women in the 1980s the Spanish poetic field of the 1990s the poetry written at the turn of the new millennium and some of the youngest voices in Spanish poetry today English speaking students working in the field of Hispanic literature but also a more general reader keen on literature written in Spanish language should thoroughly enjoy this work **The Reception of Greek Lyric Poetry in the Ancient World: Transmission, Canonization and Paratext**, 2019-12-09 In The Reception of Greek Lyric Poetry in the Ancient World Transmission Canonization and Paratext a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar *Modern Chinese Literary Thought* Kirk A. Denton, 1996 This volume presents a broad range of writings on modern Chinese literature Of the fifty five essays included forty seven are translated here for the first time including two essays by Lu Xun In addition the editor has provided an extensive general introduction and shorter introductions to the five parts of the book historical background a synthesis of current scholarship on modern views of Chinese literature and an original thesis on the complex formation of Chinese literary modernity The collection reflects both the mainstream Marxist interpretation of the literary values of modern China and the marginalized views proscribed at one time or another by the leftist canon It offers a full spectrum of modern Chinese perceptions of fundamental literary issues **Poetry & Displacement** Stan Smith, 2007-11-01 The

paradigmatic figure of twentieth century history is the displaced person a concept which emerged from the demographic migrations deportations and genocidal purges that accompanied two world wars the destruction and construction of nation states and the restructuring of the global order which they occasioned These processes almost inevitably fostered a poetry of exile and expatriation intimately bound up with the experience of modernity and the culture of modernism culminating in the postcolonial era with the globalisation of displacement as the determining condition of postmodernity In this timely new volume renowned poetry critic Stan Smith examines a number of poets Plath Larkin Heaney Walcott Middleton Fisher Duffy through the lens of displacement

The Poetry Circuit Peter B. Howarth, 2024-09-17 Live performance has changed poetry more than anything else in the last hundred years it has given poets new audiences and a new economy and it has generated new styles from Imagism to confessional to contemporary Spoken Word But the creative impact that public reading had right through the twentieth century has not been well understood Mixing close listening to archive performances with intimate histories of modernist venues and promoters The Poetry Circuit tells the story of how poets met their audience again and how the feedback loops between their voices the venues and the occasions turned poems into running dramas between poet and listener A nervous T S Eliot reveals himself to be anything but impersonal while Marianne Moore's accident prone readings become subtle ways of keeping her poems in constant re draft Robert Frost used his poems to spar with his fans and rivals while Langston Hughes wrote Ask Your Mama to expose the prejudice circulating in the room as he spoke it The Poetry Circuit also shows how the post war reading boom made new kinds of poetry involving their audience and setting in the performance such as John Ashbery's anti charismatic Poets Theatre Amiri Baraka's documentary soundtracks of the streets or the confessional readings of Allen Ginsberg which shame the listeners more than the poet Covering the first seventy years of the poetry reading The Poetry Circuit demonstrates that there never were page and stage poets the reading simply changed what every modern poet could do

Women Poets and Myth in the 20th and 21st Centuries Rosa Burillo, María Porras Sánchez, Esther Sánchez-Pardo, 2018-10-29 This book rereads and re examines the important tradition of women poets and theorists who have both critically and creatively engaged with the study and reconsideration of the role played by myths in our Western society assessing their impact in different eras Such poets and theorists as H D Laura Riding Denise Levertov Margaret Atwood Anne Carson and Natalie Diaz have responded to myths either by recreating rewriting and interrogating the power of myths to articulate our reality or by creating and begetting new myths for the present In order to interrogate whether myths throughout the 20th and 21st centuries can act as catalysts for new ideas and imaginative re creations this volume travels the path of essential works of poetry by women
