**Theatre of Exile** Horacio Czertok, 2015-07-24 How might the organic link between theatre making and political action be revitalised And how might a spontaneous vision of a theatre of and for ordinary people be reignited Since his political exile from Argentina in 1977 theatre director and producer Horacio Czertok has devoted his life to reimagining the art of the theatre taking it out of its comfort zone into places of social conflict such as deprived suburban areas prisons and mental hospitals as well as open public spaces engaging directly with audiences in a spirit of abiding carnivalesque and deeply political theatrical experimentation Adapting a rigorous Stanislavskian theatrical training to the exigencies of raw immediate encounters with audiences in marginal and open spaces Czertok's theatre making is unique not only in the kinds of capacities and skills it allows actors to develop but also in the way it renders the question of political efficacy immanent to the very process of making theatre Providing Czertok's own highly personal account of his trajectory in the global scene of theatre making over the past half century this is a book about the theatre of exile a theatre of streets prisons hospitals open to direct and unexpected encounters with audiences and their life experiences Photos by Luca Gavagna

***The Hacienda*** Peter Hook, 2009-10-01 Legendary musician Peter Hook tells the whole story the fun the music the vast loss of money the legacy of Manchester's most iconic nightclub Peter Hook as co founder of Joy Division and New Order has been shaping the course of popular music for thirty years He provided the propulsive bass guitar melodies of *Love Will Tear Us Apart* and the bestselling 12 inch single ever *Blue Monday* among many

other songs As co owner of Manchester s Hacienda club Hook propelled the rise of acid house in the late 1980s then suffered through its violent fall in the 1990s as gangs drugs greed and a hostile police force destroyed everything he and his friends had created This is his memory of that era and it s far sadder funnier scarier and stranger than anyone has imagined As young and naive musicians the members of New Order were thrilled when their record label Factory opened a club Yet as their career escalated they toured the world and had top ten hits their royalties were being ploughed into the Hacienda and they were only being paid 20 per week Peter Hook looked back at that exciting and hilarious time to write HACIENDA All the main characters appear Tony Wilson Barney Shaun Ryder and Hook tells it like it was a rollercoaster of success money confusion and true faith      **Television Across Europe** Jan Wieten,Graham Murdock,Peter Dahlgren,2000-12-11 A textbook with 13 chapters by scholars writing from a Western European perspective

**The Idea of Nature in Disney Animation** David Whitley, 2016-03-03 In the second edition of The Idea of Nature in Disney Animation David Whitley updates his 2008 book to reflect recent developments in Disney and Disney Pixar animation such as the apocalyptic tale of earth s failed ecosystem WALL E As Whitley has shown and Disney s newest films continue to demonstrate the messages animated films convey about the natural world are of crucial importance to their child viewers Beginning with Snow White Whitley examines a wide range of Disney s feature animations in which images of wild nature are central to the narrative He challenges the notion that the sentimentality of the Disney aesthetic an oft criticized aspect of such films as Bambi The Jungle Book Pocahontas Beauty and the Beast and Finding Nemo necessarily prevents audiences from developing a critical awareness of contested environmental issues On the contrary even as the films communicate the central ideologies of the times in which they were produced they

also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.
