**James R. Lewis**

## **New Religions:**

Controversial New Religions James R. Lewis, Jesper Aa. Petersen, 2014-07-16 In terms of public opinion new religious movements are considered controversial for a variety of reasons Their social organization often runs counter to popular expectations by experimenting with communal living alternative leadership roles unusual economic dispositions and new political and ethical values As a result the general public views new religions with a mixture of curiosity amusement and anxiety sustained by lavish media emphasis on oddness and tragedy rather than familiarity and lived experience This updated and revised second edition of *Controversial New Religions* offers a scholarly dispassionate look at those groups that have generated the most attention including some very well known classical groups like The Family Unification Church Scientology and Jim Jones s People s Temple some relative newcomers such as the Kabbalah Centre the Order of the Solar Temple Branch Davidians Heaven s Gate and the Falun Gong and some interesting cases like contemporary Satanism the Raelians Black nationalism and various Pagan groups Each essay combines an overview of the history and beliefs of each organization or movement with original and insightful analysis By presenting decades of scholarly work on new religious movements written in an accessible form by established scholars as well as younger experts in the field this book will be an invaluable resource for all those who seek a view of new religions that is deeper than what can be found in sensationalistic media stories

**Cults and New Religions** Douglas E. Cowan, David G. Bromley, 2015-06-15 This unparalleled introduction to cults and new religious movements has been completely up dated and expanded to reflect the latest developments each chapter reviews the origins leaders beliefs rituals and practices of a NRM highlighting the specific controversies surrounding each group A fully updated revised and expanded edition of an unparalleled introduction to cults and new religious movements Profiles a number of the most visible significant and controversial new religious movements presenting each group s history doctrines rituals leadership and organization Offers a discussion of the major controversies in which new religious movements have been involved using each profiled group to illustrate the nature of one of those controversies Covers debates including what constitutes an authentic religion the validity of claims of brainwashing techniques the implications of experimentation with unconventional sexual practices and the deeply rooted cultural fears that cults engender New sections include methods of studying new religions in each chapter as well as presentations on groups to watch

Researching New Religious Movements Elisabeth Arweck, 2004-08-02 What this book is about Milestones in a research itinerary Institutions and institutional knowledge Sketching in the cultural background The anti cult movement s response The response of the mainstream churches Conclusions

*Understanding New Religious Movements* John A. Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them

John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible

**New Religious Movements** Jamie Cresswell, Bryan Wilson, 2012-12-06 New Religious Movements Challenge Response is the most comprehensive wide ranging study on the global impact of new religions New religions discussed include Hare Krishna Sikh Dharma The Unification Church The Church of Scientology The Jesus People and Wicca Focuses on the rise of new religious movements in Italy Brazil United States Germany and Britain The contributors are among the most respected and reputable experts in the field

*The Bloomsbury Companion to New Religious Movements* George D. Chryssides, Benjamin E. Zeller, 2014-01-02 The Bloomsbury Companion to New Religious Movements covers key themes such as charismatic leadership conversion and brainwashing prophecy and millennialism violence and suicide gender and sexuality legal issues and the portrayal of New Religious Movements by the media and anti cult organisations Several categories of new religions receive special attention including African new religions Japanese new religions Mormons and UFO religions This guide to New Religious Movements and their critical study brings together 29 world class international scholars and serves as a resource to students and researchers The volume highlights the current state of academic study in the field and explores areas in which future research might develop Clearly and accessibly organised to help users quickly locate key information and analysis the book includes an A to Z of key terms extensive guides to further resources a comprehensive bibliography and a timeline of major developments in the field such as the emergence of new groups publications legal decisions and historical events

*Six Perspectives on New Religions*, 1981 This work aims to offer a reminder that the external validity of our concepts such as religious cults is more limited than most of us realize

