**Preaching Prophetic Care** Phillis Isabella Sheppard, Dawn Ottoni-Wilhelm, Ronald J. Allen, 2018-06-25 Preachers often think of prophetic preaching in the caricature of the prophet as the lonely outsider confronting the congregation often angrily with the congregation s complicity in social injustice and with a bracing call for repentance The twenty seven essays and sermons in this book offer a different perspective by viewing prophetic preaching specifically and ministry practical theology and theological education more broadly as pastoral care for the community in prophetic perspective Such preaching does indeed bring a critical theological analysis of justice concerns to the center of the sermon but in such a way as to invite the congregation to consider how the move toward justice is a pastoral move that is a move that seeks to build up community Rather than contributing to the polarization so rampant in today s social world the preacher seeks to help the congregation build bridges along which concern for justice can travel The contributions honor the work of the late Dale Andrews a scholar of preaching and practical theology at the Divinity School Vanderbilt University whose seminal work inspires the notions of prophetic care and building bridges to justice
