**Qualitative Inquiry and the Politics of Advocacy** Norman K Denzin, Michael D Giardina, 2016-06-16 The plenary volume from the Seventh International Congress of Qualitative Inquiry 2011 examines the politics of advocacy and the context in which scholars are encouraged to pursue social justice agendas be human rights advocates and do work that honors the core values of human dignity and freedom from fear and violence Contributions from many of the world's leading qualitative researchers in communications education sociology and related disciplines address topics including community research transformative education and researcher ethics and guide the field toward an engaged activist research agenda

**Marx, Lenin, and the Revolutionary Experience** Paul LeBlanc, 2014-06-03 Marx Lenin and the Revolutionary Experience offers a fresh look at Communism both the bad and good and also touches on anarchism Christian theory conservatism liberalism Marxism and more to argue for the enduring relevance of Karl Marx and V I Lenin as democratic revolutionaries It examines the Red Decade of the 1930s and the civil rights movement and the New Left of the 1960s in the United States as well Studying the past to grapple with issues of war and terrorism exploitation hunger ecological crisis and trends toward deadening de spiritualization the book shows how the revolutionaries of the past are still relevant to today's struggles It offers a clearly written and carefully reasoned thematic discussion of globalization Marxism Christianity and religion in general Communism the history of the USSR and US radical and social movements **The Cultural Front**

Michael Denning, 1998 As garment workers longshoremen autoworkers sharecroppers and clerks took to the streets striking and organizing unions in the midst of the Depression artists writers and filmmakers joined the insurgent social movement by creating a cultural front Disney cartoonists walked picket lines and Billie Holiday sang Strange Fruit at the left wing cabaret Caf Society Duke Ellington produced a radical musical Jump for Joy New York garment workers staged the legendary Broadway revue Pins and Needles and Orson Welles and his Mercury players took their labor operas and anti fascist Shakespeare to Hollywood and made Citizen Kane A major reassessment of US cultural history The Cultural Front is a vivid mural of this extraordinary upheaval which reshaped American culture in the twentieth century **Politics of Rightful**

**Killing** Sima Shakhsari, 2020-01-17 In the early 2000s mainstream international news outlets celebrated the growth of Weblogistan the online and real life transnational network of Iranian bloggers and depicted it as a liberatory site that gave voice to Iranians As Sima Shakhsari argues in Politics of Rightful Killing the common assumptions of Weblogistan as a site of civil society consensus and resistance to state oppression belie its deep internal conflicts While Weblogistan was an effective venue for some Iranians to practice democracy it served as a valuable site for the United States to surveil bloggers and express anti Iranian sentiment and policies At the same time bloggers used the network to self police and enforce gender and sexuality norms based on Western liberal values in ways that unwittingly undermined Weblogistan's claims of democratic participation In this way Weblogistan became a site of cybergovernmentality where biopolitical security regimes disciplined

and regulated populations Analyzing online and off line ethnography Shakhshari provides an account of digital citizenship that raises questions about the internet's relationship to political engagement militarism and democracy Culture and Politics NA NA,2019-06-12 Political culture is one of the central but most difficult concepts in political science Culture and Politics A Reader explores this concept by compiling previously published works that focus on the core themes of political culture research Concepts and Applications Culture and Globalization Popular Culture Civil Society and Social Capital Social Movements and Collective Identity Culture and Political Change and Culture and Rationality Each section includes general and article introductions as well as a suggested reading list Culture and Politics A Reader provides a handy resource for students and teachers at both the graduate and under graduate level *The Social Politics of Research Collaboration* Gabriele Griffin,Katarina Hamberg,Britta Lundgren,2013-06-07 The past two decades have seen an increasing emphasis on large and interdisciplinary research configurations such as research networks and centers of excellence including those in Social Sciences and Humanities research Little research has been undertaken however to understand how these new large research structures that are being called forth by research funders and research higher education institutions alike function socially and what the impact of operating within such structures is on those working within and those working with them Past writers have discussed the intra agentic operations of human researchers and the material laboratory environment in its broadest sense This volume is concerned with the social politics of research collaboration in relation to six key positions leaders of large research formations leaders of sub projects within large collaborations participant researchers junior and early career researchers advisory board members and those who look in from the outside such as researchers who are unfunded It explores the mostly unacknowledged but critical aspect of social structures in research discussing issues such as struggles over leadership styles the marginalization of researchers working cross disciplinarily power hierarchies and intellectual ownership and the silencing of dissent in research Dancing Modernism / Performing Politics Mark Franko,1995-08-22 almost every page offers provocative commentary on the aesthetics and politics of modern dance Signs an important step in the ineluctable dance by postmodern historians across a bridge that spans the gaps among disciplines between theory and practice and between present and past Theatre Journal This complex and important book needs to be read by anyone interested in dance history or the cultural politics of dance Dance Theatre Journal Mark Franko's Dancing Modernism Performing Politics is challenging groundbreaking insightful and I believe an important contribution to the field of dance scholarship Dance Research Journal A revisionary account of the evolution of modern dance in which Mark Franko calls for a historicization of aesthetics that considers the often ignored political dimension of expressive action Includes an appendix of articles of left wing dance theory which flourished during the 1930s The Politics of Gender and the Culture of Sexuality Ali A. Mazrui,2014-07-08 The Politics of Gender and the Culture of Sexuality outlines theories of gender within the intellectual paradigm of the triple heritage Islam Africanity and the West This book describes the impact of individual