*New Religions in Global Perspective* Peter B. Clarke, 2004-06-01 Peter B Clarke s in depth account explores the innovative character of new religious movements and new forms of spirituality from a global vantage point Ranging from North America and Europe to Japan Latin America South Asia Africa and the Caribbean it is the perfect introduction to NRMs such as Falun Gong Aum Shirikyo the Brahma Kumaris the Ikhwan or Muslim Brotherhood Sufism the Engaged Buddhist and Engaged Hindi movements Messianic Judaism and Rastafarianism Charting the cultural significance and global impact of NRMs he discusses the ways in which various religious traditions are shaping rather than displacing each other s understanding of notions such as transcendence and faith good and evil of the meaning purpose and function of religion and of religious belonging He then examines the responses of governments churches the media and general public to new religious movements as well as the reaction to older increasingly influential religions such as Buddhism and Islam in

new geographical and cultural contexts Taking into account the degree of continuity between old and new religions each chapter contains not only an account of the rise of the NRMs and new forms of spirituality in a particular region but also an overview of change in the regions mainstream religions

*New Religions and the Theological Imagination in America* Mary Farrell Bednarowski, 1989-11-22 Bednarowski is especially good at elucidating the theological daring of these new American religions She demonstrates in a very few pages how theology and group adherence made the individual count a configuration simultaneously American un American and important Jon Butler The cultural confrontation with these new religions is very real and usually very misinformed Bednarowski has gone to great lengths to dispel the ignorance The Christian Century A groundbreaking study Syzygy Journal of Alternative Religion and Culture Organized as a series of theological conversations about ultimate questions this book offers a guide to the answers these six religions offer Drawing heavily on sources from the movements themselves it presents a balanced comparative account of the emerging theological systems of America s new religions

*New Religions* Eugene V. Gallagher, Lydia Willsky-Ciullo, 2021-02-15 A valuable resource for students and general audiences this book provides a unique global perspective on the history beliefs and practices of emergent faith communities new religious traditions and religious movements worldwide from the 19th century to the present New Religions Emerging Faiths and Religious Cultures in the Modern World provides insightful global perspectives on the emergent faith communities and new traditions and movements of the last two centuries Readers will gain access to the information necessary to explore the significance complexities and challenges that modern religious traditions have faced throughout their history and that continue to impact society today The work identifies the themes and issues that have often brought new religions into conflict with the larger societies of which they are a part Coverage includes new religious groups that emerged in America such as the Seventh day Adventists the Latter day Saints and the Jehovah s Witnesses alternative communities around the globe that emerged from the major Western and Eastern traditions such as Aum Shinrikyo and Al Qaeda and marginalized groups that came to a sudden end such as the Peoples Temple Heaven s Gate and the Branch Davidians The entries highlight thematic and broader issues that run across the individual religious traditions and will also help students analyze and assess the common difficulties faced by emergent religious communities

**Media and New Religions in Japan** Erica Baffelli, 2016-02-05 The Open Access version of this book available at [www.taylorfrancis.com/books/9781135117849](http://www.taylorfrancis.com/books/9781135117849) has been made available under a Creative Commons Attribution Non Commercial No Derivative 4.0 license Japanese new religions shinsh ky have used various media forms for training communicating with members presenting their messages reinforcing or protecting the image of the leader and potentially attracting converts In this book the complex and dual relationship between media and new religions is investigated by looking at the tensions groups face between the need for visibility and the risks of facing attacks and criticism through media Indeed media and new technologies have been extensively used by religious groups not only to spread their messages and to try to reach a wider audience but also to

promote themselves as a highly modern and up to date form of religion appropriate for a modern technological age In 1980s and early 1990s some movements such as Agonsh K fuku no Kagaku and Aum Shinriky came into prominence especially via the use of media initially publications but also ritual broadcasts advertising campaigns and public media events This created new modes of ritual engagement and new ways of interactions between leaders and members The aim of this book is to develop and illustrate particular key issues in the wider new religions and media nexus by using specific movements as examples In particular the analysis of the interaction between media and new religions will focus primarily on three case studies predominantly during the first period of development of the groups