contexts and politics on meanings attributed to the human body The Politics of Gender and the Culture of Sexuality explores how men and women relate to each other in monogamous and polygamous marriage race rivalries slavery miscegenation cultures of procreation family planning and the Islamic view of women s dignity vis vis the Western view of women s liberty In doing so the author and editor present a multifaceted and dynamic theoretical discourse of gender **People & Politics in Urban America** Robert W. Kweit,2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics "Craft, Community and the Material Culture of Place and Politics, 19th-20th Century " Janice Helland,2017-07-05 Craft practice has a rich history and remains vibrant sustaining communities while negotiating cultures within local or international contexts More than two centuries of industrialization have not extinguished handmade goods rather the broader force of industrialization has redefined and continues to define the context of creation deployment and use of craft objects With object study at the core this book brings together a collection of essays that address the past and present of craft production its use and meaning within a range of community settings from the Huron Wendat of colonial Quebec to the Girls Friendly Society of twentieth century England The making of handcrafted objects has and continues to flourish despite the powerful juggernaut of global industrialization whether inspired by a calculated refutation of industrial sameness an essential means to sustain a cultural community under threat or a rejection of the imposed definitions by a dominant culture The broader effects of urbanizing imperial and globalizing projects shape the multiple contexts of interaction and resistance that can define craft ventures through place and time By attending to the political histories of craft objects and their makers over the last few centuries these essays reveal the creative persistence of various hand mediums and the material debates they represented Identity Before Identity Politics Linda Nicholson,2008-11-20 In the late 1960s identity politics emerged on the political landscape and challenged prevailing ideas about social justice These politics brought forth a new attention to social identity an attention that continues to divide people today While previous studies have focused on the political movements of this period they have neglected the conceptual prehistory of this political turn Linda Nicholson s engaging book situates this critical moment in its historical framework analyzing the concepts and traditions of racial and gender identity that can be traced back to late eighteenth century Europe and America She examines how changing ideas about social identity over the last several centuries both helped and hindered successive social movements and explores the consequences of this historical legacy for the women s and black movements of the 1960s This insightful study will be of particular interest to students and scholars of political history identity politics and US history People and Politics in Urban America, Second Edition Robert W. Kweit,Mary G. Kweit,2013-11-26 First Published in 1998 Approximately 75 percent of Americans live in cities and surrounding suburbs and the characteristics of those cities inescapably affect the quality of their lives This book examines the extent to which these Americans use the political process to control the

characteristics of life in their metropolises In addition this second edition revision places great emphasis on the role of political leaders while recognising the interdependence between those leaders and various interests in the city

Antisemitism and the Politics of History Scott Ury, Guy Miron, Gai Miron, 2023-10-21 A ground breaking collection of essays regarding the history implementation and challenges of using antisemitism and related terms as tools for both historical analysis and public debate A unique sophisticated contribution to current debates in both the academic and the public realms regarding the nature and study of antisemitism today

**The Politics of Time** Peter Osborne, 2011-01-10 If Aristotle sought to understand time through change might we not reverse the procedure and seek to understand change through time Once we do this argues Peter Osborne it soon becomes clear that ideas such as avant garde modern postmodern and tradition which are usually only treated as markets for empirically discrete periods movements or styles are best understood as categories of historical totalization More specifically Osborne claims such ideas involve distinct temporalizations of history giving rise to conflicting politics of time His book begins with a consideration of the main aspects of modernity and develops through a series of critical engagements with the major twentieth century positions in the philosophy of history He concludes with a fascinating history of the avant garde intervention into the temporality of everyday life in surrealism the situationists and the work of Henri Lefebvre