*The Oxford Handbook of New Religious Movements* James R. Lewis, Inga B. Tollefsen, 2016-04-12 The study of New Religious Movements NRMs is one of the fastest growing areas of religious studies and since the release of the first edition of *The Oxford Handbook of New Religious Movements* in 2003 the field has continued to expand and break new ground In this all new volume James R Lewis and Inga B T llefsen bring together established and rising scholars to address an expanded range of topics covering traditional religious studies topics such as scripture charisma and ritual while also applying new theoretical approaches to NRM topics Other chapters cover understudied topics in the field such as the developmental patterns of NRMs and subcultural considerations in the study of NRMs The first part of this book examines NRMs from a social scientific perspective particularly that of sociology In the second section the primary factors that have put the study of NRMs on the map controversy and conflict are considered The third section investigates common themes within the field of NRMs while the fourth examines the approaches that religious studies researchers have taken to NRMs As NRM Studies has grown subfields such as Esotericism New Age Studies and neo Pagan Studies have grown as distinct and individual areas of study and the final section of the book investigates these emergent fields

**The Encyclopedia of Cults, Sects, and New Religions** James R. Lewis, 2001-03 Surpassing the scope and the thoroughness of the first edition this new edition of *The Encyclopedia of Cults Sects and New Religions* is the most wide ranging and accessible resource on the historically significant and more obscure sinister and bizarre religious groups Including many entries by scholarly specialists this volume explains more than 1 000 diverse groups and movements from such well known sects as the Branch Davidians Aum Shinrikyo and Heaven s Gate to obscure groups like Ordo Templi Satanas Witches International and the Nudist Christian Church of the Blessed Virgin Jesus In addition to an exhaustive index and handy cross references the second edition includes over a hundred new topical entries on subjects relevant to understanding sectarian movements from snake handling and satanic ritual abuse to brainwashing and exorcism This book a must for all libraries and schools will endure as the first and only point of reference for researchers scholars students and anyone interested in fringe religious groups

**Legitimizing New Religions** James R. Lewis, 2003 James R Lewis has written the first book to deal explicitly with the issue of how emerging religions legitimate themselves He contends that a new religion has at least four different though overlapping areas where legitimacy is a concern making converts

maintaining followers shaping public opinion and appeasing government authorities The legitimacy that new religions seek in the public realm is primarily that of social acceptance Mainstream society's acknowledgement of a religion as legitimate means recognizing its status as a genuine religion and thus recognizing its right to exist Through a series of wide ranging case studies Lewis explores the diversification of legitimation strategies of new religions as well the tactics that their critics use to de legitimate such groups Cases include the Movement for Spiritual Inner Awareness Native American prophet religions spiritualism the Church of Christ Scientist Scientology Church of Satan Heaven's Gate Unitarianism Hindu reform movements and Soka Gakkai a new Buddhist sect Since many of the issues raised with respect to newer religions can be extended to the legitimation strategies deployed by established religions this book sheds an intriguing new light on classic questions about the origin of all religions **New Religions As Global Cultures** Irving Hexham, Karla Poewe, 2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults *Odd Gods* James R. Lewis, 2001 No Marketing Blurb Religions in the Modern World Linda Woodhead, Christopher Partridge, Hiroko Kawanami, 2016-01-13 Religions in the Modern World Traditions and Transformations Third Edition is the ideal textbook for those coming to the study of religion for the first time as well as for those who wish to keep up to date with the latest perspectives in the field This third edition contains new and upgraded pedagogic features including chapter summaries key terms and definitions and questions for reflection and discussion The first part of the book considers the history and modern practices of the main religious traditions of the world while the second analyzes trends from secularization to the rise of new spiritualities Comprehensive and fully international in coverage it is accessibly written by practicing and specialist teachers

**Encyclopedia of New Religions** Christopher Hugh Partridge, 2004 A comprehensive and authoritative guide to over 200 new religions sects and alternative spiritualities New Religions As Global Cultures Irving Hexham, 2018-02-12 Although the Great Anti Cult Crusade links new religious movements to dangerous cults brainwashing and the need for deprogramming Karla Poewe and Irving Hexham argue that many cults are the product of a dynamic interaction between folk religions and the teachings of traditional world religions Drawing on examples from Africa the United States Asia and Europe they suggest that few new religions are really new Most draw on rich if localized cultural traditions that are shaped anew by the influence of technological change and international linkages With the widespread loss of belief in biblical mythology in

the nineteenth century new mythologies based on science and elements derived from various non Western religious traditions emerged leading to the growth and popularity of new religions and cults      **New Religious Movements: A Guide for the Perplexed** Paul Oliver, 2012-02-02 Exploration of new religious movements which have originated since 1950 setting them within their social and cultural context