*The Oxford Handbook of Qualitative Research* Patricia Leavy, 2014 The Oxford Handbook of Qualitative Research presents a comprehensive and student friendly overview of the field of qualitative research and is intended for students of all levels faculty and researchers across the social sciences It provides strong focus on methods instruction with coverage of theoretical approaches analysis writing evaluation and the politics of research

*Thinking While Black: Translating the Politics and Popular Culture of a Rebel Generation* Daniel McNeil, 2022-09-27 This uniquely interdisciplinary study of Black cultural critics Armond White and Paul Gilroy spans continents and decades of rebellion and revolution Drawing on an eclectic mix of archival research politics film theory and pop culture Daniel McNeil examines two of the most celebrated and controversial Black thinkers working today Thinking While Black takes us on a transatlantic journey through the radical movements that rocked against racism in 1970s Detroit and Birmingham the rhythms of everyday life in 1980s London and New York and the hype and hostility generated by Oscar winning films like 12 Years a Slave The lives and careers of White and Gilroy along with creative contemporaries of the post civil rights era such as Bob Marley Toni Morrison Stuart Hall and Pauline Kael should matter to anyone who craves deeper and fresher thinking about cultural industries racism nationalism belonging and identity

Culture and Politics from Puritanism to the Enlightenment Perez Zagorin, 1980-01-01

*South of the South* Raymond A. Mohl, 2020-10-15 A must read for anyone interested in the history of civil rights the roles and varied motivations of southern Jews in the movement the interaction of blacks and Jews the role of hate groups and the anti communist hysteria in silencing or harassing the forces of positive change and the specific place of Miami Miami Beach and Florida in the struggle Raymond Mohl s writing style is

dynamic and fully accessible for the lay as well as scholarly audience that I expect this work will attract Mark K Bauman

Atlanta Metropolitan College Using unusual and revealing primary materials from the careers of two remarkable Jewish women Raymond Mohl offers an original interpretation of the role of Jewish civil rights activists in promoting racial change in post World War II Miami He describes the city s political climate after the war as characterized by segregation aggressive anti Semitism and a powerful strain of cold war McCarthyism In this hostile environment the dynamic leadership of two northern newcomers Matilda Bobbi Graff and Shirley M Zoloth played a critical role in the city s campaign for racial reform Working with the Miami chapter of the Civil Rights Congress established in 1948 Graff was instrumental in the organization s stand against the Ku Klux Klan its protests against lynchings and police brutality and its work with Florida s black civil rights leaders such as Harry T Moore With the Miami Congress of Racial Equality Zoloth helped to launch a lunch counter sit in campaign a year before the more famous student sit ins of 1960 that ultimately resulted in the desegregation of downtown public accommodations This analysis of the movement between 1945 and 1960 substantiates a new but now dominant interpretation of civil rights history that sees grassroots action as the powerful engine that drove racial change It emphasizes the major role played by women in the cause and documents the variety of civil rights experiences of Jews who migrated to Miami in large numbers during the mid century decades Committed to social justice they built activist organizations challenged segregationists and anti Semites and worked with black activists to break down Jim Crow barriers Original documents written by both women including Graff s autobiographical memoir demonstrate a level of Jewish activism especially by women that was unique for the time and place the postwar American South Their own words vividly describe fear harassment family and community pressures government intrigue and individual betrayal As Mohl s groundbreaking history illustrates the perseverance of these women and their small band of supporters is a testament to their strength and an inspiration for continued reform in America Raymond A Mohl professor of history at the University of Alabama Birmingham is the editor of *Searching for the Sunbelt Historical Perspectives on a Region* and the coeditor of *The New African American Urban History and Urban Policy in Twentieth Century America*

*The Politics of Heritage Tourism in China* Xiaobo Su, Peggy Teo, 2009-09-11 The book unravels the politics surrounding the hegemonic project of tourism development through the example of Lijiang Ancient Town a mature destination that has been used by the Chinese state as exemplary policy making The authors examine the dialectical relationships between global and domestic capital the state tourists and locals as they collude collaborate and contest one another to ready Lijiang for tourist consumption

**The Culture of Politics in Modern Kenya** Angelique Haugerud, 1997-05-13 Once the major success story of a troubled continent by the early 1990s Kenya came to be regarded as its fallen star This book challenges such images of reversal and the analytical polarities which sustain them The analysis ranges from telescopic to microscopic fields and combining many disciplines and perspectives to give a rich and varied picture of the culture of politics in twentieth century Kenya a highly

perceptive and interesting analysis deconstruction is not too strong a term of Kenya s politics A well researched documented and enlightening book African Affairs
